(2) The purpose of this section is to encourage owners of land to make land and water areas available to the public for recreational purposes by limiting their liability toward persons entering thereon for such purposes.

(3) Except as specifically recognized by or provided in subsection (6) ***of this section***, an owner of land owes no duty of care to keep the premises safe for entry or use by others for recreational purposes, or to give any warning of a dangerous condition, use, structure, or activity on ***the***[~~such~~] premises to persons entering for such purposes.

(4) Except as specifically recognized by or provided in subsection (6) ***of this section***, an owner of land who either directly or indirectly invites or permits without charge any person to use ***the***[~~such~~] property for recreation purposes does not thereby:

(a) Extend any assurance that the premises are safe for any purpose.

(b) Confer upon ***the***[~~such~~] person the legal status of an invitee or licensee to whom a duty of care is owed.

(c) Assume responsibility for or incur liability for any injury to person or property caused by an act or omission of ***those***[~~such~~] persons.

(a) For willful or malicious failure to guard or warn against a dangerous condition, use, structure, or activity.

(b) For injury suffered in any case where the owner of land charges the person or persons who enter or go on the land for the recreational use thereof, except that in the case of land leased to the state or a subdivision thereof, any consideration received by the owner for ***the***[~~such~~] lease shall not be deemed a charge within the meaning of this section.

(7) Nothing in this section shall be construed to:

(a) Create a duty of care or ground of liability for injury to persons or property.

(b) Relieve any person using the land of another for recreational purposes from any obligation which he may have in the absence of this section to exercise care in his use of ***the***[~~such~~] land and in his activities thereon, or from the legal consequences of failure to employ such care.

Section 16. KRS 150.460 is amended to read as follows:

(1) No person, firm or corporation, whether acting in a private or public capacity, shall place or cause to be placed in any

When any employee of a person, firm or corporation, in the course of his employment, places or causes to be placed any such substance in any public waters, his act shall be prima facie evidence of the guilt of both the employee and the employer, and either one (1) or both may be punished as provided in subsection ***(3)***[~~(7)~~] of KRS 150.990. Each day that this section is violated shall constitute a separate offense. This section does not apply to employees or agents of the department acting in an official capacity.

(2) No person shall use, or attempt to use any electrical device, fish-finding devices excepted, of any type, such as telephone, or electrical leads from a magneto, or battery, or motor, or any other type of electrical equipment, in any stream or body of water. (3) No person, except employees or agents of the department, shall willfully place or attempt to place in any of the public waters of the state any substance which has a poisonous or intoxicating effect upon wildlife.

(4) No person shall kill, injure, shock, or stun or attempt to kill, injure, shock, or stun any fishes by any explosive agent, firearm, or other device. This provision shall not apply to employees or agents of the department acting in an official capacity.

WHEREAS the Natural Resources and Environmental Cabinet has investigated more than 1,400 illegal dumps, issued more than 1,000 notices, and cleaned up more than 300 dumps since April 1997; and

WHEREAS these and other individual efforts can be enhanced through a statewide, coordinated cleanup week to beautify the entire Commonwealth;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The fourth week of March each year shall be "Commonwealth Cleanup" week, culminating with a statewide cleanup day on the Saturday of that week. This week shall provide an opportunity for Kentucky communities, in partnership with local, regional, and state entities, to clean and display the natural beauty of the Commonwealth.

Section 2. Local governments and private businesses shall be encouraged to participate in "Commonwealth Cleanup" week through developing, organizing, and implementing activities that highlight the natural beauty of their communities. They are encouraged to work in partnership with civic and volunteer organizations as well as corporate sponsors. Their goal shall be to consider the ways in which Kentucky's beauty enriches their daily living and underpins their economic vitality. Examples of "Commonwealth Cleanup" week activities include: encouraging local communities to offer prizes for those groups who collect the most litter; asking boat owners to volunteer their services to help remove litter from shorelines not easily reached by land; and setting up locations for recyclables.

Section 3. The Kentucky National Guard is encouraged to support this effort by providing logistical support across the Commonwealth to help clean up the sites too large for volunteer groups.

Section 4. The Natural Resources and Environmental Protection Cabinet shall promote "Commonwealth Cleanup" week by continuing to support those agencies and organizations wanting to clean up the environment. The support shall include providing technical assistance in assessing and understanding Kentucky's natural resources, coordinating contacts with other state and federal agencies that can assist with a project as appropriate, guiding local organizers to possible sources of funding to help implement a project as appropriate, overseeing a statewide campaign to publicize "Commonwealth Cleanup" week, and promoting those communities that have outstanding participation. This includes working in tandem with the Kentucky Department of Education to sponsor a statewide poster contest for children through the eighth grade.

Section 5. The month of March shall be designated as Environmental Education Month. During this time, state agencies involved in environmental education are encouraged to work with schools and communities to promote the environment and its preservation. Schools shall also be encouraged to sponsor cleanup or beautifying activities on their grounds during this month.

Section 6. The "Commonwealth Cleanup" week activities shall culminate with the Governor proclaiming the success of those communities, civic organizations, and corporate sponsors that excel in cleaning up where they live.

Section 7. The Natural Resources and Environmental Protection Cabinet shall report to the Legislative Research Commission by September 1, 1999, on the outcome of the first "Commonwealth Cleanup" week. The report may include suggestions for changes in the program.

SB 18, AN ACT relating to sewage disposal systems.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 211.350 is amended to read as follows:

(1) The cabinet shall regulate the construction, installation, or alteration of on-site sewage disposal systems except for systems that have a surface discharge.

(2) No person, firm, or corporation shall construct, install, alter, or cause to be constructed, installed, or altered, any on-site sewage disposal system subject to regulation by the cabinet without having first obtained an on-site sewage disposal permit from the ***local health department***~~[cabinet]~~. Nothing in this section shall be construed~~[as]~~ to deny a farmstead owner the right to obtain a permit. Except for farmstead owners on their own property, the construction, installation, or alteration shall be performed only by a person certified by the cabinet pursuant to KRS 211.357.

(3) No person, firm, or corporation shall use or continue to use or permit the use or continued use of any on-site sewage disposal system that is constructed, installed, or altered under an on-site sewage disposal permit if the cabinet ***or local***

health department through a duly-authorized inspector, employee, or agent finds that the system was not constructed, installed, or altered in conformance with the permit and regulations issued by the cabinet.

(4) ***No certified electrical inspector acting under authority of KRS 227.491 shall issue the certificates of approval of temporary or permanent electrical wiring unless the inspector has in his or her possession a notice of release as described in paragraphs (a) and (b) of this subsection. The inspector shall record the number of the notice of release on the certificate of approval. The person requesting approval of electrical wiring shall be responsible for obtaining the release from the local health department and providing it to the electrical inspector. This requirement shall only apply to dwellings, mobile homes, manufactured housing, buildings, or other structures that are constructed or installed after the effective date of this Act. This requirement shall not apply to structures that do not have sewage waste fixtures or to those that are connected to a sewage waste disposal system approved by the Natural Resources and Environmental Protection Cabinet. Nothing in this section shall be construed to deny the continued use of any electrical service connected to wiring approved prior to the effective date of this Act.***

(a) An initial notice of release to allow temporary electrical power for construction shall be issued to the property owner or owner's agent by the local health department upon the application for a site evaluation.

(b) A final notice of release to allow for permanent electrical power shall be issued to the property owner or owner's agent by the local health department upon approval of an on-site sewage disposal plan.

(c) This section shall not apply to any county that has adopted the Uniform State Building Code and has and enforces on-site sewage disposal permitting.

(5) All applications for on-site sewage disposal permits shall be accompanied by plans and specifications for the proposed system, including results of soils tests and other information as directed by the cabinet by regulation. Any action to deny an application shall be subject to appeal, and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B.

(6)~~[(5)]~~ The cabinet shall fix a schedule of fees for the functions performed by the cabinet relating to the regulation of on-site sewage disposal systems. The fees shall be designed to fully cover the cost of the service performed but shall not exceed the cost of the service performed. Fees payable to the cabinet shall be paid into the State Treasury and credited to a trust and agency fund to be used by the cabinet in carrying out its responsibilities relating to the regulation of on-site sewage disposal systems. No part of the fund shall revert to the general fund of the Commonwealth.

(7)~~[(6)]~~ Any regulation relating to on-site sewage disposal that is in effect on July 15, 1992, shall remain in effect until altered by the secretary. The secretary may issue additional regulations necessary to carry out the purposes of this section.

(8)~~[(7)]~~ Nothing in this section shall authorize or allow the cabinet to inspect or take enforcement action against on-site sewage disposal systems installed on farmsteads prior to July 15, 1992, or modifications to those systems unless the actions are determined in writing by the cabinet, upon a written, verified complaint, to be necessary to prevent imminent harm or damage to the safety, life, or health of a person. In this instance, the cabinet shall deliver to the landowner a copy of the written determination and the verified complaint prior to the commencement of the inspection or enforcement action.

Section 2. KRS 211.981 is amended to read as follows:

(1) All sewage or sewage sludge hauled pursuant to the provisions of KRS 211.970 to 211.982 shall be disposed of ***by landspreading at an approved site or*** in a publicly-owned sewage treatment plant, unless it is demonstrated to the satisfaction of the cabinet that a publicly-owned sewage treatment plant does not exist within a reasonable hauling distance from the site at which the sewage or sewage sludge is received, or the publicly-owned sewage treatment plant refuses to accept the sewage or sewage sludge.

(2) If the cabinet determines that no publicly-owned sewage treatment plant is available for use by a licensed hauler, the cabinet may approve an alternative mode of disposal including, but not limited to, landspreading. The cabinet shall promulgate administrative regulations pursuant to KRS Chapter 13A governing landspreading and other acceptable modes of disposal which insure:

(a) That no contamination threat is posed to surface waters from any run-off; and

(b) That all reasonable protection is afforded to prevent contamination of groundwater.

(3) Trenching of sewage and sewage sludge shall be prohibited except where specifically authorized by the cabinet.

SB 253, AN ACT relating to the designation of coal as the official mineral of Kentucky.

WHEREAS, since the first commercial mine opened in 1820 at McLean Drift Bank in western Kentucky, and since a young mountaineer, John Mayo, rode his horse across the eastern Kentucky mountains opening mines, coal, or "black gold" as he called it, has been the lifeblood for thousands of Kentuckians; and

WHEREAS, coal continues to be mined all across the Commonwealth, from Paradise down by the Green River in Muhlenberg County to Pigeon Roost in Martin County; and

WHEREAS, for the last half-century, Kentucky has led the nation in coal production, which has provided jobs, salaries, and economic wealth to thousands of Kentuckians; and

Whereas, more miners work in Kentucky than any other state, as some 25,000 miners earn their living "digging coal" in the Bluegrass State; and

WHEREAS, Kentucky native recording artists, such as Loretta Lynn and Dwight Yoakam, have recorded many songs, including "Coal Miner's Daughter" and "Coal Miner's Prayer," that connect coal to life in the Commonwealth; and

WHEREAS, carbide lanterns, mule-drawn carts, and coal shovels certainly are as symbolic of Kentucky life as tobacco barns, grazing horses, and bluegrass music, and coal has indeed been a major part of our state's identity, heritage and history;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

The appeal form shall instruct the employee to state whether he is a classified or unclassified employee, his full name, his appointing authority, work station address and telephone number, and, if he has retained counsel at the time he files an appeal, the name, address, and telephone number of his attorney;

(c) The form shall also instruct a classified employee to state the action he is appealing in a short, plain, concise statement of the facts. The form shall instruct an unclassified employee to make a short, plain, concise statement of the reason for the appeal and the cause given for his dismissal; and

(d) Upon receipt of the appeal by the board, the appointing authority and the Department of Personnel shall be notified and the board shall schedule a hearing.

(18) All administrative hearings conducted by the board shall be conducted in accordance with KRS Chapter 13B.

(19) (a) The board may deny a hearing to an employee who has failed to file an appeal within the time prescribed by this section; and to an unclassified employee who has failed to state the reasons for the appeal and the cause for which he has been dismissed. The board may deny any appeal after a preliminary hearing if it lacks jurisdiction to grant relief. The board shall notify the employee of its denial in writing and shall inform the employee of his right to appeal the denial under the provisions of KRS 18A.100;

(b) Any investigation by the board of any matter related to an appeal filed by an employee shall be conducted only upon notice to the employee, the employee's counsel, and the appointing authority. All parties to the appeal shall have access to information produced by the investigations and the information shall be presented at the hearing.

(20) Each appeal shall be decided individually, unless otherwise agreed by the parties and the board. The board shall not:

(a) Employ class action procedures; or

(b) Conduct test representative cases.

(21) Board members shall abstain from public comment about a pending or impending proceeding before the board. This shall not prohibit board members from making public statements in the course of their official duties or from explaining for public information the procedures of the board.

(22) An appeal to the board may be heard by the full board or one (1) or more of the following: Its executive director, its general counsel, any nonelected member of the board, or any hearing officer secured by the board pursuant to KRS 13B.030.

(23) (a) If the board finds that the action complained of was taken by the appointing authority in violation of laws prohibiting favor for, or discrimination against, or bias with respect to, his political or religious opinions or affiliations or ethnic origin, or in violation of laws prohibiting discrimination because of such individual's sex or age or disability, the appointing authority shall immediately reinstate the employee to his former position or a position of like status and pay, without loss of pay for the period of his penalization, or otherwise make the employee whole unless the order is stayed by the board or the court on appeal;

(b) If the board finds that the action complained of was taken without just cause, the board shall order the immediate reinstatement of the employee to his former position or a position of like status and pay, without loss of pay for the period of his penalization, or otherwise make the employee whole unless the order is stayed by the board or the court on appeal;

(c) If the board finds that the action taken by the appointing authority was excessive or erroneous in view of all the surrounding circumstances, the board shall direct the appointing authority to alter, modify, or rescind the disciplinary action;

(d) In all other cases, the board shall direct the appointing authority to rescind the action taken or otherwise grant specific relief or dismiss the appeal.

(24) If a final order of the board is appealed, a court shall award reasonable attorney fees to an employee who prevails by a final adjudication on the merits as provided by KRS 453.260. This award shall not include attorney fees attributable to

the hearing before the board.

(25) When any employee is dismissed and not ordered reinstated after the appeal, the board in its discretion may direct that his name be placed on an appropriate reemployment list for employment in any similar position other than the one from which he had been removed.

(26) After a final decision has been rendered by the board or court, an employee who prevails in his appeal shall be credited with the amount of leave time used for time spent at his hearing before the board or court. Employees who had an insufficient amount of leave time shall be credited with leave time equal to the amount of time spent at their hearings before the board or court.

(27) If the appointing authority appeals the final order of the board, unless the board rules otherwise, the reinstated employee shall remain in his former position, or a position of like status or pay, until the conclusion of the appeals process, at which time the appointing authority shall take action in accordance with the court order.

(28) For the purposes of subsections (3), (4), (5), (6), (7), and (8) of this section, the word "agency" means any agency not assigned to a cabinet for organizational purposes.

(29) Notwithstanding any other prescribed limitation of action, an employee that has been penalized, but has not received a written notice of his or her right to appeal as provided in this section, shall file his or her appeal with the Personnel Board within one (1) year from the date of the penalization or from the date that the employee reasonably should have known of the penalization.

(2) A voluntary assignment may not include or cover payments or portions of payments that are subject to offset on account of a defaulted or delinquent child support obligation, unless appropriate provision is made in the court order to satisfy the obligations giving rise to the offset.

(3) The Commonwealth of Kentucky, the Kentucky Lottery Corporation, and their respective officials and employees shall be discharged of all further liability upon payment of a prize pursuant to this section;

(4) The Kentucky Lottery Corporation may establish a reasonable fee to defray any administrative expenses associated with assignments made pursuant to this section, including the cost to the Commonwealth or the Kentucky Lottery Corporation of any processing fee that may be imposed by a private annuity provider. The fee amount shall reflect the direct and indirect costs associated with processing the assignments.

Section 2. KRS 154A.110 is amended to read as follows:

However, a holder of a pull-tab lottery ticket shall claim a prize within the time period and in the manner printed on the ticket. If a valid claim is not made for a prize within the applicable period, the prize shall constitute an unclaimed prize for purposes of subsection (3) of this section.

(f) No prize shall be paid upon a ticket purchased or sold in violation of this chapter. Any such prize shall constitute an unclaimed prize for purposes of subsection (3) of this section.

(3) Any unclaimed prize money shall be added to the pool from which future prizes are to be awarded or used for special prize promotions.

HB 887, AN ACT relating to tax administration.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.370 is amended to read as follows:

(1) There shall be a property valuation administrator in each county in lieu of a county assessor. Property valuation administrators shall be state officials and all deputies and assistants of their offices shall be unclassified state employees.

(2) Property valuation administrators shall be elected in the year in which county elections are held and shall enter upon the discharge of the duties of their office on the first Monday in December after their election and continue in office for a period of four (4) years, and until the election and qualification of their successors. Property valuation administrators shall possess the qualifications required by Section 100 of the Constitution and by KRS 132.380 and shall be eligible for reelection.

(3) The property valuation administrators and all deputies and assistants of their offices who qualify as full-time employees shall be eligible for participation in the provisions of KRS 18A.205, 18A.230 to 18A.355, and 61.510 to 61.705.

(4) A property valuation administrator may be removed from office by the Circuit Court of his county, upon petition of any taxpayer, or by the secretary of revenue for any of the following grounds: willful disobedience of any just or legal order of the cabinet, or for misfeasance or malfeasance in office or willful neglect in the discharge of his official duties, including but not limited to intentional underassessment or overassessment of properties and chronic underassessment of properties. For purposes of this section and KRS 134.385, "chronic underassessment" shall mean a widespread pattern and practice of assessing properties at levels substantially below fair market value which persists for a period of two (2) or more years as disclosed by randomly selected sample appraisals conducted under the provisions of KRS 133.250, special audits conducted pursuant to KRS 134.385, or other means.

(5) If the secretary determines that a property valuation administrator should be removed from office, the property valuation administrator shall be notified in writing, and the notice of intent to remove shall state the specific reasons for removal. The notice shall also advise the property valuation administrator of his right to a preremoval conference and an administrative hearing.

(6) A property valuation administrator may request a preremoval conference to appear with or without counsel before the secretary or his designee to answer the charges against him. The preremoval conference shall be requested in writing within six (6) working days of the date on which the notice of intent to remove is received, and a preremoval conference shall be scheduled within seven (7) working days of the date on which the request is received. The secretary or his designee shall render a decision within five (5) working days of the conclusion of the preremoval conference. Failure of a property valuation administrator to request a preremoval hearing shall not waive his right to contest his removal through an administrative hearing.

(7) If an action to remove a property valuation administrator is initiated by the secretary of revenue, the property valuation administrator shall have the right to appeal and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B. Appeal of the final order of the secretary of revenue may be filed in a Circuit Court of an adjacent judicial circuit in accordance with KRS Chapter 13B, notwithstanding the provisions of KRS Chapter 18A.

(8) If a property valuation administrator is removed from office as provided in subsections (4) to (7) of this section, he shall be ineligible to serve in the office at any future date and shall forfeit any and all certification from the Revenue Cabinet pertaining to the office.

SB 75, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.595 is amended to read as follows:

(1) Effective July 1, 1990, upon retirement at normal retirement date, or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) for the County Employees Retirement System and one and ninety-seven hundredths percent (1.97%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except that:

(a) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(b) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(c) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 regular session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(d) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(e) The annual retirement allowance for a member of the Kentucky employees retirement system or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) There shall be no reduction in the retirement allowance of the member who has thirty (30) or more years of service credit, at least fifteen (15) of which are current service but a member of the Kentucky Employees Retirement System or the County Employees Retirement System who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire with no reduction in the retirement allowance. A member who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education or the Higher Education Assistance Authority, may count the vested service toward attaining ***the necessary***[~~thirty (30)~~] years of service credit ***as provided in KRS 61.559(2)(c) and (d)*** to qualify for ***a***[~~an unreduced~~] retirement allowance. The credit from a Kentucky institution of higher education or the Higher Education Assistance Authority shall not be used ***toward the minimum fifteen (15) years of current service required by KRS 61.559(2)(c) and (d) or*** to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(c) There shall be no reduction in the retirement allowance of the member who has twenty-six (26) years of service, sixteen (16) of which are current consecutive years of service as a cabinet secretary or administrative head of one (1) of the three (3) branches of government who has retired under the provisions of KRS 61.559(2)(e).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is one dollar ($1) greater or less than the amount of the initial retirement payment.

Section 1. KRS 61.595 is amended to read as follows:

(1) Effective July 1, 1990, upon retirement at normal retirement date, or subsequent thereto, a member may receive an

annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) for the County Employees Retirement System and one and ninety-seven hundredths percent (1.97%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except that:

(a) ***Effective February 1, 1999, a member of the Kentucky Employees Retirement System who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) of final compensation multiplied by the number of years of service credit. Any Kentucky Employees Retirement System member whose effective date of retirement is between February 1, 1999, and January 31, 2009, and who has at least twenty (20) years of service credit in one of the state-administered retirement systems and who was participating in one of the state-administered retirement systems as of January 1, 1998, and continues to participate through January 1, 1999, shall receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) of final compensation multiplied by the number of years of service credit. Notwithstanding the provisions of KRS 61.565, the funding for this paragraph shall be provided from existing funds of the retirement allowance account.***

(b) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(c)[~~(b)~~]The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(d)[~~(c)~~]Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 regular session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(e)[~~(d)~~]The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(f)[~~(e)~~] The annual retirement allowance for a member of the Kentucky employees retirement system or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) There shall be no reduction in the retirement allowance of the member who has thirty (30) or more years of service credit, at least fifteen (15) of which are current service but a member of the Kentucky Employees Retirement System or the County Employees Retirement System who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire with no reduction in the retirement allowance. A member who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education or the Higher Education Assistance Authority, may count the vested service toward attaining thirty (30) years of service credit to qualify for an unreduced retirement allowance. The credit from a Kentucky institution of higher education or the Higher Education Assistance Authority shall not be used to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(c) There shall be no reduction in the retirement allowance of the member who has twenty-six (26) years of service, sixteen (16) of which are current consecutive years of service as a cabinet secretary or administrative head of one

(1) of the three (3) branches of government who has retired under the provisions of KRS 61.559(2)(e).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is one dollar ($1) greater or less than the amount of the initial retirement payment.

Section 2. KRS 61.705 is amended to read as follows:

(1) Upon the death of a retired member of the Kentucky Employees Retirement System, County Employees Retirement System, or State Police Retirement System who had a minimum of forty-eight (48) months of service, a death benefit of *five*[~~two~~] thousand[~~ five hundred~~] dollars *($5,000)*[~~($2,500)~~] shall be paid. Application for the death benefit made to the Kentucky Retirement Systems shall include acceptable evidence of death and of the eligibility of the applicant to act on the deceased retired member's behalf.

(2) The death benefit shall be paid to a beneficiary named by the retired member. Upon retirement or any time thereafter, the retired member may designate on the form prescribed by the board, death benefit designation, an individual, his estate, a trust or trustee as the beneficiary of the death benefit. The beneficiary for the death benefit may or may not be the same beneficiary designated in accordance with KRS 61.590(1). If the beneficiary designated under this section dies prior to the member, the retired member's estate shall become the beneficiary, unless the retired member has filed a subsequent death benefit designation.

It is the intent of the General Assembly that the universities participating in the Regional Postsecondary Education Centers (Central - Western Kentucky University; Northeast - Morehead State University; South - Western Kentucky University; Southeast - Eastern Kentucky University; and West - Murray State University) funded through the Physical Facilities Trust Fund and the Technology Initiative Trust Fund shall analyze student and community needs within their regional service areas to determine the most appropriate facilities to meet the academic and student program needs of the region. Each university shall receive approval from the Council on Postsecondary Education regarding the use of the Postsecondary Education Centers to meet the education and facility needs of their respective regions. It is the intent of the General Assembly that the Council on Postsecondary Education encourage each of the universities identified above to examine opportunities for collaboration in the planning, design, and utilization of the facilities in conjunction with the Kentucky Community and Technical College System.

The Postsecondary Education Improvement Act of 1997 fundamentally changed the funding mechanism for the postsecondary enterprise in the Commonwealth of Kentucky. In recognition that the limited time between the enactment of the Postsecondary Education Improvement Act of 1997 and the commencement of the 1998-2000 biennial budget process did not allow for sufficient time for the full consideration of programs not incorporated in the trust funds recommendation, the above General Fund appropriation for the Council on Postsecondary Education includes the following program items. Included in the above General Fund appropriation is $450,000 in fiscal year 1999-2000 to support a full complement of faculty and operational costs associated with the University of Kentucky College of Engineering's implementation of undergraduate engineering programs in Paducah. Included in the above General Fund appropriation is $182,600 in each fiscal year to expand the services of the Labor Management Center at the University of Louisville's College of Business and Public Administration. Included in the above General Fund appropriation is $180,000 in fiscal year 1998-99 and $349,900 in fiscal year 1999-2000 to expand the University of Louisville's Family Residency Program in Glasgow. Included in the above General Fund appropriation is $30,000 in fiscal year 1998-99 for an analysis of student demand and the feasibility of a collaborative social work program at the University of Louisville with one or more institutions in the Louisville metropolitan area. This study will identify funding sources if such a program is deemed appropriate.

Included in the above General Fund appropriation is $125,000 in fiscal year 1998-99 and $180,000 in fiscal year 1999-2000 to be distributed to Murray State University for the purpose of making lease purchase payments on the Crisp Center.

Included in the above General Fund appropriation is $2,396,500 in fiscal year 1998-99 and $2,504,500 in fiscal year 1999-2000 for the Experimental Program to Stimulate Competitive Research.

CAPITAL PROJECTS BUDGET PROVISIONS

1. All appropriations to existing line-item capital construction projects expire on June 30, 1998, unless reauthorized in this Act with the following exceptions: (1) a construction contract for the project shall have been awarded by June 30, 1998; (2) permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds; (3) grant or loan agreements, if applicable, have been finalized and properly signed by all necessary parties. Notwithstanding the criteria set forth in this section, the disposition of 1996-98 appropriated major maintenance pools shall remain subject to the provisions of KRS 45.770(4)(c) and (d). Purchases of major items of equipment require reauthorization if a purchase order has not been executed by June 30, 1998.

2. Bond projects authorized for the first time in this section which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium so that preliminary work on the projects may proceed. However, debt service has been included beginning in fiscal year 1999-2000. Therefore, the sale of any permanent bonds to finance these projects shall occur after January 1, 1999.

3. If any authorized capital construction or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund.

4. Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties may be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations. Notwithstanding the provisions of KRS 48.720, KRS 48.010, or any section of this Act, the first $1,500,000 of any General Fund excess investment income in fiscal year 1998-99 and fiscal year 1999-2000, respectively, is credited to the General Fund if determined to be excess to the General Fund appropriation needed for the payment of debt service as a direct result of the application of investment income earned on bond proceeds to debt service payments. Any funds above this amount shall be credited to the Deferred Maintenance Pool Account each year. Unneeded debt service resulting due to any other circumstance shall lapse in accordance with KRS 48.720, KRS 48.010, and other provisions of this Act.

5. Investment income earned from funds credited to the Technology Trust Fund account in the Finance and Administration Cabinet shall accrue to the Capital Construction Investment Income account effective July 1, 1998.

6. The Council on Postsecondary Education subheading in this Part includes a project entitled "Agency Bond Pool." For the Agency Bond Pool, $35,000,000 in projects is authorized to be funded from Restricted Funds-supported bonds. This pool provides funding for individual projects to be recommended by the Council on Postsecondary Education to the Secretary of the Finance and Administration Cabinet from the project listings previously identified and recommended by the Council for funding in the 1998-2000 biennium.

The provisions of KRS 45.750 to 45.816 notwithstanding, capital construction projects at institutions of higher education involving no state or federal funds may be authorized between regular sessions of the General Assembly if the projects receive prior approval from both the Council on Postsecondary Education and the Secretary of the Finance and Administration Cabinet, and the Capital Projects and Bond Oversight Committee receives prior notification.

7. Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440 to 56.590. In addition to the terms and conditions of KRS 154.12-100, administration of the Economic Development Bond program by the Secretary of the Cabinet for Economic Development is subject to the following guideline: project selection shall be documented when presented to the Secretary of the Finance and Administration Cabinet. Included in the documentation shall be the rationale for selection and expected economic development impact.

8. Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, amounts are appropriated for specific purposes to projects which are not individually identified in this Act in the following areas: Repair of State-Owned Dams, Land Acquisition, Economic Development projects, Infrastructure projects, Asbestos Abatement projects, Technology Trust Fund projects, systems, and initiatives authorized in Part X of this Act, and the Council on Postsecondary Education Agency Bond Pool. Any projects estimated to cost over $400,000 and equipment estimated to cost over $100,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction. Notwithstanding any provision in this Act, the first $1,500,000 available from invested income shall be credited to the General Fund.

9. If any authorized capital construction project is constructed within the city limits of Frankfort, funding for the project shall include an amount sufficient to meet fifty percent (50%) of the cost of correcting any drainage problems in the area surrounding the capital construction project.

PART III

GENERAL PROVISIONS

1. Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Funds, State Enterprise Funds (State Parks, State Fair Board, Industries for the Blind, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Computer Services, Central Stores, Telecommunications, Prison Industries, Central Printing, Risk Management and Property Management) and selected Fiduciary Funds (Unemployment Compensation and Other Expendable Trust). Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which include fees for board and room, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts or other Federal Funds received, income from investments and other miscellaneous federal receipts received by a budget unit, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 1998-99 or fiscal year 1999-2000, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400 to 48.800 and this Act, and with the authorization of the State Budget Director of the Governor's Office for Policy and Management and approval of the Secretary of the Finance and Administration Cabinet.

3. Except as otherwise provided in this Act, a budget unit may requisition for expenditure from its Restricted Funds accounts or Federal Funds accounts, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1999, and during the fiscal year ending June 30, 2000, all receipts placed to the credit of its funds accounts in each respective year, in addition to any balance which the budget unit may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet.

On or before the beginning of each fiscal year, and, if applicable, during each fiscal year, each budget unit shall document and submit to the Finance and Administration Cabinet, the Governor's Office for Policy and Management, and the

Legislative Research Commission a record of Restricted Funds and Federal Funds for each budget unit showing the most current estimates of receipts by sources and expenditures by uses, a comparative statement of any revised estimated receipts and proposed expenditures with appropriation sums specified in the enacted Budget of the Commonwealth, and statements which explain the cause, source, and use for a variance which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the FB 1998-2000 Branch Budget Request Manual and according to the following schedule in each fiscal year: (1) on or before the beginning of each fiscal year; (2) on or before October 1; (3) on or before January 1; and (4) on or before April 1.

4. Funds appropriated in this Act shall not be expended for any purpose not specifically authorized by the General Assembly in this Act nor shall funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency, or budget unit of state government unless specifically authorized by the General Assembly in this Act and the provisions of KRS 48.400 to 48.800. Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly, legislative and executive records, and the statutory budget memorandum.

6. Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds shall lapse to the General Fund or Road Fund Surplus Account respectively to the extent the Federal Funds otherwise become available.

7. A state agency entitled to Federal Funds which would represent one hundred percent (100%) of the cost of a program shall conform to KRS 48.730.

8. Pursuant to KRS 48.720, any excess General Fund or Road Fund debt service shall lapse to the respective surplus account.

9. No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use, and source, and the documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with KRS 48.630. Proposed revisions to an appropriation contained in the enacted State/Executive Budget or allotment of an unbudgeted appropriation shall conform to the conditions and procedures of KRS 48.630 and this Act.

Notwithstanding KRS 48.630(3), (4), and (5), any proposed and recommended actions to increase appropriations for funds specified in Section 3 of this Part shall be scheduled consistent with the timetable contained in that section in order to provide continuous and timely budget information.

10. Allotments within appropriated sums for the activities and purposes contained in the enacted State/Executive Budget shall conform to KRS 48.610 and may be revised pursuant to KRS 48.605 and this Act.

11. All statutory continuing appropriations in existence at the time this Act takes effect are discontinued and suspended by this Act except as provided by Chapters 42, 96A, 164, 183, 278, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this Section, to the extent of the conflict, are suspended, unless otherwise provided by this Act.

12. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made herebefore or hereafter for the fiscal year ending June 30, 1998, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act.

13. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which the appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500, and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

14. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within sixty (60) days upon adjournment of the 1998 Regular Session of the General Assembly, to publish a final enacted budget document, styled the Budget of the Commonwealth, based upon the recommended State/Executive Budget, Judicial Budget and Legislative Budget as enacted by the 1998 Regular Session of the General Assembly as well as other Acts which contain appropriation provisions for the 1998-2000 biennium, and based upon supporting documentation and legislative records as considered by the 1998 Regular Session of the General Assembly and the statutory budget memorandum. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and for the State/Executive Budget, any other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted State/Executive Budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each part of this Act and by KRS 48.400

to 48.800, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

15. Pursuant to KRS 48.400, the Secretary of the Finance and Administration Cabinet shall monitor and report on the financial condition of the Commonwealth.

16. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for prorating the administrative costs of the Finance and Administration Cabinet, the Department of Treasury, and the Office of the Attorney General relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate federal laws and regulations governing the programs. The receipts and allotments under this section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

17. The Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, if Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

18. Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless the executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 1998 Regular Session of the General Assembly. If any executive reorganization order issued from sine die adjournment of the 1996 Regular Session to sine die adjournment of the 1998 Regular Session is not confirmed by the 1998 Regular Session of the General Assembly, the Secretary of the Finance and Administration Cabinet shall, in consultation with agency heads and with notification to the Legislative Research Commission, transfer the balance of funds for any affected program or function for fiscal year 1997-98 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to the reorganization action or in which it was placed by action of the 1998 Regular Session of the General Assembly. The Legislative Research Commission shall forward the documentation to the appropriate committees.

19. Notwithstanding KRS 48.705(2), there shall be no General Fund surplus revenue receipts or unexpended balances of appropriations deposited in the budget reserve trust fund account for fiscal year 1998-99 or fiscal year 1999-2000 except as otherwise provided in this Act. Existing funds in the account in an amount specified in this Act may be used as provided otherwise in this Act or as designated in Part VI, General Fund Budget Reduction Plan, if General Fund receipts during fiscal year 1998-99 or fiscal year 1999-2000 are not sufficient to meet the level of General Fund appropriations included in biennial budget bills or any enactment by the 1998 General Assembly which contains an appropriation provision.

20. Notwithstanding KRS 61.565, the employer contribution rate for the Kentucky Employees Retirement System from July 1, 1998, through June 30, 2000, shall be no more than 8.03 percent for non-hazardous duty employees and 18.66 percent for hazardous duty employees; for the same period, the employer contribution for employees of the State Police Retirement System shall be no more than 23.41 percent.

21. By August 15, 1999, the Finance and Administration Cabinet, in conjunction with the Consensus Forecast Group, shall provide to each branch of government, pursuant to KRS 48.117, a budget planning report.

22. By October 15, 1999, the Finance and Administration Cabinet shall provide to each branch of government detailed estimates for the General Fund and Road Fund for the current and next two fiscal years of the revenue loss effected by tax expenditures. The Revenue Cabinet shall provide assistance and furnish data which is not restricted by KRS 131.190. "Tax expenditure" means an exemption, exclusion, or deduction from the base of a tax, a credit against the tax, a deferral of a tax, or a preferential tax rate. The estimates shall include for each tax expenditure the amount of revenue loss, a citation of the legal authority for the tax expenditure, the year in which it was enacted, and the tax year in which it became effective.

23. Any appropriation item and sum in this Act and in an appropriation provision in another act of the 1998 Regular Session which constitute a duplicate appropriation shall be governed by KRS 48.312.

24. KRS 48.313 shall control when a total or subtotal figure in this Act conflicts with the sum of the appropriations of which it consists.

25. Appropriation items and sums in this Act conform to KRS 48.311. If any section, any subsection, or any provision is found by a court of competent jurisdiction in a final, unappealable order to be invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions.

26. It is the intent of the General Assembly that the Executive Branch implement actions necessary to achieve cost savings as intended, authorized, and directed by 1996 Kentucky Acts, Chapter 380, Part X, by authorizing the Executive Branch, within the limitations provided for in this Act, to transfer General Fund appropriation amounts related to Technology Trust Fund savings from one budget unit to another budget unit solely within the Cabinets for Families and Children, Finance and Administration, Health Services, Justice, Natural Resources and Environmental Protection, Workforce Development, and the Department of Education. Any transfer of General Fund appropriation amounts related to Technology Trust Fund savings from one budget unit to another budget unit shall be made only within each specified Cabinet and the Department of Education and

shall be limited to the General Fund cost savings amounts identified in the 1998-2000 Executive Branch budget recommendation and executive records. The Secretary of any of the specified cabinets and the Commissioner of the Department of Education may submit requests to the State Budget Director of the Governor's Office for Policy and Management for the transfer of General Fund appropriation authority. Such requests shall specify the need for the transfer of General Fund appropriation authority and the manner in which such a transfer would better achieve the General Fund cost savings. Any transfers made under this provision for any of the cabinets identified above or the Department of Education shall result in no change to the total value of the General Fund cost savings amounts as identified in the 1998-2000 Executive Branch budget recommendation and executive records for the individual cabinets specified above or the Department of Education. Any transfer made under this provision shall be made pursuant to KRS 48.500 and shall be reported, in writing, to the Interim Joint Committee on Appropriations and Revenue.

27. It is the intent of the General Assembly that the Secretary of the Finance and Administration Cabinet, the Secretary of the Governor's Executive Cabinet, and the State Budget Director of the Governor's Office for Policy and Management shall implement actions for the Executive Branch necessary to achieve the General Fund cost savings intended and authorized by the 1996 Kentucky Acts, Chapter 380, Part X. The General Assembly hereby recognizes and ratifies the actions of the Secretary of the Finance and Administration Cabinet, upon recommendation of the State Budget Director of the Governor's Office for Policy and Management, revising the General Fund allotment schedule for fiscal year 1997-98 for purposes of making unavailable for expenditure General Fund allotments equal in value to the General Fund cost savings amounts identified in the 1998-2000 Executive Branch budget recommendation and executive records.

28. For fiscal year 1998-99 and fiscal year 1999-00, the first $6,000,000 of any unclaimed prize money held in the corporate operating account of the Kentucky Lottery Corporation shall be added to the pool from which future prizes are to be awarded or used for special prize promotions, and any amount in excess of $6,000,000 shall be transferred to the affordable housing trust fund established by KRS 198A.710.

PART IV

STATE SALARY/COMPENSATION AND EMPLOYMENT POLICY

1. Notwithstanding KRS 18A.010(2), for the 1998-2000 fiscal biennium, the total number of filled permanent positions in the agencies of the Executive Branch is limited to the number authorized in the enacted State/Executive Budget of the Commonwealth for the 1998-2000 fiscal biennium. The provisions of this section do not apply to the employees of the General Assembly, the Legislative Research Commission, or the Court of Justice.

2. On July 1, 1998, the Personnel Cabinet shall establish a record of budgeted permanent and other equivalent positions based upon the enacted State/Executive Budget of the Commonwealth and any adjustments authorized by provisions in this Act. The total number of filled and vacant positions of permanent and other equivalent employees shall not exceed the authorized complements pursuant to this section. When an agency head certifies that an emergency employment situation exists for a limited time within a fiscal year, the State Budget Director may approve, and the Secretary of Personnel may authorize, the employment of individuals in addition to the authorized complement for the duration of the limited time period so authorized within the fiscal year. A copy of records, certifications, and actions authorized in this section shall be provided to the Interim Joint Committee on Appropriations and Revenue on a monthly basis.

3. Pursuant to KRS 18A.355, an increment of five percent (5%) is provided in both fiscal year 1998-99 and fiscal year 1999-2000 on the base salary or wages of each eligible state employee on his anniversary date.

PART V

PART VI

GENERAL FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130 and 48.600, a General Fund Budget Reduction Plan is enacted for state government in the event of an actual or projected deficit in estimated General Fund revenue receipts of $6,169,065,000 in fiscal year 1998-99 and $6,469,702,000 in fiscal year 1999-2000 as modified by related Acts and actions of the General Assembly in an extraordinary or regular session. Direct services, obligations essential to the minimum level of constitutional functions, and other items that may be specified in this Act, are exempt from the requirements of this Plan. No budget revision action shall be taken by a branch head in excess of the actual or projected deficit.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary as well as take other measures which shall be consistent with the provisions of this Part and general branch budget bills.

In the event of a revenue shortfall under the provisions of KRS 48.120, General Fund budget reduction actions shall be implemented in the following sequence:

(1) The Local Government Economic Assistance and the Local Government Economic Development Funds shall be adjusted by the Secretary of the Finance and Administration Cabinet to equal revised estimates of receipts pursuant to KRS 42.4582 as modified by the provisions of this Act.

(2) Unappropriated funds available in the General Fund Surplus Account established in KRS 48.700 shall be applied toward the revenue shortfall.

(3) Transfers of excess unappropriated and unbudgeted Restricted Funds other than fiduciary funds shall be applied as determined by the head of each branch for its respective budget units.

(4) Excess General Fund appropriations derived from reduced debt service requirements pursuant to the provisions in this Act.

(5) Excess General Fund appropriations which accrue as a result of personnel vacancies and turnover, and reduced requirements for operating expenses, grants, and capital outlay shall be determined and applied by the heads of the executive, judicial, and legislative departments of state government for their respective branches. The branch heads shall certify the available amounts which shall be applied to budget units within the respective branches and shall promptly transmit the certification to the Secretary of the Finance and Administration Cabinet and the Legislative Research Commission. The Secretary of the Finance and Administration Cabinet shall execute the certified actions as transmitted by the branch heads.

Branch heads shall take care, by their respective actions, to protect, preserve, and advance the fundamental health, safety, legal and social welfare, and educational well-being of the citizens of the Commonwealth.

(6) Funds available in the Budget Reserve Trust Fund shall be applied in an amount not to exceed twenty-five percent (25%) of the trust fund balance in fiscal year 1998-99 and fifty percent (50%) of the trust fund balance in fiscal year 1999-2000.

(7) If the actions contained in subsections (1) through (6) of this section are insufficient to eliminate the revenue shortfall up to five percent (5%) of the enacted General Fund revenue receipts, then the Governor is empowered and directed to take necessary actions with respect to the Executive Branch budget units to balance the budget by such actions conforming with the criteria expressed in the preceding subsection and subject to the limit imposed under KRS 48.130 and 48.600.

PART VII

ROAD FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130, there is established a Road Fund Budget Reduction Plan for fiscal year 1998-99 and fiscal year 1999-2000. In the event of an actual or projected deficit in Road Fund revenue receipts of five percent (5%) or less than the revenue estimates of $1,021,407,900 in fiscal year 1998-99 and $1,062,707,300 in fiscal year 1999-2000 as determined under KRS 48.120(3), the Governor shall implement sufficient reductions as may be required to protect the highest possible level of service in accordance with KRS 48.130. No budget revision action shall be taken in excess of the actual or projected deficit.

PART VIII

ROAD FUND SURPLUS EXPENDITURE PLAN

Notwithstanding KRS 48.140 and pursuant to KRS 48.710, there is established a plan of the expenditure from Road Fund Surplus Account in excess of $9,709,800 in fiscal year 1997-98 and $10,704,700 in fiscal year 1998-99 as provided in the enacted Road Fund budget. This Road Fund Surplus Expenditure Plan provides for additional moneys for nonrecurring expenditures for which an appropriation was not made in this Act, or for a program or service authorized by law for which an appropriation was not made or which program was not fully funded.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of fiscal year 1997-98 and fiscal year 1998-99, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess Road Fund tax receipts available for expenditure through this Road Fund Surplus Expenditure Plan. The amount of excess receipts available shall be determined after all allocations required by statutory Road Fund revenue sharing programs have been adjusted pursuant to the applicable statutes. The Secretary of the Finance and Administration Cabinet shall communicate this information to the Secretary of the Transportation Cabinet in a timely manner.

The Secretary of the Transportation Cabinet is authorized to expend these excess tax receipts, up to the amount reported by the Secretary of the Finance and Administration Cabinet, in the State Construction program and are appropriated for this purpose.

PART IX

SPECIAL PROVISIONS

GOVERNMENT OPERATION

1. ATTORNEY GENERAL

a. Legal Services Contracts: The Attorney General shall present proposals to state agencies specifying legal work that is presently accomplished through Personal Service Contracts that indicate the Office of the Attorney General's capacity to perform the work at a lesser cost. State agencies shall agree to make arrangements with the Attorney General to perform the legal work and compensate the Attorney General for the legal services. Immediately upon the time of the agreement, twenty-five percent (25%) of the estimated total cost of the agreed cost of legal services shall be credited to a restricted fund account out of which expenditures may be made. Over the balance of the terms of the agreement, quarterly installments shall be credited to the account. The final quarterly payment shall be made within thirty (30) days of the completion of the legal agreement. A copy of the legal services agreement and financial terms shall be provided to the Finance and Administration Cabinet. The Finance and Administration Cabinet shall execute the financial arrangements as provided under this section, notwithstanding any other provision of the Kentucky Revised Statutes. State agencies shall submit any proposals for legal services to the Office of the Attorney General to determine if the legal services can be performed by the Attorney General.

If the Attorney General determines that the provisions in this section require additional staff positions, the Personnel Cabinet and the Governor's Office of Policy and Management shall take timely action to enable the Attorney General to recruit and employ the personnel the Attorney General has determined as necessary. Actions taken under the terms of this section shall be reviewed by the Interim Joint Committee on Appropriations and Revenue as provided in this Act.

b. Deputy and Assistant Attorneys General Salaries: Notwithstanding KRS 15.100, the Attorney General may set the salary for the deputy attorney general and the salary for the two (2) assistant deputy attorneys general at a rate less than that required in KRS 15.100.

c. Collectively, these four funds comprise the General Fund Surplus Expenditure Plan for fiscal years 1998-99 and 1999-2000.

2. The General Fund amount appropriated to the Surplus Expenditure Plan from the undesignated fund balance in the General Fund at the close of fiscal year 1997-98 and fiscal year 1998-99 respectively shall not exceed a total of $510,000,000 for fiscal years 1998-99 and 1999-2000 combined. In the event that the undesignated fund balance in the General Fund at the close of fiscal year 1997-98 and at the close of fiscal year 1998-99 totals less than $510,000,000, the amount available for appropriation for fiscal year 1998-99 and for fiscal year 1999-2000 pursuant to this section shall be the total undesignated fund balance amount at June 30, 1998, and at June 30, 1999, for the respective years. These amounts are hereby appropriated in fiscal year 1998-99 and in fiscal year 1999-2000, and shall be allocated in the following manner: 20.00 percent to the Budget Reserve Trust Fund, not to exceed $100,000,000; 17.36 percent to the State Technology Projects Fund, not to exceed $86,800,000; 17.46 percent to the School Technology Projects Fund, not to exceed $87,300,000; and 45.18 percent to the Statewide Infrastructure and Endowment Fund, not to exceed $236,000,000.

3. The Secretary of the Finance and Administration Cabinet shall determine, within thirty (30) days after the close of fiscal year 1997-98, and the close of fiscal year 1998-99, based on the official financial records of the Commonwealth, the amount of actual General Fund undesignated fund balance for the General Fund Surplus Account that may be available for expenditure pursuant to the Plan respectively in fiscal year 1998-99 and fiscal year 1999-2000.

The Secretary of the Finance and Administration Cabinet shall certify the amount of actual General Fund undesignated fund balance available for expenditure to the Legislative Research Commission.

Subsequent to June 30, 1998, funds that are certified as being available in the actual General Fund undesignated fund balance for the General Fund Surplus Account are appropriated for expenditure in fiscal year 1998-99 pursuant to the Plan.

Each Fund identified as part of the General Fund Surplus Expenditure Plan in this Part of this Act shall be appropriated its discrete percentage share of the total undesignated fund balance enumerated above. Project amounts are hereby appropriated in priority rank order for the individual funds set out above in this Part of this Act. Notwithstanding KRS 45.229, any funds appropriated pursuant to this Part of this Act in fiscal year 1998-99 shall not lapse, but shall carry forward and remain appropriated in fiscal year 1999-2000 in order to effectuate the terms of this Act.

4. To the extent that projects are enumerated in the priority ranking and sufficient General Fund moneys are not certified to be available for expenditure and appropriation in fiscal year 1998-99, the remaining projects in the same priority order set forth in this Part are appropriated from the actual General Fund undesignated fund balance for the General Fund Surplus Account effective July 1, 1999, for fiscal year 1999-2000.

Appropriations made to components of the Plan in fiscal year 1998-99 shall be continued in fiscal year 1999-2000.

12. Nothing in this Part shall be construed as modifying, suspending, or superseding the Model Procurement Code as

set forth in KRS Chapter 45A.

13. Nothing in this Part shall be construed as modifying, suspending, or superseding the provisions of KRS Chapter 18A on the merit system.

There are excluded from the computation of the amount of taxes imposed by this chapter:

(1) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property the gross receipts from the sale of which, or the storage, use, or other consumption of which, this state is prohibited from taxing under the Constitution or laws of the United States, or under the Constitution of this state;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

(3) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property used for the performance of a lump-sum, fixed-fee contract of public works executed prior to February 5, 1960;

(4) Gross receipts from occasional sales of tangible personal property and the storage, use, or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale;

(5) Gross receipts from sales of tangible personal property to a common carrier, shipped by the seller via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to ***fifty cents ($0.50)***[~~twenty-five cents ($0.25)~~] or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the cabinet. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities, or special districts as defined in KRS 65.005. This exemption shall apply only to purchases of property or services for use solely in the government function. A purchaser not qualifying as a governmental agency or unit shall not be entitled to the exemption even though the purchaser may be the recipient of public funds or grants;

(8) (a) Gross receipts from the sale of sewer services, water, and fuel to Kentucky residents for use in heating, water heating, cooking, lighting, and other residential uses. As used in this subsection, "fuel" shall include, but not be limited to, natural gas, electricity, fuel oil, bottled gas, coal, coke, and wood. Determinations of eligibility for the exemption shall be made by the Revenue Cabinet;

(b) In making the determinations of eligibility, the cabinet shall exempt from taxation all gross receipts derived from sales:

1. Classified as "residential" by a utility company as defined by applicable tariffs filed with and accepted by the Public Service Commission;

2. Classified as "residential" by a municipally-owned electric distributor which purchases its power at wholesale from the Tennessee Valley Authority;

3. Classified as "residential" by the governing body of a municipally-owned electric distributor which does not purchase its power from the Tennessee Valley Authority, if the "residential" classification is reasonably consistent with the definitions of "residential" contained in tariff filings accepted and approved by the Public Service Commission with respect to utilities which are subject to Public Service Commission regulation.

If the service is classified as residential, use other than for "residential" purposes by the customer shall not negate the exemption;

(c) The exemption shall not apply if charges for sewer service, water, and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and

(d) The exemption shall apply also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years;

(9) Any rate increase for school taxes and any other charges or surcharges added to the total amount of a residential telephone bill;

(10) Gross receipts from sales to an out-of-state agency, organization, or institution exempt from sales and use tax in its state of residence when that agency, organization, or institution gives proof of its tax-exempt status to the seller and the seller maintains a file of the proof;

(11) Gross receipts derived from the sale of, and the storage, use, or other consumption in this state of, tangible personal property to be used in the manufacturing or industrial processing of tangible personal property which will be for sale are not subject to the sales or use tax. The property shall be regarded as having been purchased for resale. For purposes of this subsection, a manufacturer or industrial processor includes an individual or business entity that performs only part of the manufacturing or industrial processing activity and the person or business entity need not take title to tangible personal property that is incorporated into, or becomes the product of, the activity.

(a) Industrial processing includes refining, extraction of petroleum and natural gas, mining, quarrying, fabricating, and industrial assembling. As defined herein, tangible personal property to be used in the manufacturing or industrial processing of tangible personal property which will be for sale shall mean:

1. Materials which enter into and become an ingredient or component part of the manufactured product.

2. Other tangible personal property which is directly used in manufacturing or industrial processing, if the property has a useful life of less than one (1) year. Specifically these items are categorized as follows:

a. Materials. This refers to the raw materials which become an ingredient or component part of supplies or industrial tools exempt under subdivisions b. and c. below.

b. Supplies. This category includes supplies such as lubricating and compounding oils, grease, machine waste, abrasives, chemicals, solvents, fluxes, anodes, filtering materials, fire brick, catalysts, dyes, refrigerants, explosives, etc. The supplies indicated above need not come in direct contact with a manufactured product to be exempt. "Supplies" does not include repair, replacement, or spare parts of any kind.

c. Industrial tools. This group is limited to hand tools such as jigs, dies, drills, cutters, rolls, reamers, chucks, saws, spray guns, etc., and to tools attached to a machine such as molds, grinding balls, grinding wheels, dies, bits, cutting blades, etc. Normally, for industrial tools to be considered directly used in manufacturing, they shall come into direct contact with the product being manufactured.

3. Materials and supplies that are not reusable in the same manufacturing process at the completion of a single manufacturing cycle, excluding repair, replacement, or spare parts of any kind. A single manufacturing cycle shall be considered to be the period elapsing from the time the raw materials enter

into the manufacturing process until the finished product emerges at the end of the manufacturing process.

(b) It shall be noted that in none of the three (3) categories is any exemption provided for repair, replacement, or spare parts. Repair, replacement, or spare parts shall not be considered to be materials, supplies, or industrial tools directly used in manufacturing or industrial processing. "Repair, replacement, or spare parts" shall have the same meaning as set forth in KRS 139.170; and

(12) Any water use fee paid or passed through to the Kentucky River Authority by facilities using water from the Kentucky River basin to the Kentucky River Authority in accordance with KRS 151.700 to 151.730 and administrative regulations promulgated by the authority.

HJR 89, A JOINT RESOLUTION creating a Task Force on Utility Tax Policy to direct a comprehensive study of the taxation of public service companies that supply utility service to citizens of the Commonwealth, and making an appropriation therefor.

WHEREAS, in recent years, federal law has directed public service companies to provide telecommunications services at retail in a competitive environment and has deregulated the sale of electricity and natural gas at wholesale; and

WHEREAS, other states have enacted legislation to restructure and deregulate electric and natural gas utilities to encourage competition among public service companies providing these utility services, and it is anticipated that similar legislation will be introduced in the Kentucky General Assembly; and

WHEREAS, Kentucky's current tax laws for public service companies were enacted under the assumption that utility services would be provided primarily by utilities operating as monopolies with prices set by cost of service rate regulation, and new technologies and the emerging competitive environments are creating new utility services and new types of public utility service providers, including marketers and those who resell services, that the current tax structure did not contemplate; and

WHEREAS, many local governments, local taxing districts, and school districts rely on state-administered tax programs for as much as half of their annual revenues; and

WHEREAS, absent changes in the tax laws, competition among utilities is likely to have a significant impact on state and local tax revenues through tax avoidance by some new utility providers, decreased costs for utility services, and declining value of utility property; and

WHEREAS, different utility providers are being taxed differently causing the current tax structure to create competitive advantages and disadvantages and creating an unlevel playing field; and

WHEREAS, there is much criticism and debate over the current state and local tax structure, rate classification, and prevailing methods of taxation subjecting them to much controversy, protest, and frequent litigation; and

WHEREAS, all public service companies providing utility services to the citizens of the Commonwealth should contribute their fair share of taxes in support of governmental services required by the citizens of the Commonwealth;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. (1) There is hereby established a Task Force on Utility Tax Policy to direct a study during the 1998-2000 interim regarding the method by which public service companies that provide utility services are currently taxed by state and local governments. The task force shall recommend the methods of taxation for the future to ensure fair and equitable taxation of these companies, improve the efficiency of revenue collections, and simplify compliance with tax laws in a fair and equitable manner.

(2) (a) The task force shall consist of the following members:

1. Six (6) members of the Senate, to be selected by the President of the Senate;
2. Six (6) members of the House, to be selected by the Speaker of the House; and
3. Six (6) members appointed by the Governor.

(b) The co-chairs shall be named, one each, by the Legislative Research Commission and the Governor.

Section 2. The Office of Financial Management and Economic Analysis, Finance and Administration Cabinet, shall supply staff support to the task force with assistance from the Revenue Cabinet and the Public Service Commission as needed. The task force shall be authorized to contract for consultant services.

(1) An advisory group on telecommunications that may include one (1) or more representatives from the following:

    (f) Electric marketers;
    (g) Gas marketers;
    (h) The Public Service Commission; and
    (i) Any additional representation the co-chairs of the task force deem appropriate.

(3) An advisory group on local government utility revenue that may include one (1) or more representatives from the following:
    (a) Kentucky Association of Counties;
    (b) Kentucky League of Cities;
    (c) Kentucky County Judge/Executive Association;

(4) Members of the advisory group shall serve without compensation. The members of the advisory groups shall be selected by the co-chairs of the task force from lists provided by the respective industries or associations.

Section 4. The sum of three hundred thousand dollars ($300,000) to accomplish this study is hereby appropriated in fiscal year 1998-1999 from the general fund to the Public Service Commission. Any unexpended balance on June 30, 1999, shall be continued into fiscal year 1999-2000. Any amount remaining following the completion of the study shall revert to the general fund. The task force shall report its findings and recommendations, with enabling legislation, to the Governor and the Legislative Research Commission by December 1, 1999.

The employer may extend the payment schedule to a maximum of thirty (30) years. Payments made by the employer under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members. (2) The commissioner of the Department for Facilities Management, after consultation with the agency or agencies for whose use the space is sought, shall arrive at a request for proposals. The request for proposals shall include an evaluation sheet that states the relative weight of evaluation factors and that will be used by each voting member of the selection committee.

(3) In soliciting the interest of firms to lease real property, the department shall comply with the procedures, including newspaper advertisement procedures, established in subsection (5) of Section 10 of this Act.

(4) To respond to a newspaper advertisement, a firm, or its representative, shall respond on or before the time and date designated in the advertisement. Its response shall take the form of a one (1) page letter of interest, which shall provide its name and address.

(5) All written responses submitted on or before the time and date designated shall be opened at the same time, publicly read, and kept on file by the department. A firm that fails to meet the deadline shall be barred from the procurement process.

(6) The department shall mail a request for proposals to all firms that responded in time to the advertisement.

(7) After the requests for proposals have been mailed, but before written proposals are submitted, the commissioner, and the commissioner's staff, may hold any meetings, discussions, or negotiations that they deem appropriate, with the firms. If in the course of these communications, a person proposes terms and conditions of lease different from those contained in the state standard lease form that are determined in the Commonwealth's best interest to accept, but no mention of the acceptability thereof has been made in the request for proposals that was mailed out under subsection (6) of this section, each person to whom a request for proposals was mailed shall be advised by letter of the terms and conditions and shall be allowed to incorporate the terms and conditions in written proposals when submitted under subsection (9) of this section. These letters shall be kept on file.

The commissioner shall create a list of the firms that have done so and certify the list.

(11) The commissioner shall then review the proposals submitted by the firms on the certified list.

(a) If the commissioner determines that only one (1) potential lessor has submitted a responsive and responsible proposal, the commissioner, or the commissioner's designee, shall negotiate with the potential lessor based upon the evaluation factors set forth in the request for proposals. If the commissioner determines at the conclusion of negotiations that it is in the Commonwealth's best interest to award the lease to the lessor, the commissioner shall present the lease to the Capital Projects and Bond Oversight Committee for review, under subsection (2) of Section 7 of this Act, after the proposed lease is arrived at but before it is executed.

Section 10. KRS 56.803 is amended to read as follows:

(1) When an agency determines that it will need office or other space, the agency shall submit a request for the acquisition of the additional space to the Department for Facilities Management in the Finance and Administration Cabinet. Except in the case of an emergency as described at KRS 56.805(3), an agency shall submit its space request in writing to the department at least ninety (90) calendar days before the space requested will be required by the agency. In the case of an emergency, an agency shall communicate its space needs to the department pursuant to KRS 56.805(3) as soon as an agency knows that it will need the space. If the commissioner of the Department for Facilities Management determines that insufficient space has been allocated to the agency making the request and that it is appropriate to lease additional space for the agency making the request, he shall acquire the space required by lease as provided by KRS 56.800 to 56.823 and KRS 43.050, 48.111, and 48.190.

(2) The Department for Facilities Management shall review each agency space request to determine whether space suitable to meet the agency's reasonable needs may be available in a state-owned or occupied building. If it is determined that

there is suitable space available in a state-owned or occupied building, the commissioner shall notify the agency by letter. A copy of the letter shall be kept on file.

(3) If it is determined that there is no suitable space available in a state-owned or occupied building, the department shall comply with the procedures set forth in this section in the leasing of space, except as otherwise provided in KRS 56.800 to 58.823 and KRS 43.050, 48.111, and 48.190.

(4) The department shall draw up general requirement specifications for the space required. These general requirement specifications shall not be changed except, at the discretion of the commissioner, when the lease process is initiated again pursuant to paragraph (c) of subsection (15) of this section or pursuant to paragraph (b) of subsection (16) of this section. The general requirement specifications shall be kept on file.

(5) In soliciting the interest of lessors who have property to let in a county where space is sought, the department shall comply with procedures established in this subsection.

(a) The department shall place newspaper advertisements. Each advertisement shall contain general information concerning the agency requirements for the space sought to reasonably inform persons having property to let within the county of the type of space wanted, the general location of the property, and the number of square feet needed, and shall state the last time, date, and place that written responses shall be received. When it is anticipated that a lease may be negotiated containing deviations or variations from the terms and conditions of the state standard lease form prescribed by the Division of Real Properties, within the department, any deviations or variations shall be noted in the advertisement.

(b) If a daily newspaper is published, and of general circulation, in the county where the space is sought, an advertisement shall be published two (2) times in that newspaper.

(c) If there is not a daily newspaper published, and of general circulation, in the county where the space is sought, an advertisement shall be published one (1) time in a weekly newspaper published, and of general circulation, in the county where the space is sought and two (2) times in a daily newspaper not published, but of general circulation, in the county where space is sought.

(d) If neither a daily newspaper nor a weekly newspaper is published, and of general circulation, in the county where the space is sought, an advertisement shall be published two (2) times in a daily newspaper not published, but of general circulation, in the county where the space is sought, and a copy of the advertisement shall be posted in a conspicuous place in the county courthouse.

(e) If the Commonwealth intends to lease space in any county when the estimated annual rental charge will exceed ***seventy-five***[~~one hundred~~] thousand dollars ***($75,000)***[~~($100,000)~~], the requirements established in paragraphs (a), (b), (c), and (d) of this subsection shall be followed. In addition, advertisements shall be published two (2) times in at least two (2) daily newspapers having broad circulation within the Commonwealth, to be designated by the secretary of the Finance and Administration Cabinet.

(f) When an advertisement is published in a daily newspaper, the advertisement shall appear on any consecutive Monday and Tuesday.

(g) The Department for Facilities Management may use any means available to notify landlords that advertisements have been placed.

(6) To respond to a newspaper advertisement, a property owner, or his representative, shall respond in writing on or before the time and date designated in the advertisement and shall state in the writing the type and location of the property, the name and address of the property owner, and the date of availability of the property. The department shall deal only with individuals who have submitted written responses on or before the time and date designated in the advertisement.

(7) All written responses submitted on or before the time and date designated shall be opened at the same time, publicly read, and kept on file by the department.

(8) Within five (5) days of the opening of written responses submitted on or before the time and date designated, the department shall mail general requirement specifications to each person who submitted a written response on or before the time and date designated. The same general requirement specifications shall be mailed to each person.

(9) After the general requirement specifications have been mailed, except as provided in paragraph (a) of subsection (13) of this section, the commissioner, and department employees under his supervision, may negotiate with persons who submitted written responses on or before the time and date designated. If in the course of negotiations, a person proposes terms and conditions of lease different from those contained in the state standard lease form which are determined to be in the Commonwealth's best interest to accept, but no mention of the acceptability thereof has been made in the advertisement placed pursuant to subsection (5) of this section, all other persons who submitted written responses on or before the time and date designated shall be advised by letter of the terms and conditions and shall be allowed to incorporate the terms and conditions in written proposals when submitted pursuant to subsection (12) of this section. A copy of each of these letters shall be kept on file.

(10) After the general requirement specifications have been mailed, the department shall inspect each space proposed to be

leased to determine its suitability to the reasonable needs of the agency for whose use the property is sought. The owner of the property, or his representative, shall provide access to the property for such inspection. A report of the findings about each property inspected shall be submitted on a site evaluation form to the commissioner of the department. Completed site evaluation forms shall be kept on file.

(11) After the commissioner has reviewed the completed site evaluation forms, he shall send to each owner of property, or his representative, a letter informing the person of what would have to be done to bring the property up to general and specific requirement specifications. The commissioner's letter shall also invite each person to submit a written proposal on a form created by the Department for Facilities Management. A copy of the form shall be enclosed with each letter. A written proposal shall constitute a best and final offer. The department shall not consider a written proposal unless it is submitted on a department form on or before the time and date designated in the letter. A copy of each letter shall be kept on file.

(12) All written proposals submitted on or before the time and date designated shall be opened at the same time, publicly identified by the name of the property owner and the location of the property, and kept on file.

(13) Except pursuant to paragraph (b) of subsection (15) of this section, when the requirements of paragraph (a) of this subsection shall not apply, from the time that written proposals are opened until the awarding of a lease, the department:

(a) Shall not negotiate or agree to changes in the terms of written proposals except to correct technical errors;

(b) Shall log in all contacts between department employees and any person with an interest in the awarding of a lease. The log shall state the time, date, place, and a summary of the substance of each contact. Each log entry shall be signed by the department employee who was contacted. After the lease is awarded, the log shall be kept as a department record.

(14) (a) The commissioner shall assess the proposals, taking into account factors including, but not limited to: consultation with the head of the agency for whose use the space is sought; the location and accessibility of the property to the public; its condition and state of repair; its conformity with the requirements of occupational health and safety regulations; its conformity with applicable state fire, health, safety and sanitation requirements; the proposed rental rates; utility and janitorial costs; agency moving costs; and whether the property proposed is in substantial conformity with the advertised requirements and general and specific requirement specifications.

(b) The commissioner shall give preference to properties in areas which have received, within the previous five (5) year period, state community development funds for revitalization if properties are offered at a competitive rate and meet the provisions of paragraph (a) of this subsection.

(15) The commissioner, relying exclusively on his assessment made pursuant to subsection (14) of this section, shall:

(a) Choose the best proposal in the interest of the Commonwealth;

(b) Be permitted to negotiate with a potential lessor if he was the only responsive and responsible potential lessor who submitted a proposal; or

(c) Except as provided in paragraph (b) of this subsection, reject all proposals when none is in the Commonwealth's best interest to accept as assessed according to the factors stated in subsection (14) of this section and may, at his discretion, initiate the lease process again.

(16) (a) The commissioner shall award or decline to award a lease to the potential lessor who submitted the best proposal pursuant to paragraph (a) of subsection (15) of this section or who negotiated with the commissioner pursuant to paragraph (b) of subsection (15) of this section. However, the commissioner shall not award a lease to a potential lessor who negotiated with the commissioner pursuant to paragraph (b) of subsection (15) of this section if that potential lessor's proposal after negotiations was not in the Commonwealth's best interest to accept as assessed according to the factors stated in subsection (14) of this section, and the commissioner shall not award a lease to a person other than a potential lessor prescribed in this paragraph.

(b) If the commissioner declines to award a lease, he may, at his discretion, initiate the lease process again.

(17) The commissioner shall put in writing the justifications for his decisions made pursuant to subsections (15) and (16) of this section. This writing shall be kept on file.

(18) The department shall send to each person who submitted a written response on or before the time and date designated in the advertisement pursuant to subsection (6) of this section, but who was not awarded the lease, a letter stating the selected property to be leased, and that the person has a right to examine the leasing records relevant to the lease that was awarded. If the Capital Projects and Bond Oversight Committee, pursuant to KRS 56.823(2), will review the awarding of a lease, each letter shall state that fact. A copy of each of these letters shall be kept on file.

The board shall also arrange to provide health care coverage by health maintenance organizations, as defined in KRS 18A.225, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems, who are under age sixty-five (65), to be included in the state employees' group for hospital and medical insurance.

medical insurance as provided under this Section. The employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) (a) The premium required to provide hospital and medical benefits under this section shall be paid:

1. Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or otherwise;
2. Wholly or partly from funds contributed by the Kentucky Retirement Systems insurance fund;
3. Wholly or partly from funds contributed by another state-administered retirement system under a reciprocal arrangement, except that any portion of the premium paid from the Kentucky Retirement Systems insurance fund under a reciprocal agreement shall not exceed the amount that would be payable under this section if all the member's service were in one (1) of the systems administered by the Kentucky Retirement Systems; or
4. Partly from subparagraphs 1., 2., or 3. of this paragraph, except that any premium for hospital and medical insurance over the amount contributed by the Kentucky Retirement Systems insurance fund or another state-administered retirement system under a reciprocal agreement shall be paid by the recipient.

(b) The monthly contribution for hospital and medical insurance shall be one hundred dollars ($100) for retired members age fifty-five (55) to fifty-nine (59), one hundred twenty-five dollars ($125) for retired members age sixty (60) to sixty-four (64), and one hundred fifty dollars ($150) for retired members age sixty-five (65) and older. If the board provides for cross-referencing of insurance premiums, the employer's contribution for the working member or spouse shall be applied toward the premium, and the Kentucky Retirement Systems insurance fund shall pay the balance, not to exceed the monthly contribution.

(c) 1. The monthly contribution from the Kentucky Retirement Systems insurance fund as determined in paragraph (b) of this subsection shall be paid in full from the insurance fund for all recipients, other than a beneficiary or a dependent child receiving benefits, of a retirement allowance from any of the three (3) retirement systems administered by the Kentucky Retirement Systems, where the recipient is a retired former member of one (1) or more of the three (3) retirement systems and had two hundred and forty (240) months or more of service upon retirement.

2. If the recipient has less than two hundred forty (240) months of service but has at least one hundred eighty (180) months or service, seventy-five percent (75%) of the monthly contribution shall be paid from the insurance fund provided the recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method.

1. The Kentucky Retirement Systems shall compute the member's combined service, including service credit in another state-administered retirement plan, and calculate the portion of the member's premium to be paid by the insurance fund, according to the criteria established in paragraph (c) of this subsection. Each state-administered retirement plan annually shall pay to the insurance fund the percentage of the system's cost of the retiree's monthly contribution for single coverage for hospital and medical insurance which shall be equal to the percentage of the member's number of months of service in the other state-administered retirement plan divided by his total combined service. of trustees.

2. A member may not elect coverage for hospital and medical benefits under this subsection through more than one of the state-administered retirement plans.

A child shall be considered disabled if he has been determined to be eligible for Federal Social Security disability benefits.

(5) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax that might otherwise be required under KRS Chapter 136. HB 813, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.701 is amended to read as follows:

(1) There is hereby created and established a state fund to be known as "Kentucky Retirement Systems Insurance Fund."

(2) The fund is created for the purpose of providing a fund separate from the retirement funds and is to be used to provide fringe benefits to retired recipients and employees of employers participating in the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System, and to certain of their dependents or beneficiaries named in KRS 61.702~~[(4)]~~.

(3) The fund shall be administered by the board of trustees of the Kentucky Retirement Systems and the board shall manage the assets of the fund in the same manner in which it administers the retirement funds.

Section 2. KRS 61.702 is amended to read as follows:

(1) The board of trustees of Kentucky Retirement Systems shall arrange by appropriate contract or on a self-insured basis to provide a group hospital and medical insurance plan for present and future recipients of a retirement allowance from the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System. The board shall also arrange to provide health care coverage by health maintenance organizations, as defined in KRS 18A.225, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. Any person who chooses coverage by a health maintenance organization shall pay, by payroll deduction from the retirement allowance or by another method, the difference in premium between the cost of health maintenance organization coverage and the benefits to which he would be entitled under this section. The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems, who are under age sixty-five (65), to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status.

(2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall

contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) (a) The premium required to provide hospital and medical benefits under this section shall be paid in full from the insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement systems (not a beneficiary or dependent child receiving benefits) and had two hundred and forty (240) months or more of service upon retirement. Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred eighty (180) months of service but have at least one hundred twenty (120) months of service, fifty percent (50%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining fifty percent (50%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred twenty (120) months of service but have at least forty-eight (48) months of service, twenty-five percent (25%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining seventy-five percent (75%) by payroll deduction from his retirement allowance or by another method. Notwithstanding the foregoing provisions of this subsection, a State Police Retirement System member or a hazardous position employee, as defined in KRS 61.592, who becomes disabled in the line of duty, as defined in KRS 16.505(19), shall have his premium paid in full as if he had two hundred forty (240) months or more of service. Further, a State Police Retirement System member or a hazardous position employee as defined in KRS 61.592, who is killed in the line of duty, as defined in KRS 16.505(19), shall have the premium for the beneficiary, if the beneficiary is the member's spouse, and for each dependent child paid so long as they individually remain eligible for a monthly retirement benefit. "Months of service" as used in this section shall mean the total months of combined service used to determine benefits under any or all of the three (3) retirement systems, except service added to determine disability benefits shall not be counted as "months of service."

(b) For a member of the County Employees Retirement System, "months of service" shall include, in addition to service as described in paragraph (a) of this subsection, service for which benefits are eligible under KRS 21.345 to 21.510.

1. Upon request by a member, the Kentucky Retirement Systems shall compute the member's combined service, including service credit in the Judicial Retirement System, and calculate the portion of the member's premium to be paid by the County Employees Retirement System, according to the criteria established in paragraph (a) of this subsection. The Judicial Retirement Fund annually shall pay to the County Employees Retirement System the percentage of the system's cost of the retiree's hospital and medical premium which shall be equal to the percentage of the member's number of months of service in the Judicial Retirement System divided by his total combined service. The amounts paid by the Judicial Retirement Fund and the County Employees Retirement System shall not be more than one hundred percent (100%) of the single premium amount adopted by the respective boards of trustees or more than the maximum percentage payable under the program established under this section or KRS 21.427.

2. A member who elects hospital and medical benefits under this subsection shall lose any claim to insurance benefits under the Judicial Retirement Plan as described in KRS 21.427, and the election shall be irrevocable.

(4) Group rates under the hospital and medical insurance plan shall be made available to the spouse, dependents, and disabled children, regardless of the disabled child's age, of a recipient who is a former member or the beneficiary, if the premium for the spouse, dependent, disabled child, or beneficiary hospital and medical insurance is paid by payroll deduction from the retirement allowance or by another method. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits. The other provisions of this section notwithstanding, the insurance fund shall pay the same percentage of the premium for the spouse and dependents of a recipient who was a member of the General Assembly and is receiving a retirement allowance based on General Assembly service, of the Kentucky Employees Retirement System and determined to be in a hazardous position, of the County Employees Retirement System, and determined to be in a hazardous position or of the State Police Retirement System, or the beneficiary of the member, if the member designated only one (1) person as beneficiary, as the fund pays or paid for the member. The insurance fund shall continue the same level of coverage for a recipient who was a member of the County Employees Retirement System after the age of sixty-five (65) as before the age of sixty-five (65), if the recipient is not eligible for Medicare coverage. If the insurance fund provides coverage for the spouse or dependents or beneficiary of a former member of the County Employees Retirement System, the insurance fund shall continue the same level of coverage for the spouse or dependent or beneficiary after the age of sixty-five (65) as before the age of sixty-five (65), if the spouse or dependent or beneficiary is not eligible for Medicare coverage.

(5) ***After July 1, 1998, notwithstanding any other provision to the contrary, a member who holds a judicial office but did not elect to participate in the Judicial Retirement Plan and is participating instead in the Kentucky Employees Retirement System, the County Employees Retirement System, or the State Police Retirement System, as provided in KRS 61.680, and who has at least twenty (20) years of total service, one-half of which is in a judicial office, shall receive the same hospital and medical insurance benefits, including paid benefits for dependents, as provided to persons retiring under the provisions of KRS 21.427.***

(6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient. No commission shall be paid for hospital and medical insurance procured under authority of this section.

Real property owned by the corporation shall be exempt from all property taxation and special assessments of the state or political subdivisions thereof, but the corporation may agree to pay, in lieu of these taxes, such amounts as the corporation finds consistent with the cost to the state or political subdivision of supplying municipal services to the properties.

SECTION 12. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

HB 780, AN ACT relating to small business.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBCHAPTER 12 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds that:

(1) Small business is the backbone of our state's economy;

(2) Administrative rules promulgated by state agencies can have an unduly burdensome impact on the growth and vitality of small business;

(3) State agencies need to consult with the small business community when promulgating administrative regulations to better assess their impact and to consider alternatives that will ease the impact of administrative regulations on small business;

(4) Small businesses need to better utilize the administrative regulation review process to provide more input and to be aware of the impact of administrative regulations;

(5) An independent advisory council needs to consider the concerns of small businesses and make recommendations to adopt, amend, or repeal administrative regulations;

(6) An administrative body's interpretation or application of its administrative regulations may also have a disproportionately burdensome impact on a small business especially when the small business lacks the resources to contest an administrative body's interpretation or application of an administrative regulation that imposes a fine, citation, or penalty; and

(7) The state's business climate will be improved by assisting small businesses in challenging an administrative body's administrative regulations that carry penalty provisions by providing an opportunity for compliance without the assessment of monetary fines and providing a business defender to challenge citations and fines that may be unfairly or unnecessarily assessed against a small business.

SECTION 2. A NEW SECTION OF SUBCHAPTER 12 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 7 and Sections 8, 9, 10, and 11 of this Act:

(1) "Administrative body" means each state board, bureau, cabinet, commission, department, authority, officer, or other entity, except the General Assembly and the Court of Justice, authorized by law to promulgate administrative regulations;

(2) "Affected small businesses" or "affects small business" means any potential or actual requirement imposed upon a small business through an administrative body's proposed or adopted administrative regulation that will cause a direct and significant economic burden upon a small business, or that is directly related to the formation, operation, or expansion of a small business;

(3) "Adopted" means that an administrative regulation has become effective in accordance with the provisions of KRS Chapter 13A;

(4) "Promulgate" means that an administrative body has approved an administrative regulation for filing with the Legislative Research Commission in accordance with the provisions of KRS Chapter 13A; and

(5) "Small business" means a for-profit enterprise that meets the small business size standards as defined in Part 121 of Title 13 of the Code of Federal Regulations.

SECTION 3. A NEW SECTION OF SUBCHAPTER 12 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) There shall be established within and administratively attached to every cabinet or agency of the state whose administrative regulations affect small business activities an advisory committee on small business.

(2) The advisory committee shall consist of three (3) or more odd number of members appointed by the cabinet or agency and may advise more than one (1) department within the cabinet or agency. The cabinet or agency shall have the authority to appoint members to the advisory council and to fill any vacancies. The members shall serve on a volunteer basis for a period of no more than two (2) years and have experience or knowledge of the effect of regulation by those cabinets or agencies on the formation, operation, or expansion of a small business.

(3) No person shall serve on an advisory committee on small business and the Small Business Advisory Council concurrently.

SECTION 4. A NEW SECTION OF SUBCHAPTER 12 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) When an administrative body is proposing an administrative regulation that affects small business, it shall consult with the administratively attached departmental advisory committee on small business regarding any matter related to the proposed administrative regulation prior to complying with the requirements for promulgating administrative regulations provided in KRS Chapter 13A.

(2) Each administrative body shall develop its own internal management procedures for soliciting comments during the drafting of proposed administrative regulations from owners or officers of affected small businesses. The administrative body may develop creative procedures for the solicitation of comments from affected small business owners during the drafting or development of proposed administrative regulations.

(3) Administrative bodies may also consult any group or members of affected small businesses to formulate relevant language, develop criteria, and provide any other expertise to insure that the proposed administrative regulation will be drafted in a manner that will protect public health, welfare, and safety without placing an undue and significant burden upon small business.

SECTION 5. A NEW SECTION OF SUBCHAPTER 12 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) Any affected small business may file a written petition with the Small Business Advisory Council objecting to all or part of the administrative regulation affecting small business on any of the following grounds:

(a) The actual effect on small business is not reflected in, or significantly exceeds, the small business impact statement submitted prior to the promulgation of the administrative regulation;

(b) The small business impact statement does not consider new or significant economic information that reveals an undue impact on small business; or

(c) These impacts were not previously considered at the public hearing on the administrative regulation.

(2) For administrative regulations adopted prior to the effective date of this Act, an affected small business may file a written petition with the Small Business Advisory Council objecting to all or part of any administrative regulation affecting small business on any of the following grounds:

(a) The administrative regulation creates an undue barrier to the formation, operation, and expansion of small businesses in a manner that significantly outweighs its benefit to the public;

(b) The administrative regulation duplicates, overlaps, or conflicts with administrative regulations adopted by another administrative body or violates the substantive authority under which the administrative regulation was adopted; or

(c) The technology, economic conditions, or other relevant factors justifying the purpose for the administrative regulation have changed or no longer exist.

(3) Upon submission of the petition, the council shall forward the petition to the administrative body promulgating the administrative regulation. The administrative body shall promptly seek advice and counsel regarding the petition from the appropriate departmental advisory committee on small business. The administrative body shall determine whether or not the impact statement or the public hearing addressed the actual and significant impact on small business.

(4) The administrative body shall submit a written response of its determination to the Small Business Advisory Council within sixty (60) days after receipt of the petition.

(5) If the administrative body determines that the petition merits the promulgation, amendment, or repeal of an administrative regulation, it may initiate proceedings in accordance with KRS Chapter 13A.

(6) If the administrative body determines that the petition does not merit the promulgation, amendment, or repeal of an administrative regulation, any affected small business may seek a review of the decision by the Small Business Advisory Council. The council shall solicit testimony that will assist in its determination whether to recommend that the administrative body initiate proceedings in accordance with KRS Chapter 13A, and if so, what those proceedings should be.

(7) For administrative regulations adopted after the effective date of this Act, the council may base its recommendation made under subsection (6) of this section on any of the following reasons:

(a) The actual affect on small business was not reflected in, or significantly exceeded, the impact statement submitted prior to the adoption of the administrative regulation;

(b) The impact statement did not consider new or significant economic information that reveals an undue impact on small business; or

(c) These impacts were not previously considered at the public hearing on the administrative regulation.

(8) For administrative regulations adopted before the effective date of this Act, the council may base its recommendation made under subsection (6) of this section to the administrative body on any of the following

reasons:

- *(a) The administrative regulation creates an undue barrier to the formation, operation, and expansion of small businesses in the state in a manner that significantly outweighs its benefit to the public;*
- *(b) The administrative regulation duplicates, overlaps, or conflicts with administrative regulations adopted by another administrative body or violates the substantive authority under which the administrative regulation was adopted; and*
- *(c) The technology, economic conditions, or other relevant factors justifying the purpose for the administrative regulation have changed or no longer exist.*

(9) If the Small Business Advisory Council recommends that an administrative body initiate administrative regulation making proceedings for any reason provided in subsection (7) or (8) of this section, it shall submit an evaluation report and the administrative body's written response as provided in subsection (4) of this section to the legislature. The legislature may subsequently take action in response to the evaluation report and the administrative body's response as it finds appropriate.

SECTION 6. A NEW SECTION OF SUBCHAPTER 12 OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) Each administrative body having administrative regulations that affect small business in effect on the effective date of this Act, shall by June 30 of each odd numbered year, submit a list of those administrative regulations to the Small Business Advisory Council. The administrative body shall also submit a report describing the specific public purpose or interest for promulgating each administrative regulation and any other reasons to justify its continued implementation.

Upon consideration of any report submitted by an administrative body under this section and any public testimony, the Small Business Advisory Council shall submit an evaluation report to the legislature by October 1 of odd-numbered years. WHEREAS, state agencies need to consult with the small business community when promulgating administrative regulations to better assess their impact and to consider alternatives that will ease the impact of administrative regulations on small business; and

WHEREAS, small businesses need to better utilize the administrative regulation review process to provide more input and to be aware of the impact of administrative regulations; and

WHEREAS, an administrative body's interpretation or application of its administrative regulations may also have a disproportionately burdensome impact on a small business especially when the small business lacks the resources to contest an administrative body's interpretation or application of an administrative regulation that imposes a fine, citation, or penalty;

NOW, THEREFORE:

HB 911, AN ACT relating to economic development.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 154.22-040 is amended to read as follows:

(1) Each year the authority shall under its rural economic development assistance program, on the basis of the final unemployment figures calculated by the Department for Employment Services within the Cabinet for Workforce Development, determine which counties have had a countywide rate of unemployment exceeding the statewide unemployment rate of the Commonwealth in the most recent five (5) consecutive calendar years and shall certify those counties as qualified counties.

(2) The authority shall under its rural economic development assistance program designate those counties that do not meet the provisions of subsection (1) of this section but meet the criteria of counties with exceptional circumstances, and shall certify those counties as qualified counties. Criteria for designating a county with exceptional circumstances shall include:

(a) A sudden increase in county unemployment that is not temporary or seasonal in nature and that results from:

1. Plant closures or significant employee layoffs;

2. Natural disaster that causes the loss of businesses; or

3. Cancellation of major contracts resulting in unemployment; and

(b) A county unemployment figure, based on the average of six (6) consecutive months, that is more than two hundred percent (200%) of the state unemployment rate averaged over the same period, using monthly figures as released by the Department for Employment Services within the Cabinet for Workforce Development.

(3) If the authority determines that a county which has previously been certified as a qualified county no longer has an unemployment rate ***that meets the criteria of subsection (2) of this section***[~~above the state average~~], the authority shall decertify that county. The authority shall not finance any facilities in that county and an approved company shall not be eligible for the incentives offered by KRS 154.22-010 to 154.22-070 ***for those counties qualified pursuant to subsection (1) of this section,*** unless the financing agreements required herein are entered into by all parties prior to July 1 of the year following the calendar year in which the authority decertified that county ***and, for those counties qualified pursuant to subsection (2) of this section, unless the financing agreements required herein are entered into by all parties no later than eighteen (18) months following the month of decertification***.

(4)[~~(2)~~] The authority shall establish the procedures and standards for the determination and approval of eligible companies and their economic development projects by the promulgation of administrative regulations in accordance with KRS Chapter 13A. The criteria for approval of eligible companies and economic development projects shall include but not be limited to the creditworthiness of eligible companies; the number of new jobs to be provided by an economic development project to residents of the Commonwealth; and the likelihood of the economic success of the economic development project.

(5)[~~(3)~~] The economic development project shall involve a minimum investment of five hundred thousand dollars ($500,000) by the eligible company and shall result in the creation by the eligible company, within two (2) years from the date of the final approval authorizing the economic development project, of a minimum of fifteen (15) new full-time jobs at the site of the economic development project for Kentucky residents to be employed by the eligible company and to be held by persons subject to the personal income tax of the Commonwealth. The authority may extend this two (2) year period upon the written application of an eligible company requesting an extension. No economic development project which will result in the replacement of manufacturing facilities existing in the state shall be approved by the authority; however, the authority may approve an economic development project that:

(a) Rehabilitates a manufacturing facility:

1. Which has not been in operation for a period of ninety (90) or more consecutive days; or

2. The title to which is vested in other than the eligible company or an affiliate of the eligible company and that is sold or transferred pursuant to a foreclosure ordered by a court of competent jurisdiction or an order of a bankruptcy court of competent jurisdiction;

(b) Replaces a manufacturing facility existing in the Commonwealth:

1. The title to which shall have been taken under the exercise of the power of eminent domain, or the title to which shall be the subject of a nonappealable judgment granting the authority to exercise the power of eminent domain, in either event to the extent that normal operations cannot be resumed at the facility within twelve (12) months; or

2. Which has been damaged or destroyed by fire or other casualty to the extent that normal operations cannot be resumed at the facility within twelve (12) months; or

(c) Replaces an existing manufacturing facility located in the same qualified county, and the existing manufacturing facility to be replaced cannot be expanded due to the unavailability of real estate at or adjacent to the manufacturing facility to be replaced. Any economic development project satisfying the requirements of this subsection shall only be eligible for inducements to the extent of the expansion, and no inducements shall be available for the equivalent of the manufacturing facility to be replaced. No economic development project otherwise satisfying the requirements of this subsection shall be approved by the authority which results in a lease abandonment or lease termination by the approved company without the consent of the lessor.

(6)[~~(4)~~] With respect to each eligible company making an application to the authority for inducements, and with respect to the economic development project described in the application, the authority shall request materials and make inquiries of the applicant as necessary or appropriate. Upon review of the application and completion of initial inquiries, the authority may, by resolution, give its preliminary approval by designating an eligible company as a preliminarily approved company and authorizing the undertaking of the economic development project. After preliminary approval and completion by the eligible company of its bond, loan, or other financing and review thereof by the authority, the authority may by final approval designate an eligible company to be an approved company.

Section 2. KRS 154.22-050 is amended to read as follows:

The authority may enter into, with any approved company, a financing agreement with respect to its economic development project. Subject to the inclusion of the mandatory provisions set forth below, the terms and provisions of each financing agreement shall be determined by negotiations between the authority and the approved company.

(1) If an eligible company, at the time of submission of its application to the authority to become an approved company, requests the authority in writing to issue bonds on its behalf, then each financing agreement used in connection with the issuance of bonds by the authority shall include the following provisions:

(a) The term of a financing agreement shall not be less than the last maturity of the bonds issued with respect to the economic development project, except that the financing agreement may terminate upon the earlier redemption of all of the bonds issued with respect to the economic development project and, if the authority owns the economic development project, the authority may grant to the approved company or its affiliate an option to purchase, for the consideration the authority may approve, the economic development project from the authority upon the termination of the financing agreement. Nothing in this subsection shall limit the extension of the term of a financing agreement if there is a refunding of the correlative bonds or otherwise.

(b) All proceeds of any bonds incurred in connection with the economic development project shall be expended by the approved company within three (3) years from the date of the financing agreement. In the event that all proceeds of bonds incurred in connection with the economic development project are not fully expended within the three (3) year period, the amount of the authorized inducements shall automatically be reduced to and shall not be greater than the amount of proceeds actually expended by the approved company within the three (3) year period.

(c) The financing agreement shall specify that the annual obligations of the approved company pursuant to KRS 154.22-010 to 154.22-080 shall equal in each year the annual debt service for that year on the bonds issued with respect to the economic development project; and the approved company shall pay such obligation of the financing agreement to the trustee for bonds issued for the benefit of the approved company, at such time and in such amounts sufficient to amortize such bonds.

(d) 1. In consideration for financing agreement payment, the approved company may be permitted the following during the period of time not to exceed fifteen (15) years from the activation date in which the financing agreement is in effect, which period of time shall commence for purposes of the following upon the date of the financing agreement.

a. A one hundred percent (100%) credit against the Kentucky income tax that otherwise would be owed in the year, as determined under KRS 141.347, to the Commonwealth by the approved company on the income of the approved company generated by or arising out of the economic development project, the credit not to exceed the total debt service paid under the respective financing agreement; plus

b. The aggregate assessment withheld by the approved company in each year.

2. The income tax credited to the approved company referred to herein shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments as prescribed in KRS 141.042.

(e) 1. The financing agreement shall provide that the assessments, when added to the credit for the Kentucky income tax herein granted, shall not exceed the total financing agreement annual payment by the approved company in any year; however, to the extent that financing agreement annual payments exceed credits received and assessments collected in any year, the excess payment may be recouped from excess credits or assessment collections in succeeding years.

2. If in any fiscal year of the approved company during which the financing agreement is in effect the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees equals the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, and the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year.

3. If in any fiscal year of the approved company during which the financing agreement is in effect, the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the approved company shall pay the excess to the Commonwealth as income tax.

4. If in any fiscal year of the approved company during which the financing agreement is in effect the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year, and the approved company shall remit to the Commonwealth and applicable local jurisdictions their respective shares of the excess assessment collected on the withholding filing date for employees' wages next succeeding the first date when the approved company collected excess assessments.

(f) The financing agreement shall provide in substance that:

1. It may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to such effect; and

2. Upon default by the approved company in any obligations under the financing agreement or other documents evidencing, securing, or related to the approved company's obligations, the authority, or any of its assignees, shall have the right, at its option, to declare the financing agreement or other such documents in default; and

a. Accelerate and declare the total of all such payments due by the approved company and sell the economic development project at public, private, or judicial sale;

b. Pursue any remedy provided under the financing agreement or other such documents;

c. Pursue all other remedies available to it under the Kentucky Uniform Commercial Code;

d. Be entitled to the appointment of a receiver by the Circuit Court wherein any part of the economic development project is located; and

e. Pursue any other remedy at law to which it appears entitled.

3. All remedies provided in subsection (1)(f)2. of this section shall be deemed cumulative.

(2) If an eligible company, at the time of submission of its application to the authority to become an approved company, does not request the authority in writing to issue bonds on its behalf, then each financing agreement used in connection with loans or other financing (other than bonds issued by the authority for which subsection (1) of this section shall be used) shall include the following provisions:

(a) The term of a financing agreement, which shall commence on the date of the financing agreement, shall not be longer than:

1. The maturity of any loan or other financing incurred in connection with the economic development project, except that the financing agreement may terminate upon the earlier prepayment of all loans or other financing incurred in connection with the economic development project; or

2. Fifteen (15) years from the activation date.

3. Nothing in this subsection shall limit the extension of the term of a financing agreement if there is a refinancing of the loans or other financing. The authority shall not own an economic development project that is the subject of this form of financing agreement.

(b) All proceeds of any loan or other financing incurred in connection with the economic development project shall be expended by the approved company within three (3) years from the date of the financing agreement. In the event that all proceeds of any loan or other financing incurred in connection with the economic development project are not fully expended within the three (3) year period, the authorized inducements shall automatically be reduced to and shall not be greater than the amount of proceeds actually expended by the approved company within the three (3) year period.

(c) 1. The approved company may be permitted the following during the term of the financing agreement:

a. A one-hundred percent (100%) credit against the Kentucky income tax that otherwise would be owed in the year, as determined under KRS 141.347, to the Commonwealth by the approved company on the income of the approved company generated by or arising out of the economic development project, such credit not to exceed the total debt service paid with respect to the loans or other financing incurred in connection with the economic development project; plus

b. The aggregate assessment withheld by the approved company in each year.

2. The income tax credited to the approved company shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments as prescribed in KRS 141.042.

(d) 1. The financing agreement shall provide that the assessments, when added to the credit for the Kentucky income tax as provided in KRS 154.22-060, shall not exceed the total annual debt service payments of the approved company with respect to the loans or other financing incurred in connection with the economic development project in any year, however, to the extent that such annual debt service payments exceed credits received and assessments collected in any year, the excess payment may be recouped from excess credits or assessment collections in succeeding years.

2. If, in any fiscal year of the approved company during which the financing agreement is in effect, the total of the income tax credit granted to the approved company, plus the assessment collected from the wages of the employees, equals the annual debt service payments with respect to the loans or other financing incurred in connection with the economic development project, and if all excess payments with respect to the loans or other financing incurred in connection with the economic development project accumulated in

prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company and the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year.

3. If in any fiscal year of the approved company during which the financing agreement is in effect the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the approved company shall pay the excess to the Commonwealth as income tax.

4. If in any fiscal year of the approved company during which the financing agreement is in effect the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year, and the approved company shall remit to the Commonwealth and applicable local jurisdictions their respective shares of the excess assessment collected on the withholding filing date for employees wages next succeeding the first date when the approved company collected excess assessments.

(e) The financing agreement shall provide in substance that it may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to that effect.

(f) The financing agreement shall provide that an approved company shall require of any lender to the approved company funding the loans or other financing incurred in connection with the economic development project written evidence to be provided to the authority of payments of all annual debt service to such lender. Such evidence shall be provided to the authority within forty-five (45) days after the end of each fiscal year of the financing agreement.

(g) The financing agreement shall provide that if an approved company fails to comply with its respective obligations under the financing agreement, or that the lender to an approved company fails to comply with its requirements set forth in subsection (2)(f) of this section, or is declared in default under the loans or other financing incurred in connection with the economic development project, then the authority, or any of its assignees, shall have the right, at its option, to:

1. Suspend the availability of the income tax credits and job development assessment fees to the approved company;

2. Pursue any remedy provided under the financing agreement, including termination thereof; and

3. Pursue any other remedy at law to which it appears entitled.

(3) All remedies provided in subsection (2)(g) of this section shall be deemed cumulative.

To implement the activation date, the approved company shall notify the authority, the Revenue Cabinet, and the approved company's employees of the activation date when the implementation of the inducements authorized in the financing agreement shall occur. If the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.22-040***(5)***[~~(3)~~] by the activation date, the approved company shall not be entitled to receive inducements pursuant to this subchapter until the approved company satisfies the requirements; however, the fifteen (15) year period for the term of the financing agreement shall begin from the activation date. Notwithstanding the previous sentence, if the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.22-040***(5)***[~~(3)~~] within two (2) years from the date of final approval of the financing agreement, then the approved company shall be ineligible to receive inducements under this subchapter unless an extension is approved by the authority.

The Committee Substitute to **HB 911** is as follows:

AN ACT relating to economic development.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 154.22-040 is amended to read as follows:

(1) Each year the authority shall under its rural economic development assistance program, on the basis of the final unemployment figures calculated by the Department for Employment Services within the Cabinet for Workforce

Development, determine which counties have had a countywide rate of unemployment exceeding the statewide unemployment rate of the Commonwealth in the most recent five (5) consecutive calendar years***, or which have had an average countywide rate of unemployment exceeding the statewide unemployment rate of the Commonwealth by two hundred percent (200%) in the most recent twelve (12) consecutive months for which unemployment figures are available,*** and shall certify those counties as qualified counties. If the authority determines that a county which has previously been certified as a qualified county no longer has an unemployment rate ***that meets the criteria of this subsection***~~[above the state average]~~, the authority shall decertify that county. The authority shall not finance any facilities in that county and an approved company shall not be eligible for the incentives offered by KRS 154.22-010 to 154.22-070 unless the financing agreements required herein are entered into by all parties prior to July 1 of the year following the calendar year in which the authority decertified that county.

(2) The authority shall establish the procedures and standards for the determination and approval of eligible companies and their economic development projects by the promulgation of administrative regulations in accordance with KRS Chapter 13A. The criteria for approval of eligible companies and economic development projects shall include but not be limited to the creditworthiness of eligible companies; the number of new jobs to be provided by an economic development project to residents of the Commonwealth; and the likelihood of the economic success of the economic development project.

(3) The economic development project shall involve a minimum investment of five hundred thousand dollars ($500,000) by the eligible company and shall result in the creation by the eligible company, within two (2) years from the date of the final approval authorizing the economic development project, of a minimum of fifteen (15) new full-time jobs at the site of the economic development project for Kentucky residents to be employed by the eligible company and to be held by persons subject to the personal income tax of the Commonwealth. The authority may extend this two (2) year period upon the written application of an eligible company requesting an extension. No economic development project which will result in the replacement of manufacturing facilities existing in the state shall be approved by the authority; however, the authority may approve an economic development project that:

(a) Rehabilitates a manufacturing facility:

1. Which has not been in operation for a period of ninety (90) or more consecutive days; or

2. The title to which is vested in other than the eligible company or an affiliate of the eligible company and that is sold or transferred pursuant to a foreclosure ordered by a court of competent jurisdiction or an order of a bankruptcy court of competent jurisdiction;

(b) Replaces a manufacturing facility existing in the Commonwealth:

1. The title to which shall have been taken under the exercise of the power of eminent domain, or the title to which shall be the subject of a nonappealable judgment granting the authority to exercise the power of eminent domain, in either event to the extent that normal operations cannot be resumed at the facility within twelve (12) months; or

2. Which has been damaged or destroyed by fire or other casualty to the extent that normal operations cannot be resumed at the facility within twelve (12) months; or

(c) Replaces an existing manufacturing facility located in the same qualified county, and the existing manufacturing facility to be replaced cannot be expanded due to the unavailability of real estate at or adjacent to the manufacturing facility to be replaced. Any economic development project satisfying the requirements of this subsection shall only be eligible for inducements to the extent of the expansion, and no inducements shall be available for the equivalent of the manufacturing facility to be replaced. No economic development project otherwise satisfying the requirements of this subsection shall be approved by the authority which results in a lease abandonment or lease termination by the approved company without the consent of the lessor.

(4) With respect to each eligible company making an application to the authority for inducements, and with respect to the economic development project described in the application, the authority shall request materials and make inquiries of the applicant as necessary or appropriate. Upon review of the application and completion of initial inquiries, the authority may, by resolution, give its preliminary approval by designating an eligible company as a preliminarily approved company and authorizing the undertaking of the economic development project. After preliminary approval and completion by the eligible company of its bond, loan, or other financing and review thereof by the authority, the authority may by final approval designate an eligible company to be an approved company.

The person shall apply for an operator's license in the office of the circuit clerk of the county where he lives. The application form shall require the applicant's full legal name and signature, date of birth, Social Security number, sex, present resident address, ***race or ethnic group,*** other information necessary to permit the application to also serve as an application for voter registration, and brief physical description of the applicant. The application shall state:

(a) If the applicant has previously been licensed as an operator and by what state;

(b) If a license is canceled, suspended, revoked, or refused; and

(c) Other information the cabinet may require by administrative regulation promulgated pursuant to KRS Chapter 13A.

(2) The Transportation Cabinet shall issue a plastic laminated operator's license bearing a color photograph of the applicant. The photograph shall be taken by the circuit clerk so that one (1) exposure will photograph the applicant and the application simultaneously, using the process determined under provisions of KRS 186.413. When taking the

photograph, the applicant shall be prohibited from wearing sunglasses or any other attire that obscures any features of the applicant's face as determined by the clerk. The clerk shall require an applicant to remove sunglasses or other obscuring attire before taking the photograph required by this subsection. Any person who refuses to remove sunglasses or other attire prohibited by this section as directed by the clerk shall be prohibited from receiving an operator's license. The plastic laminated operator's license issued by the cabinet shall not contain the applicant's Social Security number. The cabinet shall promulgate administrative regulations pursuant to KRS Chapter 13A that develop a numbering system that uses an identification system other than Social Security numbers. The license shall also designate by color coding and use the phrase "under (21)" if the licensee is under the age of twenty-one (21); "CDL" if the license is issued pursuant to KRS Chapter 281A; or "under 21 CDL" if the licensee holds a commercial driver's license issued pursuant to KRS Chapter 281A and is under the age of twenty-one (21).

(3) After January 1, 1996, a person may, before the renewal date for his operator's license, request a circuit clerk to issue a new plastic laminated operator's license that does not contain the person's Social Security number. The person shall be charged the fee established by KRS 186.531 for renewing an operator's license if the person requests a license pursuant to this subsection.

(4) Every applicant shall make oath to the circuit clerk as to the truthfulness of the statements contained in the form.

(5) The clerk may, after determining that the applicant has fully complied with the law governing applications, issue a temporary operator's license to be valid for not more than ninety (90) days. The temporary license shall be valid in lieu of the permanent license during the certification period and shall be destroyed upon receipt of the permanent operator's license.

(6) The circuit clerk shall issue a color photo nondriver's identification card to any person who resides in the county who applies in person in the office of the circuit clerk. A nondriver's identification card shall be subject to the provisions of subsection (2) of this section. An application for a nondriver's identification card shall be accompanied by a signed Social Security card and a birth certificate, or other proof of the applicant's date of birth that is satisfactory to the clerk. The application shall require the applicant to provide his most current resident address that may include, but is not limited to, a mailing address, post office box, or an address provided on a voter registration card. If an applicant for a nondriver's identification card is under the age of twenty-one (21), the applicant's most current resident address shall be required unless a current resident address is not available, in which case a mailing address, post office box, or an address provided on a voter registration card may be used. Every applicant for a nondriver's identification card shall make an oath to the circuit clerk as to the truthfulness of the statements contained on the application form. If the applicant is not the legal possessor of the address provided on the application form, the applicant shall swear that he has permission from the legal possessor to use the address for purposes of obtaining the nondriver's identification card. The nondriver's identification card shall designate by color coding and by use of the phrase "under 21" if the applicant is under the age of twenty-one (21).

(7) Military personnel and other licensed drivers temporarily out-of-county may be issued a license without a photograph. The license shall show in the space provided for the photograph the legend "valid without photo and signature." If a citizen of the Commonwealth has been serving in the United States military and has allowed his operator's license to expire, he shall, within ninety (90) days of returning to the Commonwealth, be permitted to renew his license without having to take a written test or road test. A citizen who does not renew his license within ninety (90) days of returning to the Commonwealth shall be required to comply with the provisions of this chapter governing renewal of a license that has expired.

(8) The cabinet shall provide on each license to operate motor vehicles, motorcycles, and mopeds a space for the licensed driver's:

   (a) Blood type;

   (b) Medical insignia if the person provides evidence that a medical identification bracelet noting specific physical ailments or a drug allergy is being worn or other proof as may be required by the cabinet; and

   (c) A statement whereby the owner of the license may certify in the presence of two (2) witnesses his willingness to make an anatomical gift under KRS 311.195.

(9) If the motor vehicle operator denotes a physical ailment or drug allergy on the operator's license, he may apply for and shall receive, for a fee of one dollar ($1) paid to the circuit clerk, a medical insignia decal that may be affixed to the lower left side of the front windshield of a motor vehicle.

(10) An operator's license pursuant to this section shall be designated a Class D license.

(11) A person shall not have more than one (1) license.

Read at length for the first time and ordered placed in the Calendar.

HB 700, AN ACT relating to the Public Service Commission.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 278.023 is amended to read as follows:

(1) The provisions of this section shall apply to any construction project undertaken by a water association, commission, district, or combined water, gas or sewer district formed under KRS Chapter 74 or 273, which is financed in whole or in part under the terms of an agreement between the water utility and the ***United States***[~~U.S.~~] Department of Agriculture or the ***United States***[~~U.S.~~] Department of Housing and Urban Development. Because federal financing of such projects entails prior review and oversight by the federal agency and obligates the utility to certain actions, and because conflicting requirements by the federal agency and the Public Service Commission may place the water utility in an untenable position and delay or jeopardize such projects, it is declared to be the policy of the Commonwealth that such agreements shall be accepted by the Public Service Commission, and that the commission shall not prohibit a water utility from fulfilling its obligations under such an agreement.

(2) ***(a)*** No agreement between a water utility and federal agency under this section shall take effect until thirty (30) days after such agreement, together with necessary applications and documentation, is filed with the commission, unless the commission acts within a lesser time. The commission in its administrative regulations shall list the specific documents required to be filed under this subsection.

(b) The thirty (30) day time limitation set out in paragraph (a) of this subsection begins to run when an application is delivered to the commission's office during its regular office hours. Requests for the furnishing of additional data shall not delay processing of the application beyond the thirty (30) day time limitation. The commission's statutory overview of water districts is not limited in any other respect.

(3) ***(a)*** The commission shall review the project and the agreement, may recommend changes to the utility and the federal agency, but shall not modify or reject any portion of the agreement on its own authority. The commission shall issue a certificate of necessity and convenience and such other orders as may be required to implement the terms of the agreement no later than thirty (30) days after filing.

(b) If any federal or state agency acting under arrangements with the United States Department of Agriculture or the United States Department of Housing and Urban Development makes a grant agreement with any grantee, the agreement shall have the same full force and effect as if it were made directly with the grantee. Because a water district may not apply for a grant itself, a water district may contract with any government agency for any assistance in implementing the project. In this event, all provisions of this section shall apply to the application of the water district.

(4) The commission shall not prohibit the inclusion of any cost or the use of any accounting procedure in reviewing or setting the rates of the utility if such cost or procedure is required as a condition for federal financing of a construction project under an approved agreement between the water utility and federal agency.

(5) If the federal agency approves a surcharge to the water bills of customers who receive service through an extension of water facilities under this section, which is in lieu of an assessment against the customer for the cost of the extension, then the Public Service Commission shall allow collection of the surcharge to continue for the period of years for which the surcharge was established.

The Committee Amendment No. 1 to **HB 700** is as follows:

On page 2, line 1 after "water" by deleting "***districts***" and inserting "***utilities***" in lieu thereof; and

On page 2, line 12, after "***water***" by deleting "***district***" and inserting "***utility***" in lieu thereof; and

On page 2, line 13, after "***water***" by deleting "***district***" and inserting "***utility***" in lieu thereof; and

On page 2, line 15, after "***water***" by deleting "***district***" and inserting "***utility***" in lieu thereof.

100.111(8). Where agreed upon, this development plan shall be followed. As a further condition to the granting of a zoning change, the planning commission may require that substantial construction be initiated within a certain period of time of not less than one (1) year; provided that such zoning change shall not revert to its original designation unless there has been a public hearing;

(e) Guttering and roof drainage systems installed pursuant to any adopted and enforced requirements placed upon guttering and roof drainage systems where the manufactured home is located; and

(f) Structural additions or alterations that are in compliance with the regulations and requirements that are applicable to a site-built residential structure's additions and alterations; however, manufactured homes are not required to have any structural additions or alterations to be a permitted use in residential zones.

(10) Nothing in this section or Section 2 of this Act shall be construed to affect, modify, or abolish restrictions contained in recorded deeds, covenants, deed restrictions, or developers' subdivision restrictions. Nothing in this section and Section 2 of this Act shall remove the authority of the local building inspector to regulate additions to the manufactured home, inspect foundations, or check for aesthetic standards compliance in residential zones, and nothing in this section and Section 2 of this Act shall require a planning and zoning body to modify or change an

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 64 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly of the Commonwealth of Kentucky hereby finds and determines that county judges/executive, county clerks, and sheriffs in all counties are officers whose duties or jurisdictions are coextensive with that of the Commonwealth within the meaning of Section 246 of the Constitution of Kentucky.

(2) Effective on the first Monday in January of 1999, the maximum salary of county judges/executive, county clerks and sheriffs shall be fixed by the Department of Local Government according to a salary schedule in accordance with Section 246 of the Kentucky Constitution. The salary schedule provides that these officials, as officers whose jurisdiction or duties are coextensive with the Commonwealth, shall be paid at a rate no greater than twelve thousand dollars ($12,000) per annum as adjusted for any increase or decrease in the consumer price index and as described in subsection (4) of this section.

(3) The salary schedule for county judges/executive, county clerks, and sheriffs in all counties provides for nine (9) levels of salary based upon the population of the county in the year prior to the election of county officials as determined by the University of Louisville Urban Center's annual estimates. To implement the salary schedule, the Department of Local Government shall, by November 1 of each year preceding the election of county officials, certify for each county the population group applicable to each county based on the most recent estimates of the University of Louisville Urban Center. For the purposes of this section, the salary schedule for county judges/executive, county clerks, and sheriffs shall remain as determined by the Department of Local Government pursuant to this section, regardless of changes in the population estimates or the actual census count that may occur during the term for which the official has been elected or appointed. The salary schedule provides four (4) steps for yearly increments within each population group. County officers named in this section shall be paid according to the first step within their population group for the first year or portion thereof they serve in office. Thereafter, each officer, on January 1 of each subsequent year, shall be advanced automatically to the next step in the salary schedule until the maximum salary figure for the population group is reached. Prior to assuming office on the first Monday in January, 1999, or thereafter, any person assuming any of the offices for which the salary is determined by this section must certify to the commissioner of the Department of Local Government the total number of years, not to exceed four (4) years, that the person has previously served in the office. The department shall place the officer in the proper step based upon a formula of one incremental step per full calendar year of service:

This approval shall be signed by the county judge/executive in a county containing a city of the first class and by the executive authority in a county having an urban-county form of government. Approval by the fiscal court or urban-county legislative body under this subsection shall not include oversight of expenditure of the funds. In all other counties with a population of seventy thousand (70,000) or more, the amount, if any, allowed for the necessary office expenses of each officer shall be fixed by the fiscal court by an order entered upon the fiscal court order book no later than January 15 of each year. A certified copy of the orders, and of any subsequent changes made therein, shall, as soon as entered, be forwarded to the Finance and Administration Cabinet.

(3) Each officer shall, on the first day of each month, send to the Finance and Administration Cabinet a statement, subscribed and sworn to by him, showing the amount of money received or collected by or for him the preceding month, as fees or compensation for official duties, and shall, with these statements, send to the Finance and Administration Cabinet the amount so collected or received. The Finance and Administration Cabinet may extend the time for filing the statement and making the payment for a period not exceeding ten (10) days in any month.

(4) The salary of each officer and his deputies and assistants and his office expenses shall be paid semimonthly by the State Treasurer upon the warrant of the Finance and Administration Cabinet made payable to the officer. If seventy-five percent (75%) of the amount paid into the State Treasury in any month by any of such officers is not sufficient to pay the salaries and expenses of his office for that month, the deficit may be made up out of the amount paid in any succeeding month; but in no event shall the amount allowed by the Finance and Administration Cabinet to any officer for salaries and expenses exceed seventy-five percent (75%) of the amount paid to the Finance and Administration Cabinet by the officer during his official term.

HCR 96, A CONCURRENT RESOLUTION creating a task force on planning and zoning.

WHEREAS, it has been determined by the General Assembly that the current planning and zoning statutes, as codified in KRS Chapter 100, have not been updated in a comprehensive manner for well over thirty (30) years; and

WHEREAS, during the past thirty (30) years, many innovative planning techniques have been developed within a number of states that could have application to solving many of the problems of land use occurring within the Commonwealth; and

WHEREAS, the Commonwealth is experiencing rapid growth and land-use change on the peripheries of its major urban centers; and

WHEREAS, this growth and land-use change has had an impact on development patterns, traffic, air, and water resources, open space, availability of affordable housing, and the ability of local governments to finance public facilities and service improvements in a coordinated fashion; and

WHEREAS, new growth and development in the state have been uneven and imbalanced, with rural areas, small towns and older portions of our large urban areas losing economic viability, resulting in out migration, loss of revenue, disinvestment, and increased unemployment; and

WHEREAS, this imbalance in growth and development has resulted in loss of community character in all parts of the Commonwealth and in an imbalance of economic opportunity to its citizens; and

WHEREAS, many of the problems of growth and development are inter-jurisdictional and require cooperation, coordination, and creative partnerships by all levels of government; and

WHEREAS, this growth and development have in some cases resulted in heightened exposure of property to the effects of natural hazards, requiring additional public expenditures for repair, replacement, and mitigation after national disasters; and

WHEREAS, there is a need to utilize newly developed tools to address growth and development to bring about better coordination and planning and project implementation between state and local governments, particularly as state projects impact local communities and their local planning efforts, and between state and regional, regional and local, and between the local governments; and

WHEREAS, there is a need to establish a mechanism that will ensure continuity in the setting of goals and policies, and implementation beyond the four (4) year cycle that has been experienced during the past seventy (70) years, so that planning efforts transcend administrations and have the means to require accountability for implementation.

The Committee Substitute to **HCR 96** is as follows:

A CONCURRENT RESOLUTION creating a task force on planning and zoning.

WHEREAS, it has been determined by the General Assembly that the current planning and zoning statutes, as codified in KRS Chapter 100, have not been updated in a comprehensive manner for well over thirty (30) years; and

WHEREAS, during the past thirty (30) years, many innovative planning techniques have been developed within a number of states that could have application to solving many of the problems of land use occurring within the Commonwealth; and

WHEREAS, the Commonwealth is experiencing rapid growth and land-use change on the peripheries of its major urban centers; and

WHEREAS, this growth and land-use change has had an impact on development patterns, traffic, air, and water resources, open space, availability of affordable housing, and the ability of local governments to finance public facilities and service improvements in a coordinated fashion; and

WHEREAS, new growth and development in the state have been uneven and imbalanced, with rural areas, small towns and older portions of our large urban areas losing economic viability, resulting in out migration, loss of revenue, disinvestment, and increased unemployment; and

WHEREAS, this imbalance in growth and development has resulted in loss of community character in all parts of the Commonwealth and in an imbalance of economic opportunity to its citizens; and

WHEREAS, many of the problems of growth and development are inter-jurisdictional and require cooperation, coordination, and creative partnerships by all levels of government; and

WHEREAS, this growth and development have in some cases resulted in heightened exposure of property to the effects of natural hazards, requiring additional public expenditures for repair, replacement, and mitigation after national disasters; and

WHEREAS, there is a need to utilize newly developed tools to address growth and development to bring about better coordination and planning and project implementation between state and local governments, particularly as state projects impact local communities and their local planning efforts, and between state and regional, regional and local, and between the local governments; and

WHEREAS, there is a need to establish a mechanism that will ensure continuity in the setting of goals and policies, and implementation beyond the four (4) year cycle that has been experienced during the past seventy (70) years, so that planning efforts transcend administrations and have the means to require accountability for implementation.

NOW, THEREFORE,

For purposes of this subsection, the continuing contract of a teacher shall not be terminated when the teacher leaves employment, all provisions of KRS 161.720 to 161.810 to the contrary notwithstanding, and the continuing service contract shall be transferred to the next school district, under conditions set forth in this section, for a period of up to seven (7) months from the time employment in the first school district has terminated. (3) Any teacher or superintendent who has been or may be hereafter inducted into the Armed Forces of this country, shall at the expiration of service be reemployed or reinstated in a comparable position as of the beginning of the next school year, provided application is made at least thirty (30) days before the opening of school, unless physically or mentally incapacitated according to medical notations on official discharge papers. Vacancies created by military leaves shall be filled by teachers or superintendents employed by the board of education under a limited contract of one (1) year or less.

The Committee Substitute to **HB 616** is as follows:

AN ACT relating to secondary area vocational education and technology centers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 151B IS CREATED TO READ AS FOLLOWS:

(1) A local board of education may petition to assume the management and control of a state-operated secondary area vocational education and technology center from the State Board for Adult and Technical Education. The state board shall approve a request from a local board of education to assume the management and control of a secondary area vocational education and technology center, providing the following conditions are met:

(a) The local board of education owns the building;

(b) The local board of education agrees to continue the programs and retain the teachers, administrators, and all other certified and classified staff for one (1) complete school year following the initial transfer. In subsequent years, all decisions relating to the programs, curriculum, and staff shall be under the authority of the local board of education and based on the needs of students in the area formerly served by the state-operated area vocational education and technology center as determined by an established needs assessment; and

(c) The local board of education continues to provide programs and services to students from other school districts who are using the center at the time of the transfer and collaborates with the districts to meet local vocational curriculum needs.

(2) (a) During the biennium in which a school transfer is made under subsection (1) of this section, the Department for Technical Education shall annually transfer funds equal to the amount of state funds that would be used by the department to operate the school, including general funds directly appropriated to the department and funds transferred to the department from the KRS 157.360 funds designated for that purpose and administered by the Kentucky Department of Education under subsection (5) of Section 2 of this Act. The Department for Technical Education shall also provide an equitable amount of funds from any specific general fund appropriation targeted for secondary area vocational education and technology centers based on the biennial budget appropriations.

(b) In subsequent years, the Kentucky Department of Education shall request through the biennial budget process funds to supplement the cost of the administration and operation of the locally operated center.

(c) Funds transferred to the local district shall be used only to support the administration and operation of the area vocational education and technology center and may not be used for other purposes within the district. A reduction in the available programs and services shall result in a proportional reduction in supplemental funds to support the center.

(3) The transfer of the management and control of a secondary area vocational education and technology center shall be considered a permanent transfer, and all equipment and supplies shall be transferred to the local district.

(4) All certified employees affected by a transfer to the local board of education shall be granted at least one (1) year contracts by the local board of education and shall be employed on the local district salary schedule, except that no employee shall receive a salary less than that being paid to the employee by the Department for Technical Education at the time of transfer. Any employee whose salary upon transfer exceeds that which would be paid an employee in the same position by the local district shall be ineligible for any increase in salary until the time as the employee's placement on the salary schedule matches the experience and educational level required for district employees at that position on the schedule. Employees who are eligible for continuing status in the state employment system shall be granted tenure. Classified employees shall be guaranteed employment equal to their present status for at least one (1) complete school term. Transferred employees shall be provided the benefits of comparable employees in the district and shall be subject to all rules and policies of the local board of education, including but not limited to disciplinary and personnel actions that are the same as those that may be exercised by the district for any other employee in the district during a contract period.

(a) The employees' state positions shall be abolished as of the effective date of transfer to the local board of education.

(b) The transferred employees who have accrued annual leave and compensatory time shall be paid a lump sum for the accrued time at the effective date of the transfer. The employee shall be granted credit for accrued sick leave up to the maximum allowed for transfers for teachers between school districts as provided by KRS 161.155(3).

(c) An employee who is to be transferred to a local board of education under provisions of this section but who chooses not to accept a contract with the board shall be separated from the state system and the employee's position shall be abolished. The employee may apply for any state position for which the employee is qualified but shall be granted preference over other applicants for a position for which the employee is qualified. The employee shall have the same protection for reemployment as those granted to career employees under the provisions of KRS 18A.130 and 18A.135. The employee who refuses a contract with the local board and does not request to be placed on the reemployment list shall be provided a lump sum payment for accrued annual leave and compensatory time, and the employee's sick leave balance shall be placed in escrow by the appropriate state personnel system under KRS Chapter 18A or KRS Chapter 151B. The sick leave balance shall be restored to the employee if the employee returns to a state government position.

(5) A certified employee, other than the principal, who has earned continuing status in the state certified personnel system under KRS Chapter 151B shall be granted tenure under the provisions of Section 3 of this Act, except that the employee shall not experience the one (1) year probationary period. A principal shall be granted tenure as a teacher under Section 3 of this Act. If the principal has completed three (3) years as an administrator in the state vocational technical system, the provisions relating to the demotion of a principal under KRS 161.765 shall apply.

Section 2. KRS 151B.025 is amended to read as follows:

(1) The Department for Technical Education is hereby created and shall be attached to the Cabinet for Workforce Development. The department shall consist of a commissioner and those administrative bodies and employees provided or appointed pursuant to law.

(2) The chief executive officer of the department shall be the commissioner of the Department for Technical Education. The appointment of the commissioner shall be made from a list of three (3) names submitted by the State Board for Adult and Technical Education to the secretary and the Governor. The commissioner shall be appointed by the secretary of the Cabinet for Workforce Development from the list with the approval of the Governor. The commissioner shall have general supervision and direction over all functions of the department and its employees, and shall be responsible for carrying out the programs and policies of the department. The commissioner shall be responsible for implementing policies adopted by the State Board for Adult and Technical Education. The commissioner may delegate authority to deputies who may then act on his behalf in performing the duties assigned in this subsection.

(3) The department shall have the responsibility for all administrative functions of the state in relation to the management, control, and operation of state-operated secondary area vocational education and technology centers. When appropriate, the department shall provide education training programs through contracts with private business and industries. These programs may be on a shared cost basis or on a total cost recovery basis.

(4) The department shall have the authority to enter into agreements or contracts with other government or education agencies, including local school districts, in order to carry out services under its jurisdiction.

(5) Secondary area vocational education and technology centers shall be operated in compliance with program standards established by the Kentucky Board of Education. Principals, counselors, and teaching staff shall meet the qualifications and certification standards for all secondary vocational personnel as established by the Educational Professional Standards Board. In addition to direct appropriations, funds appropriated to support the cost of operating area vocational

education and technology centers shall be transferred annually from the ***KRS 157.360***[~~secondary~~] funds administered by the Kentucky Department of Education for that purpose. ***If the State Board for Adult and Technical Education approves the transfer of a state-operated center to the management and control of a local board of education under the provisions of Section 1 of this Act, the Department for Technical Education shall transfer the funds for its administration and operation, and all equipment and supplies of the center, to the local board.***

(6) The Department for Technical Education, in the operation and management of its schools and the programs at those schools, shall meet all required federal and state standards relating to facilities and personnel qualification; provided, however, that no license or license fee shall be required for any school or program operated by the Department for Technical Education.

(7) The Department for Technical Education shall be the education agency solely designated for the purpose of developing and approving state plans required by state or federal laws and regulations as prerequisites to receiving federal funds for vocational-technical or technology education. The department shall involve representatives from all eligible recipient categories in the development of such plans.

(8) The department shall be permitted to enter into memorandums of agreement with individuals on a year to year basis to fill positions in hard-to-find teaching specialties. Such agreements and compensation shall be approved by the State Board for Adult and Technical Education, but shall not be subject to the provisions of KRS Chapter 45A. All such agreements shall be filed with the secretary of the Finance and Administration Cabinet.

(9) The commissioner of the Department for Technical Education shall, from time to time, prepare or cause to be prepared, and submit for approval and publication by the State Board for Adult and Technical Education, any bulletins, programs, outlines of courses, placards, and courses of study he deems useful in the promotion of the interests of technical and vocational education.

(10) The department shall prepare a biennial budget request and submit it for review by the State Board for Adult and Technical Education. The budget shall be forwarded to the secretary of the Cabinet for Workforce Development for review and modification.

Section 3. KRS 161.740 is amended to read as follows:

(1) Teachers eligible for continuing service status in any school district shall be those teachers who meet qualifications listed in this section:

(a) Hold a standard or college certificate as defined in KRS 161.720 or meet the certification standards for vocational education teachers established by the Education Professional Standards Board.

(b) When a currently employed teacher is reemployed by the superintendent after teaching four (4) consecutive years in the same district, or after teaching four (4) years which shall fall within a period not to exceed six (6) years in the same district, the year of present employment included, the superintendent shall issue a written continuing contract if the teacher assumes his duties, and the superintendent shall notify the board of the action taken. Each day served in the General Assembly by a board of education employee during a regular, extraordinary, or organizational session shall be included in the computation of a year as defined in KRS 161.720(2).

(c) When a teacher has attained continuing contract status in one ***(1)*** district and becomes employed in another district, the teacher shall retain that status. However, a district may require a one (1) year probationary period of service in that district before granting that status. ***When a certified employee has attained continuing status as an employee in a certified position in the state personnel system under KRS Chapter 151B and becomes employed in a local school district due to the abolishment of the employee's position when the local district assumed control of a secondary area vocational education and technology center, the employee shall be granted tenure without a probationary period.*** For purposes of this subsection, the continuing contract of a teacher shall not be terminated when the teacher leaves employment, all provisions of KRS 161.720 to 161.810 to the contrary notwithstanding, and the continuing service contract shall be transferred to the next school district, under conditions set forth in this section, for a period of up to seven (7) months from the time employment in the first school district has terminated. Nothing contained herein shall be construed to give a teacher a right to reemployment in the first school district during the seven (7) month period following termination.

(d) Service credit toward a continuing contract shall begin only when a teacher is properly certified as defined in KRS 161.720(6) or, in the case of a vocational education teacher, when the required certification standards established by the Education Professional Standards Board have been met.

(2) Vocational education teachers fulfilling the requirements in subsection (1) of this section as of July 15, 1982, shall be eligible for continuing service status.

(3) Any teacher or superintendent who has been or may be hereafter inducted into the Armed Forces of this country, shall at the expiration of service be reemployed or reinstated in a comparable position as of the beginning of the next school year, provided application is made at least thirty (30) days before the opening of school, unless physically or mentally incapacitated according to medical notations on official discharge papers. Vacancies created by military leaves shall be filled by teachers or superintendents employed by the board of education under a limited contract of one (1) year or less.

Section 4. The General Assembly recognizes that local boards of education that own and operate secondary area vocational education and technology centers provide a valuable service to students and incur costs beyond the average classroom expenditures due to the nature of the programs, including the high costs of equipment, supplies, and instructional materials and the low pupil-teacher ratios that are essential in specific areas of instruction. Whereas the General Assembly currently appropriates supplemental funds to be distributed by the Kentucky Department of Education to the following school districts: Allen County, Ballard County, Bowling Green Independent, Boyd County, Carter County, Covington Independent, Edmonson County, Fayette County, Fleming County, Franklin County, Grayson County, Jefferson County, Lawrence County, Lewis County, Livingston County, Magoffin County, Marshall County, McCreary County, Newport Independent, Powell County, Simpson County, Trigg County, and Union County, the Kentucky Department of Education is directed to review the funding level for these districts and other districts that may wish to assume operation of their programs, and the formula that is used to distribute the funds, and to report to the Interim Joint Committee on Education by July 15, 1999, of changes that may be needed in the distribution process and funding levels to assure that equitable supplemental funding is available to assist districts that operate their own schools to assure high-quality programming. The department shall give consideration to providing weights within the Support for Excellence in Education Program as well as other methods of funding. The Kentucky Department of Education shall take into consideration funding for any school that may be transferred from the Kentucky Department for Technical Education to a local board.

Section 5. Whereas, local boards of education may wish to assume control and management of a state-operated secondary area vocational education and technology center for the 1998-1999 school year and the transfer needs to be planned carefully and systematically, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

The Committee Amendment No. 1 Title to **HB 616** is as follows:

By amending the title to read as follows: "AN ACT relating to secondary vocational education and technology centers and declaring an emergency."

(e) The Kentucky distinguished educator shall be granted professional leave pursuant to KRS 161.770 though the time may exceed two (2) years if determined by the state board to be necessary. The Kentucky distinguished educator shall not lose any employee benefits as a result of his special assignment.

(f) A Kentucky distinguished educator shall not be assigned to a school or to a district assignment in the district in which he is employed. ***A distinguished educator from a school district in a county with a city of the first class or a county with an urban-county form of government may be assigned by the Department of Education to a school within that district, but may not be assigned a school to which he or she was assigned at any time during his or her employment with the district.***

(b) "Vacancy" shall mean any certified position opening created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member of a local school district, or a new position created in a local school district for which certification is required. However, if an employer-employee bargained contract contains procedures for filling certified position openings created by the resignation, dismissal, nonrenewal of contract, transfer, or death of a certified staff member, or creation of a new position for which certification is required, a vacancy shall not exist, unless certified positions remain open after compliance with those procedures.

(2) (a) All appointments, promotions, and transfers of principals, supervisors, teachers, and other public school employees shall be made only by the superintendent of schools, who shall notify the board of the action taken. All employees of the local district shall have the qualifications prescribed by law and by the administrative regulations of the Kentucky Board of Education and of the employing board. Supervisors, principals, teachers, and other employees may be appointed by the superintendent for any school year at any time after February 1 preceding the beginning of the school year. The chief state school officer shall respond to a district's request for waiver or for approval of an appointment within two (2) working days.

(d) When a vacancy occurs in a local district, the superintendent shall conduct a search to locate minority teachers to be considered for the position. The superintendent shall, pursuant to administrative regulations of the Kentucky

The provisions of KRS 161.760 shall not apply to any transfer made in order to comply with the provisions of this paragraph.

(3) No superintendent shall employ in a position which involves supervisory or disciplinary power over a minor, any person who is a violent offender or has been convicted of a sex crime as defined by KRS 17.165 which is classified as a felony. The superintendent may employ, at his discretion, persons convicted of sex crimes classified as a misdemeanor. Each superintendent shall request all conviction information for any applicant for initial employment from the Justice Cabinet prior to employing the applicant.

(4) (a) If a school term has begun and a position remains unfilled or if a vacancy occurs during a school term, a superintendent may employ an individual, who will have supervisory or disciplinary authority over minors, on probationary status pending receipt of the required records. Application for the criminal record of a probationary employee shall be made no later than the date probationary employment begins.

(b) Employment shall be contingent on the receipt of records documenting that the probationary employee has no record of a sex crime nor as a violent offender as defined in KRS 17.165.

(c) Notwithstanding KRS 161.720 to 161.800 or any other statute to the contrary, probationary employment under this section shall terminate on receipt by the district of a record documenting a criminal act as defined above and no further procedures shall be required.

(5) Each application or renewal form, provided by the employer to the applicant, shall conspicuously state the following: "FOR THIS TYPE OF EMPLOYMENT, STATE LAW REQUIRES A CRIMINAL RECORD CHECK AS A CONDITION OF EMPLOYMENT."

(6) Any request for records under subsection (3) of this section shall be on a form approved by the Justice Cabinet, and the cabinet may charge a fee to be paid by the applicant in an amount no greater than the actual cost of processing the request.

(7) The provisions of this section shall apply to all applicants for initial employment in a position which involves supervisory or disciplinary power over a minor after July 15, 1988. Initial employment shall include first time applicants and applicants who were former employees of the district but have not been employed by the district for six (6) months.

SECTION 3. A NEW SECTION OF SUBTITLE 17 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Each insurer that offers health insurance coverage in the individual market may not, with respect to an eligible individual desiring to enroll in individual health insurance coverage, decline to offer coverage to, or deny enrollment of, the individual and shall comply with the provisions of subsections (2) to (8) of this section.

(2) Subject to the succeeding subsections of this section, each insurer that offers health insurance coverage in the individual market in Kentucky may not, with respect to an eligible individual desiring to enroll in individual health insurance coverage, decline to offer such coverage to, or deny enrollment of, the individual, or impose any

preexisting condition exclusion with respect to that coverage.

(3) (a) In the case of health insurance coverage offered in the individual market in Kentucky, the insurer may elect to limit the coverage offered under subsection (1) of this section so long as it offers at least two (2) different policy forms of health insurance coverage both of which:

1. Are designed for, made generally available to, and actively marketed to, and enroll both eligible and other individuals by the insurer; and

2. Meet the requirement of paragraph (b) or (c) of this subsection, as elected by the insurer.

For purposes of this subsection, policy forms which have different cost-sharing arrangements or different riders shall be considered to be different policy forms.

(b) The requirement of this paragraph that there be a choice of the most popular policy forms is met, for health insurance coverage policy forms offered by an insurer in the individual market, if the insurer offers the policy forms for individual health insurance coverage with the largest, and next-to-largest, premium volume of all such policy forms offered by the insurer in Kentucky or applicable marketing or service area, as may be prescribed in administrative regulation, by the insurer in the individual market in the period involved.

(c) 1. The requirement of this paragraph that there be a choice of two (2) policy forms with representative coverage is met, for health insurance coverage policy forms offered by an insurer in the individual market, if the insurer offers a lower-level coverage policy form, as defined in subparagraph 2. of this paragraph, and a higher-level coverage policy form, as defined in subparagraph 3. of this paragraph, each of which includes benefits substantially similar to other individual health insurance coverage offered by the insurer in Kentucky and each of which is covered under a method which provides for risk adjustment, risk spreading, or a risk spreading mechanism among insurers or policies of an insurer or otherwise provides for some financial subsidization for eligible individuals, including through assistance to participating insurers;

2. A policy form is described in this subparagraph if the actuarial value of the benefits under the coverage is at least eighty-five percent (85%) but not greater than one hundred percent (100%) of a weighted average as described in subparagraph 4. of this paragraph.

3. A policy form is described in this subparagraph if:

a. The actuarial value of the benefits under the coverage is at least fifteen percent (15%) greater than the actuarial value of the coverage described in subparagraph 2. of this paragraph offered by the insurer in the area involved; and

b. The actuarial value of the benefits under the coverage is at least one hundred percent (100%) but not greater than one hundred twenty percent (120%) of a weighted average as described in subparagraph 4. of this paragraph.

4. For purposes of this paragraph, the weighted average described in this subparagraph is the average actuarial value of the benefits provided by all the health insurance coverage issued, as elected by the insurer either by that insurer or by all insurers in Kentucky in the individual market during the previous year, not including coverage issued under this section, weighted by enrollment for the different coverage.

(d) The insurer elections under this subsection shall apply uniformly to all eligible individuals in Kentucky for that insurer. Such an election shall be effective for policies offered during a period of not shorter than two (2) years.

(e) For purposes of paragraph (c) of this subsection, the actuarial value of benefits provided under individual health insurance coverage shall be calculated based on a standardized population and a set of standardized utilization and cost factors.

(4) (a) In the case of an insurer that offers health insurance coverage in the individual market through a network plan, the insurer may:

1. Limit the individuals who may be enrolled under this coverage to those who live, reside, or work within the service area for this network plan; and

2. Within the service area of the plan, deny this coverage to those individuals if the insurer has demonstrated to the commissioner that:

a. It will not have the capacity to deliver services adequately to additional individual enrollees because of its obligations to existing group contract holders and enrollees and individual enrollees; and

b. It is applying this paragraph uniformly to individuals without regard to any health status-

related factor of those individuals and without regard to whether the individuals are eligible individuals.

(b) An insurer, upon denying health insurance coverage in any service area in accordance with paragraph (a)2. of this subsection, may not offer coverage in the individual market within that service area for a period of one hundred eighty (180) days after the coverage is denied.

(5) (a) A health insurance insurer may deny health insurance coverage in the individual market to an eligible individual if the insurer has demonstrated to the commissioner that:

1. It does not have the financial reserves necessary to underwrite additional coverage; and

2. It is applying this paragraph uniformly to all individuals in the individual market in Kentucky consistent with provisions of this chapter and without regard to any health status-related factor of those individuals and without regard to whether the individuals are eligible individuals.

(b) An insurer, upon denying individual health insurance coverage in any service area in accordance with paragraph (a) of this subsection, may not offer this coverage in the individual market within that service area for a period of one hundred eighty (180) days after the date the coverage is denied or until the insurer has demonstrated to the commissioner that the insurer has sufficient financial reserves to underwrite additional coverage, whichever is later. This paragraph may be applied on a service-area-specific basis.

(6) The provisions of subsection (2) of this section shall not be construed to require that an insurer offering health insurance coverage only in connection with group health plans or through one (1) or more bona fide associations, or both, offer such health insurance coverage in the individual market. An insurer offering health insurance coverage in connection with group health plans under this title shall not be deemed to be an insurer offering individual health insurance coverage solely because the insurer offers a conversion policy.

(7) Nothing in this section shall be construed:

(a) To restrict the amount of the premium rates that an insurer may charge an individual for health insurance coverage provided in the individual market under the provisions of this chapter; or

(b) To prevent an insurer offering health insurance coverage in the individual market from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

(8) Each insurer that offers health insurance coverage in the individual market may not, with respect to an individual who is not an eligible individual under this section, and who desires to enroll in individual health insurance coverage, decline to offer coverage to, or deny enrollment of, the individual if the individual:

(a) Has been a resident of Kentucky for at least twelve (12) months immediately preceding the effective date of this Act;

(b) Is covered under an individual health benefit plan on the effective date of this Act;

(c) Has been covered under an individual health benefit plan for the entire eighteen (18) months immediately preceding the effective date of this Act; and

(d) The coverage referred to in paragraph (c) of this subsection did not consist solely of coverage for excepted benefits as defined in Section 1 of this Act.

SECTION 4. A NEW SECTION OF SUBTITLE 18 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) (a) Subject to paragraph (b) of this subsection, a group health plan, and an insurer offering group health insurance coverage in connection with a group health plan, may not establish rules for eligibility, including continued eligibility of any individual to enroll under the terms of the plan based on any of the following health status-related factors in relation to the individual or a dependent of the individual:

1. Health status;

2. Medical condition, including both physical and mental illnesses;

3. Claims experience;

4. Receipt of health care;

5. Medical history;

6. Genetic information;

7. Evidence of insurability, including conditions arising out of acts of domestic violence; or

8. Disability.

(b) Paragraph (a) of this subsection shall not be construed:

1. To require a group health plan, or group health insurance coverage, to provide particular benefits *other than those provided under the terms of that plan or coverage; or*

2. To prevent such a plan or coverage from establishing limitations or restrictions on the amount, level, extent, or nature of the benefits or coverage for similarly situated individuals enrolled in the plan or coverage.

(c) For purposes of paragraph (a) of this subsection, rules for eligibility to enroll under a plan include rules defining any applicable waiting periods for the enrollment.

(2) (a) A group health plan, and an insurer offering health insurance coverage in connection with a group health plan, may not require any individual, as a condition of enrollment or continued enrollment under the plan, to pay a premium or contribution which is greater than the premium or contribution for a similarly situated individual enrolled in the plan on the basis of any health status-related factor in relation to the individual or to an individual enrolled under the plan as a dependent of the individual.

(b) Nothing in paragraph (a) of this subsection shall be construed:

1. To restrict the amount that an employer may be charged for coverage under a group health plan; or

2. To prevent a group health plan, and an insurer offering group health insurance coverage, from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

SECTION 5. A NEW SECTION OF SUBTITLE 18 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) For purposes of this section, unless the context requires otherwise:

(a) "Small employer" means, in connection with a group health plan with respect to a calendar year and a plan year, an employer who employed an average of at least two (2) but not more than fifty (50) employees on business days during the preceding calendar year and who employs at least two (2) employees on the first day of the plan year; and

(b) "Small group market" means the health insurance market under which individuals obtain health insurance coverage, directly or through any arrangement, on behalf of themselves and their dependents through a group health plan maintained by a small employer.

(2) Each insurer that offers health insurance coverage in the small group market shall accept every small employer that applies for coverage and shall accept for enrollment under this coverage every eligible individual who applies for enrollment during the period in which the individual first becomes eligible to enroll under the terms of the group health plan and shall comply with the provisions of subsections (3) to (6) of this section.

(3) (a) Subject to subsections (4) to (6) of this section, each insurer that offers health insurance coverage in the small group market in Kentucky:

1. Shall accept every small employer in Kentucky that applies for this coverage; and

2. Shall accept for enrollment under this coverage every eligible individual, as defined in paragraph (b) of this subsection, who applies for enrollment during the period in which the individual first becomes eligible to enroll under the terms of the group health plan and may not place any restriction which is inconsistent with Section 4 of this Act on an eligible individual being a participant or beneficiary.

(b) For purposes of this section, the term "eligible individual" means, with respect to an insurer that offers health insurance coverage to a small employer in connection with a group health plan in the small group market, such an individual in relation to the employer as shall be determined:

1. In accordance with the terms of such plan;

2. As provided by the insurer under rules of the insurer which are uniformly applicable in Kentucky to small employers in the small group market; and

3. In accordance with all applicable state laws governing this insurer and this market.

(4) (a) In the case of an insurer that offers health insurance coverage in the small group market through a network plan, the insurer may:

1. Limit the employers that may apply for this coverage to those with eligible individuals who live, work, or reside in the service area for this network plan; and

2. Within the service area of the plan, deny coverage to these employers if the insurer has demonstrated to the commissioner that:

a. It will not have the capacity to deliver services adequately to enrollees of any additional groups because of its obligations to existing group contract holders and enrollees; and

b. It is applying this paragraph uniformly to all employers without regard to the claims experience of those employers and their employees, and their dependents, or any health status-

related factor relating to those employees and dependents.

(b) An insurer, upon denying health insurance coverage in any service area in accordance with paragraph (a)2. of this subsection, may not offer coverage in the small group market within that service area for a period of one hundred eighty (180) days after the date this coverage is denied.

(5) (a) An insurer may deny health insurance coverage in the small group market if the insurer has demonstrated to the commissioner that:

1. It does not have the financial reserves necessary to underwrite additional coverage; and

2. It is applying this paragraph uniformly to all employers in the small group market in Kentucky consistent with this chapter and without regard to the claims experience of those employers and their employees, and their dependents, or any health status-related factor relating to those employees and dependents.

(b) An insurer, upon denying health insurance coverage in connection with group health plans in accordance with paragraph (a) of this subsection, may not offer coverage in connection with group health plans in the small group market in Kentucky for a period of one hundred eighty (180) days after the date the coverage is denied or until the insurer has demonstrated to the commissioner that the insurer has sufficient financial reserves to underwrite additional coverage, whichever is later. The commissioner by administrative regulation may provide for the application of this subsection on a service-area-specific basis.

(6) (a) Subsection (3) of this section shall not be construed to preclude an insurer from establishing employer contribution rules or group participation rules for the offering of health insurance coverage in connection with a group health plan in the small group market, as allowed under this chapter.

(b) For purposes of paragraph (a) of this subsection:

1. The term "employer contribution rule" means a requirement relating to the minimum level or amount of employer contribution toward the premium for enrollment of participants and beneficiaries; and

2. The term "group participation rule" means a requirement relating to the minimum number of participants or beneficiaries that must be enrolled in relation to a specified percentage or number of eligible individuals or employees of an employer.

(7) Subsection (3) of this section shall not apply to health insurance coverage offered by an insurer if this coverage is made available in the small group market only through one (1) or more bona fide associations.

SECTION 6. A NEW SECTION OF SUBTITLE 18 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) All group health plans and insurers offering group health insurance coverage in the Commonwealth shall comply with the provisions of this section.

(2) Subject to subsection (5) of this section, a group health plan, and an insurer offering group health insurance coverage, may, with respect to a participant or beneficiary, impose a pre-existing condition exclusion only if:

(a) The exclusion relates to a condition, whether physical or mental, regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received within the six (6) month period ending on the enrollment date;

(b) The exclusion extends for a period of not more than twelve (12) months, or eighteen (18) months in the case of a late enrollee, after the enrollment date; and

(c) The period of any such pre-existing condition exclusion is reduced by the aggregate of the periods of creditable coverage, or applicable to the participant or beneficiary as of the enrollment date.

(3) For purposes of this section:

(a) 1. "Pre-existing condition exclusion" means, with respect to coverage, a limitation or exclusion of benefits relating to a condition based on the fact that the condition was present before the date of enrollment for that coverage, whether or not any medical advice, diagnosis, care, or treatment was recommended or received before that date.

2. Genetic information shall not be treated as a condition described in subparagraph 1. of this paragraph in the absence of a diagnosis of the condition related to this information;

1. The first period in which the individual is eligible to enroll under the plan; or

2. A special enrollment period under subsection (7) of this section; and

(d) "Waiting period" means, with respect to a group health plan and an individual who is a potential participant or beneficiary in the plan, the period that must pass with respect to the individual before the individual is eligible to be covered for benefits under the terms of the plan.

(4) (a) A period of creditable coverage shall not be counted, with respect to enrollment of an individual under a group health plan, if, after the period and before the enrollment date, there was a sixty-three (63) day period during all of which the individual was not covered under any creditable coverage.

(b) For purposes of paragraph (a) of this subsection and subsection (5)(d) of this section, any period that an individual is in a waiting period for any coverage under a group health plan or for group health insurance coverage or is in an affiliation period, as defined in subsection (8)(b) of this section, shall not be taken into account in determining the continuous period under paragraph (a) of this subsection.

(c) 1. Except as otherwise provided under paragraph (b) of this subsection, for purposes of applying subsection (2)(c) of this section, a group health plan and an insurer offering group health insurance coverage, shall count a period of creditable coverage without regard to the specific benefits covered during the period.

2. A group health plan, or an insurer offering group health insurance coverage, may elect to apply subsection (2)(c) of this section based on coverage of benefits within each of several classes or categories of benefits specified in regulations rather than as provided under paragraph (a) of this subsection. This election shall be made on a uniform basis for all participants and beneficiaries. Under this election a group health plan or insurer shall count a period of creditable coverage with respect to any class or category of benefits if any level of benefits is covered within this class or category.

3. In the case of an election with respect to a group health plan under paragraph (b) of this subsection, whether or not health insurance coverage is provided in connection with the plan, the plan shall:

a. Prominently state in any disclosure statements concerning the plan, and state to each enrollee at the time of enrollment under the plan, that the plan has made this election; and

b. Include in these statements a description of the effect of this election.

(d) Periods of creditable coverage with respect to an individual shall be established through presentation of certifications described in subsection (6) of this section or in such other manner as may be specified in administrative regulations.

(5) (a) Subject to paragraph (d) of this subsection, a group health plan, and an insurer offering group health insurance coverage, may not impose any pre-existing condition exclusion in the case of an individual who, as of the last day of the thirty (30) day period beginning with the date of birth, is covered under creditable coverage.

(b) Subject to paragraph (d) of this subsection, a group health plan, and an insurer offering group health insurance coverage, may not impose any pre-existing condition exclusion in the case of a child who is adopted or placed for adoption before attaining eighteen (18) years of age and who, as of the last day of the thirty (30) day period beginning on the date of the adoption or placement for adoption, is covered under creditable coverage. The previous sentence shall not apply to coverage before the date of the adoption or placement for adoption.

(c) A group health plan, and insurer offering group health insurance coverage, may not impose any pre-existing condition exclusion relating to pregnancy as a pre-existing condition.

(d) Paragraphs (a) and (b) of this subsection shall no longer apply to an individual after the end of the first sixty-three (63) day period during all of which the individual was not covered under any creditable coverage.

(6) (a) 1. A group health plan, and an insurer offering group health insurance coverage, shall provide the certification described in subparagraph 2. of this subsection:

a. At the time an individual ceases to be covered under the plan or otherwise becomes covered under a COBRA continuation provision;

b. In the case of an individual becoming covered under such a provision, at the time the individual ceases to be covered under the provision; and

c. On the request on behalf of an individual made not later than twenty-four (24) months after the date of cessation of the coverage described in subdivision a. or b. of this subparagraph, whichever is later.

The certification under subdivision a. of this subparagraph may be provided, to the extent practicable, at a time consistent with notices required under any applicable COBRA continuation provision.

2. The certification described in this subparagraph is a written certification of:

a. The period of creditable coverage of the individual under the plan and the coverage, if any, under the COBRA continuation provision; and

b. The waiting period, if any, and affiliation period, if applicable, imposed with respect to the individual for any coverage under the plan.

3. The employee stated in writing at that time that coverage under a group health plan or health insurance coverage was the reason for declining enrollment, but only if the plan sponsor or insurer, if applicable, required such a statement at that time and provided the employee with notice of the requirement, and the consequences of the requirement, at that time;

3. The employee's or dependent's coverage described in subparagraph 1. of this paragraph:

SECTION 10. A NEW SECTION OF SUBTITLE 17 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

An insurer that, on or after July 15, 1995, until the effective date of this Act, issued standard health benefit plans under KRS 304.17A-160 and then ceased doing business in Kentucky may apply to the commissioner on or after the effective date of this Act for approval to reenter Kentucky and engage in the health insurance business notwithstanding the provisions of KRS 304.17A-110(1)(d) as it existed on the date the insurer ceased doing business in Kentucky.

SECTION 11. A NEW SECTION OF SUBTITLE 18 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

An insurer that, on or after July 15, 1995, until the effective date of this Act, issued standard health benefit plans under KRS 304.17A-160 and then ceased doing business in Kentucky may apply to the commissioner on or after the effective date of this Act for approval to reenter Kentucky and engage in the health insurance business notwithstanding the provisions of KRS 304.17A-110(1)(d) as it existed on the date the insurer ceased doing business in Kentucky.

Section 12. KRS 304.17A-095 is amended to read as follows:

(1) Notwithstanding any other provisions of this chapter to the contrary, each insurer that issues, delivers, or renews any health benefit plan shall, before use thereof, file with the commissioner its rates, fees, dues, and other charges paid by insureds, members, enrollees, or subscribers and shall comply with the provisions of this section. The insurer shall adhere to its rates, fees, dues, and other charges as filed[~~ with the commissioner~~]. The insurer may submit new filings from time to time as it deems proper[~~, except as provided in subsection (5) of this section~~].

(2) (a) ***Within thirty (30) days after the filing, the commissioner shall enter an order approving or disapproving the filing, except***[~~Each filing under this section shall be on file for a waiting period of thirty (30) days before it becomes effective.~~] the period may be extended by the commissioner for an additional period not to exceed thirty (30) days if the commissioner gives notice within the waiting period to the insurer that[~~ it needs~~] the additional time ***is necessary*** for consideration of the filing.

(b) At the end of the thirty (30) day period, or any additional period if extended by the commissioner pursuant to this subsection, the filing shall be deemed approved unless prior thereto it has been disapproved by order of the commissioner or the commissioner has directed that a hearing be held.

(c)[~~(b)~~]The commissioner may ***issue an order scheduling***[~~hold~~] a hearing, without request by others, within thirty (30) days after receiving a filing under this subtitle, or during an additional thirty (30) day period, and shall issue an order approving or disapproving the filing within thirty (30) days following the conclusion of the hearing.

[~~(c) If the filing contains an average premium rate increase which will result in a percentage increase over the insurer's average existing rates that is greater than the percentage change in the medical care consumer price index for all urban consumers for the South region as published by the federal Bureau of Labor Statistics, plus three percent (3%), since the last filing of the insurer for any of the same policies or contracts, the commissioner shall hold a hearing, without request by others, within thirty (30) days after receiving a filing under this subtitle,~~]

~~or during an additional thirty (30) day period, and shall issue an order approving or disapproving the filing within thirty (30) days following the conclusion of the hearing.~~]

(3) In approving or disapproving a filing under this section, the commissioner shall consider:

(a) Whether the benefits provided are reasonable in relation to the premium or fee charged;

(b) Whether the fees paid to providers for the covered services are reasonable in relation to the premium or fee charged;

(c) Previous premium rates or fees for the policies or contracts to which the filing applies;

(d) The effect of the rate or rate increase on policyholders, enrollees, and subscribers;

(e) Whether the rates, fees, dues, or other charges are excessive, inadequate, or unfairly discriminatory; and

(f) Other factors as deemed relevant by the commissioner.

(4) Not less than ten (10) days in advance of a hearing held under this section, the commissioner shall notify the Attorney General in writing of the hearing. The Attorney General ***may***[~~shall~~] participate as a health insurance consumer intervenor and be considered a party to the hearing.

(5) ***The rates for each policyholder shall be guaranteed for twelve (12) months at the rate in effect on the date of issue or date of renewal.***

(6) Notwithstanding subsection (5) of this section, any health benefit plan in effect on the effective date of this Act may, on any renewal date before July 1, 1999, be renewed for a period less than twelve (12) months if both the policyholder and the insurer agree[~~No insurer receiving the commissioner's approval of a filing under this section shall submit a new filing containing a rate or fee increase for any of the same policies or contracts until at least twelve (12) months have elapsed following the effective date of the approved increase~~].

(7) The premium rate for health benefit plans issued to high-risk individuals under modified community rating who at the time of issue had a high-risk condition during the period from July 15, 1995, until the effective date of this Act for a new rating period, shall not be increased by more than twenty-five percent (25%) on either of the first two (2) renewal dates after the effective date of this Act. The total increase shall not exceed a maximum of thirty-five percent (35%) of the index rate.

(8)[~~(6)~~] At any time the commissioner, after a public hearing for which at least thirty (30) days' notice has been given, may withdraw approval of rates or fees previously approved under this section and may order an appropriate refund to policyholders, enrollees, and subscribers if the commissioner determines that the benefits are no longer reasonable in relation to the premiums or fees charged.

(9) Subsection (2)(a) and (b) of this section shall not apply if the filing is accompanied by a minimum loss ratio guarantee. Insurers may use the premium rates contained in a filing accompanied by a minimum loss ratio guarantee upon filing with the department. Insurers may use the filing procedure specified in this subsection only if the affected policy forms disclose the benefit of a minimum loss ratio. Once an insurer elects to use the filing procedure in this section for a policy form or forms, the insurer shall not use a filing of premium rates which does not provide a minimum loss ratio guarantee for that policy form or forms.

(a) The minimum loss ratio guarantee shall be in writing and shall contain at least the following:

1. An actuarial memorandum specifying the expected loss ratio that complies with the standards as set forth in this section;

2. Detailed experience information concerning the policy form;

3. A step-by-step description of the process used to develop the experience loss ratio;

4. A guarantee of a specific minimum loss ratio, which shall be greater than or equal to the following, taking into consideration adjustments for duration as set forth in administrative regulations promulgated by the commissioner:

a. Sixty-five percent (65%) for policies issued to individuals;

b. Sixty-five percent (65%) for policies issued to groups of two (2) to ten (10) individual members or employees; and

c. Seventy percent (70%) for policies issued to groups of eleven (11) to fifty (50) individual members or employees;

5. A guarantee that the actual Kentucky loss ratio for the calendar year in which the new rates take effect, and for each year thereafter until new rates are filed, will meet or exceed the minimum loss ratio standards referred to in subparagraph 4. of this paragraph; and

6. If the annual earned premium volume in Kentucky under the particular policy form is less than two million five hundred thousand dollars ($2,500,000), the minimum loss ratio guarantee shall be based

partially on the Kentucky earned premium and other creditability factors as specified by the commissioner.

(b) The actual Kentucky minimum loss ratio results for each year at issue shall be independently audited at the insurer's expense and the audit shall be filed with the commissioner not later than one hundred twenty (120) days after the end of the year at issue.

(c) The insurer shall refund premiums in the amount necessary to bring the actual aggregate loss ratio up to the guaranteed minimum loss ratio.

(d) A Kentucky policyholder affected by the guaranteed minimum loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund shall be made to all Kentucky policyholders insured under the applicable policy form as of December of the year at issue if the refund would equal ten dollars ($10) or more per policy. The refund shall include statutory interest from July 1 of the year at issue until the date of payment. Payment shall be made not later than one hundred eighty (180) days after the end of the year at issue.

(e) Premium refunds of less than ten dollars ($10) per insured shall be aggregated by the insurer and paid to the insurance regulatory trust fund.

(10)[~~(7)~~] The commissioner may by administrative regulation prescribe any additional information it deems relevant to be included in the filings and the form of the filings required by this section.

[~~(8) Because of the duties of the commissioner imposed under KRS 304.17A-090, the commissioner may, between July 15, 1996, and December 31, 1996, in addition to the thirty (30) day extension allowed under subsection (2) of this section, further extend the waiting period and the time for holding a hearing up to two (2) additional thirty (30) day periods upon thirty (30) days' written notice to the insurer of each extension that the additional periods are necessary due to proper fulfillment of the commissioner's duties under KRS 304.17A-090.~~]

Section 13. KRS 304.14-130 is amended to read as follows:

(1) The commissioner shall disapprove any form filed under KRS 304.14-120, or withdraw any previous approval thereof, only on one (1) or more of the following grounds:

(a) If it is in any respect in violation of, or does not comply with, this code.

(b) If it contains or incorporates by reference, where such incorporation is otherwise permissible, any inconsistent, ambiguous, or misleading clauses, or exceptions and conditions which deceptively affect the risk purported to be assumed in the general coverage of the contract.

(c) If it has any title, heading, or other indication of its provisions which is misleading, or is printed in such size of type or manner of reproduction as to be substantially illegible.

(d) If it excludes coverage for human immunodeficiency virus infection or acquired immunodeficiency syndrome or contains limitations in the benefits payable, or in the terms or conditions of the contract, for human immunodeficiency virus infection or acquired immunodeficiency syndrome which are different than those which apply to any other sickness or medical condition.

(e) As to an individual health insurance policy, if the benefits provided therein are unreasonable in relation to the premium charged.

(2) The insurer shall not use in this state any such form after disapproval or withdrawal of approval.

Section 14. KRS 304.18-050 is amended to read as follows:

[~~(1)~~]Any contract of group health insurance may provide for the readjustment of the rate of premium based upon the experience thereunder.

[~~(2) Notwithstanding any other provision of any subtitle of this chapter, any standard health benefit plan or contract of group health insurance issued to an eligible association shall not be required to determine the amount or rate of premium thereunder using a community rating methodology or a modified community rating methodology and may determine the amount or rate of premium based upon the experience or projected experience thereunder without restriction.~~

~~(3) As used in this section, "eligible association" means an organization which meets all of the following criteria:~~

~~(a) Was in existence on January 30, 1996;~~

~~(b) Is either an association within the meaning of KRS 304.18-020(1)(b) or the trustees of a fund established by one (1) or more associations within the meaning of KRS 304.18-020(1)(c);~~

~~(c) Does not deny membership in the organization on the basis of health status or claims experience;~~

~~(d) Does not exclude members or employees of members or their dependents from eligibility under any standard health benefit plan or contract of group health insurance purchased by the organization on the basis of health status or claims experience; and~~

~~(e) Complies with those provisions of Subtitle 17A of this chapter, if any, relating to the renewability or portability~~

~~of health benefit plans, coverage of pre-existing conditions, and issuance on a guaranteed issue basis but is not required to comply with any other provisions of Subtitle 17A of this chapter.~~

~~(4) If an organization is otherwise qualified under the criteria of subsection (3) of this section but which, as of January 30, 1996, does not offer group health insurance to its members, the organization shall be prohibited from offering any group health insurance program unless, by September 1, 1996, it has applied for approval from the Department of Insurance pursuant to Subtitle 18 of this chapter and the applicable administrative regulations promulgated under that subtitle.~~

~~(5) Eligible associations that purchase, put together, or assist in purchasing any standard health benefit plan or policy of group health insurance authorized or permitted under this section shall not be considered, for any purpose under this chapter, to be discriminating in their activities based on health status or historical or projected claims experience.~~

~~(6)~~]If a policy dividend is declared or a reduction in rate is made or continued for the first or any subsequent year of insurance under any policy of group health insurance issued prior to or after June 18, 1970, to any policyholder, the excess, if any, of the aggregate dividends or rate reductions under such policy and all other group insurance policies of the policyholder over the aggregate expenditure for insurance under such policies made from funds contributed by the policyholder, or by an employer or insured persons, or by a union or association to which the insured persons belong, including expenditures made in connection with administration of such policies, shall be applied by the policyholder for the sole benefit of insured employees or members.

[~~(7) Without limiting the general application of this section, the provisions of this section shall apply to any standard health benefit plan or contract of group health insurance issued to an eligible association and which is issued by a health maintenance organization holding a certificate of authority issued pursuant to Subtitle 38 of this chapter.~~]

Section 15. KRS 304.14-120 is amended to read as follows:

(1) No basic insurance policy or annuity contract form, or application form where written application is required and is to be made a part of the policy or contract, or printed rider or indorsement form or form of renewal certificate, shall be delivered, or issued for delivery in this state, unless the form has been filed with and approved by the commissioner. This provision shall not apply to[~~ standard health care benefit plans established under KRS 304.17A-160, or to~~] surety bonds, or to specially-rated inland marine risks, or to policies, riders, indorsements, or forms of unique character designed for and used with relation to insurance upon a particular subject, or which relate to the manner or distribution of benefits or to the reservation of rights and benefits under life or health insurance policies and are used at the request of the individual policyholder, contract holder, or certificate holder. As to group insurance policies issued and delivered to an association outside this state but covering persons resident in this state, all or substantially all of the premiums for which are payable by the insured members, the group certificates to be delivered or issued for delivery in this state shall be filed with and approved by the commissioner. As to forms for use in property, marine (other than wet marine and transportation insurance), casualty and surety insurance coverages the filing required by this subsection may be made by rating organizations on behalf of its members and subscribers; but this provision shall not be deemed to prohibit any such member or subscriber from filing any such forms on its own behalf.

(2) Every such filing shall be made not less than sixty (60) days in advance of any such delivery. At the expiration of such sixty (60) days the form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. Approval of any such form by the commissioner shall constitute a waiver of any unexpired portion of such waiting period. The commissioner may extend by not more than a thirty (30) day period within which he may so affirmatively approve or disapprove any such form, by giving notice to the insurer of such extension before expiration of the initial sixty (60) day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such form shall be deemed approved. The commissioner may at any time, after notice and for cause shown, withdraw any such approval.

(3) Any order of the commissioner disapproving any such form or any notice of the commissioner withdrawing a previous approval shall state the grounds therefor and the particulars thereof in such detail as reasonably to inform the insurer thereof. Any such withdrawal of a previously approved form shall be effective at expiration of such period, not less than thirty (30) days after the giving of the notice of withdrawal, as the commissioner shall in such notice prescribe.

(4) The commissioner may, by order, exempt from the requirements of this section for so long as he deems proper any insurance document or form or type thereof as specified in such order, to which, in his opinion, this section may not practicably be applied, or the filing and approval of which are, in his opinion, not desirable or necessary for the protection of the public.

(5) Appeals from orders of the commissioner disapproving any such form or withdrawing a previous approval shall be taken as provided in Subtitle 2 of this chapter.

SB 296, AN ACT relating to unemployment insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 341.270 is amended to read as follows:

(1) Except as otherwise provided in this section, each employer's contribution rate shall be three percent (3%). ***Effective for employers who become subject to this chapter on or after January 1, 1999, except as otherwise provided in this section, each employer's contribution rate shall be two and seven-tenths percent (2.7%).***

(2) ***Except as otherwise provided in this section,*** no subject employer's contribution rate shall be less than ***two and seven-tenths percent (2.7%)***[~~three percent (3%)~~], unless he has been an employer subject to the provisions of this chapter for twelve (12) consecutive calendar quarters ended as of the computation date. ***In any calendar year in which the rate schedule prescribed in paragraph (3)(a) of this section is in effect, no subject employer who was assigned an entry rate of three percent (3.0%) under the provisions of subsection (1) of this section prior to January 1, 1999, shall have a contribution rate less than two and eight hundred fifty-seven thousandths percent (2.857%), unless subject to this chapter for the minimum time period specified above.***

(3) For the calendar year ***1999***[~~1982~~] and each calendar year thereafter, employer contribution rates shall be determined in accordance with "Table A" set out in subsection (4) of this section. For each calendar year, the secretary shall determine the rate schedule to be in effect based upon the "trust fund balance" as of December 31 of the preceding year. If such "trust fund balance":

(a) ***Equals or exceeds one and eighteen hundredths percent (1.18%) of the total wages paid in covered employment in the state during the state fiscal year ended as of June 30 of that year, the rates listed in the "Trust Fund Adequacy Rates" schedule of "Table A" shall be in effect.***

(b) Equals or exceeds three hundred fifty million dollars ($350,000,000) ***but is less than the amount required to effectuate the "Trust Fund Adequacy Rates" schedule as provided in paragraph (a) of this subsection***, the rates listed in "Schedule A" of "Table A" shall be in effect.

(c)[~~(b)~~]Equals or exceeds two hundred seventy-five million dollars ($275,000,000) but is less than three hundred fifty million dollars ($350,000,000), the rates listed in "Schedule B" of "Table A" shall be in effect.

(d)[~~(c)~~]Equals or exceeds two hundred fifty million dollars ($250,000,000) but is less than two hundred seventy-five million dollars ($275,000,000), the rates listed in "Schedule C" of "Table A" shall be in effect.

(e)[~~(d)~~]Equals or exceeds one hundred fifty million dollars ($150,000,000) but is less than two hundred fifty million dollars ($250,000,000), the rates listed in "Schedule D" of "Table A" shall be in effect.

(f)[~~(e)~~] Is less than one hundred fifty million dollars ($150,000,000), the rates listed in "Schedule E" of "Table A" shall be in effect.

(4) For the calendar year 1982 and each calendar year thereafter, contribution rates shall be determined upon the basis of an individual employer's reserve ratio as of the computation date and the schedule of rates established under subsection (3) of this section. Except as otherwise provided in this section, the contribution rate for each subject employer for the calendar year immediately following the computation date shall be the rate in that "Schedule" of "Table A," as set out below, effective with respect to such calendar year, which appears on the same line as his reserve ratio as shown in the "Employer Reserve Ratio" column of the same table.

(5) As used in this section and elsewhere in this chapter, unless the context clearly requires otherwise:

(a) "Trust fund balance" means the amount of money in the unemployment insurance fund, less any unpaid advances made to the state under Section 1201 of the Social Security Act. In determining the amount in the fund as of a given date all money received by the department as of such date shall be considered as being in the fund on such date.

(b) "Total wages" means all remuneration for services, as defined in subsections (1) to (7) of KRS 341.030, paid by subject employers.

(c) An employer's "reserve ratio" means the percentage ratio of his reserve account balance as of the computation date to his taxable payrolls for the twelve (12) consecutive calendar quarters ended as of September 30 immediately preceding the computation date.

(d) For the purposes of this section, an employer's "reserve account balance" means the amount of contributions credited to his reserve account as of the computation date, less the benefit charges through September 30 immediately preceding the computation date. If benefits charged to an account exceed contributions credited to such account, such account shall be considered as having a debit balance and a reserve ratio of "less than zero."

(e) "Computation date" is October 31 of each calendar year prior to the effective date of new rates of contributions.

Section 2. KRS 341.330 is amended to read as follows:

(1) Not later than five (5) years after the date on which any contributions, interest or penalties were paid, an employing unit which has paid such contributions, interest or penalties may make application for an adjustment in connection with subsequent contribution payments, or for a refund thereof[~~ because such adjustment cannot be made~~]; except that no such application may be made in connection with any payment made as a result of any administrative determination affecting that employing unit's liability, contribution rate, or amount of contributions where no application for review by the commission was made as provided in subsection (2) of KRS 341.430, or where such review was made but no such adjustment was determined by the commission to be due.

(2) If such contributions, interest or penalties or any portion thereof were erroneously collected, the employing unit shall be allowed to make an adjustment thereof, without interest, in connection with subsequent contribution payments by it; ***or, if the amount erroneously collected exceeds fifty dollars ($50), the amount may be refunded, without interest, upon written request by the employing unit;*** or, if ***an***[~~such~~] adjustment cannot be made ***because the employing unit will have no subsequent liability***, ***the***[~~such~~] amount shall be refunded, without interest, from the funds into which such contributions, interest or penalties were paid.

(3) For like cause and within the same period, adjustment or refund may be so made by the secretary on his own initiative.

Section 3. KRS 341.380 is amended to read as follows:

(1) All benefits shall be paid through employment offices, or such other agencies as may be designated by regulations of the secretary. Claims for all payments of benefits shall be made in accordance with regulations of the secretary.

(2) The weekly benefit rate payable to an eligible worker for weeks of unemployment shall, except as provided in KRS 341.390, be an amount equal to one and one hundred eighty-five one-thousandths[~~ of one~~] percent (1.185%) of his total base-period wages, except that no worker's weekly benefit amount shall be less than ***thirty-nine***[~~twenty-two~~] dollars ***($39)***[~~($22)~~], nor more than the maximum rate as determined in accordance with subsection (3) of this section. ***For claims effective on or after January 1, 1999, the weekly benefit rate shall, except as provided in Section 4 of this Act, be one and two hundred thirty-five thousandths percent (1.235%) of his total base-period wages, except that no worker's weekly benefit amount shall be less than thirty-nine dollars ($39) nor more than the maximum rate as determined in accordance with subsection (3) of this section; provided, however, that the tax rate schedule prescribed in subsection (3)(a) of Section 1 of this Act is in effect in that year. If that rate schedule is not in effect in calendar year 1999 but takes effect in a subsequent calendar year, the increase in the weekly benefit rate calculation shall apply to claims effective on or after January 1 of the year in which that rate schedule is in effect.***

(3) Prior to the first day of July of each year the secretary shall determine the average weekly wage for insured employment by dividing the average monthly employment, as obtained by dividing the total monthly employment reported by subject employers for the preceding calendar year by twelve (12), into the total wages reported by such employers for such calendar year and dividing by fifty-two (52). Fifty-five percent (55%) of the amount thus obtained, adjusted to the nearest multiple of one dollar ($1), shall constitute the maximum weekly benefit rate for those workers whose benefit year commences on or after the first day of July of such year and prior to the first day of July of the next following year; ***beginning in calendar year 1999, or any subsequent year in which the increase in the weekly benefit rate calculation set forth in subsection (2) of this section should take effect, sixty-two percent (62%) of the average weekly wage, adjusted to the nearest multiple of one dollar ($1), shall constitute the maximum weekly benefit rate for those workers whose benefit year commences on or after the first day of July of that year and prior to the first day of July of the next following year;*** except that for the benefit years beginning on or after July 1, 1982, if the "trust fund balance" as of December 31 immediately preceding the benefit year is less than one hundred twenty million dollars ($120,000,000), the maximum weekly benefit rate shall not exceed the prior year's maximum weekly benefit rate. If such "trust fund balance" as of December 31 immediately preceding the benefit year:

(a) Equals or exceeds one hundred twenty million dollars ($120,000,000), but is less than one hundred fifty million dollars ($150,000,000), the maximum weekly benefit rate shall not exceed the prior year's maximum weekly benefit rate by more than six percent (6%). The rate thus determined shall be adjusted to the nearest multiple of one dollar ($1);

(b) Equals or exceeds one hundred fifty million dollars ($150,000,000), but is less than two hundred fifty million dollars ($250,000,000), the maximum weekly benefit rate shall not exceed the prior year's maximum weekly benefit rate by more than eight percent (8%). The rate thus determined shall be adjusted to the nearest multiple of one dollar ($1);

(c) Equals or exceeds two hundred fifty million dollars ($250,000,000), but is less than two hundred seventy-five million dollars ($275,000,000), the maximum weekly benefit rate shall not exceed the prior year's maximum weekly benefit rate by more than ten percent (10%). The rate thus determined shall be adjusted to the nearest multiple of one dollar ($1).

(d) Equals or exceeds two hundred seventy-five million dollars ($275,000,000), but is less than three hundred fifty million dollars ($350,000,000), the maximum weekly benefit rate shall not exceed the prior year's maximum weekly benefit rate by more than twelve percent (12%). The rate thus determined shall be adjusted to the nearest multiple of one dollar ($1); and

(e) Is such that it resulted in the establishment of an employer contribution rate schedule, as provided for in KRS 341.270, for the current calendar year which has a higher minimum rate[~~ and a higher maximum rate~~] than the schedule in effect for the immediately preceding calendar year, the maximum weekly benefit rate shall not exceed the prior year's maximum weekly benefit rate.

(4) The maximum amount of benefits payable to any worker within any benefit year shall be the amount equal to whichever is the lesser of:

(a) Twenty-six (26) times his weekly benefit rate; or

(b) One-third (1/3) of his base-period wages, except that no worker's maximum amount shall be less than fifteen (15) times his weekly benefit rate. Such maximum amount, if not a multiple of one dollar ($1), shall be adjusted to the nearest multiple of one dollar ($1).

Section 4. KRS 341.390 is amended to read as follows:

There shall be deducted from the benefit rate determined for a worker in accordance with subsection (2) of KRS 341:380:

(1) Eighty percent (80%), adjusted to the nearest multiple of one dollar ($1), of the amount of wages earned by such worker during the week of unemployment with respect to which he claims benefits. For the purpose of this subsection, wages shall also include amounts earned by benefit claimants in self employment provided such earnings otherwise meet the definition of wages as contained in KRS 341.030;

(2) The amount of remuneration which the worker has received or is receiving with respect to such week of unemployment (adjusted to the nearest multiple of one dollar ($1) in the form of remuneration in lieu of notice; and

(3) (a) The amount of compensation payable to an individual for any week which begins after March 31, 1980, and which begins in a period with respect to which such individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment under a plan maintained or contributed to a chargeable or base-period employer, shall be reduced (but not below zero (0)) by an amount equal to the amount of such pension, retirement or retired pay, annuity, or other payment which is reasonably attributable to such week; except that the secretary may provide for limitations on the amount of any such deduction to take into account contributions made by the worker for the pension, retirement or retired pay, annuity, or other similar periodic payment. ***The weekly benefit amount payable to a claimant for a week shall be reduced, but not below zero, by no part of a Social Security retirement pension if fifty percent (50%) or more of the contributions to the plan were provided by the claimant during the claimant's base period.***

(b) No reduction shall be made under this section by reason of the receipt of a pension if the services performed by the worker during the base period (or remuneration received for such services) for such employer did not affect the worker's eligibility for, or increase the amount of, such pension, retirement or retired pay, annuity, or other similar periodic payment. The conditions specified by this subsection shall not apply to pensions paid under the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law). Payments made under such acts shall be treated solely in the manner specified by paragraph (a) of this subsection.

(c) If Public Law 94-566, Public Law 96-364 or the federal act which amends either for any cause shall become inoperative in its application, or stayed pendente lite, as to deductions of such compensation, then, subsection (3) of this section, by virtue of that fact, shall likewise and to the same extent, become inoperative as to such deductions.

Section 5. KRS 341.392 is amended to read as follows:

(1) A worker filing a new claim for unemployment benefits shall, at the time of filing such claim, disclose whether or not he owes child support obligations as defined under this section. If any such worker discloses that he owes child support obligations, and is determined to be eligible for unemployment benefits, the secretary shall notify the state or local child support enforcement agency enforcing such obligation that the worker has been determined to be eligible for unemployment benefits.

(2) The secretary shall deduct and withhold from any unemployment benefits payable to a worker that owes child support obligations:

(a) The amount specified by the worker to the secretary to be deducted and withheld under this subsection, if neither (b) nor (c) applies;

(b) The amount, if any, determined pursuant to an agreement submitted to the secretary under 42 U.S.C. 654 (Section 454(20)(b)(i) of the Social Security Act) by the state or local child support enforcement agency if (c) is not applicable; or

(c) Any amount required to be so deducted and withheld from such unemployment benefits pursuant to legal process as that term is defined in~~[42 U.S.C. 662(e) (Section 462(e) of]~~ the Social Security Act~~[)]~~ properly served upon the secretary.

(3) (a) Any amount deducted and withheld under this section shall be paid by the secretary to the appropriate state or local child support enforcement agency.

(b) Any amount deducted and withheld under this section shall for all purposes be treated as if it were paid to the worker as unemployment benefits and paid by such worker to the state or local child support enforcement agency in satisfaction of the worker's child support obligations.

(4) For purposes of this section, the term "unemployment benefits" shall mean any compensation payable under this chapter (including amounts payable by the secretary pursuant to an agreement under any federal law providing compensation, assistance, or allowances with respect to unemployment).

(5) The provisions set forth in this section apply only if appropriate arrangements have been made for reimbursement by the state or local child support enforcement agency for the administrative costs incurred by the secretary under this section which are attributable to child support obligations being enforced by the state or local child support enforcement agency.

(6) The term "child support obligations" is defined for purposes of these provisions as including only obligations which are being enforced pursuant to a plan prescribed in 42 U.S.C. 654 (Section 454 of the Social Security Act) which has been approved by the Secretary of Health and Human Services under 42 U.S.C. 651-662 (Part D of Title IV of the Social Security Act).

(7) The term "state or local child support enforcement agency" as used in these provisions means any agency of a state or a political subdivision thereof operating pursuant to a plan described in this section.

Section 6. KRS 341.415 is amended to read as follows:

(1) Any person who has received any sum as benefits under this chapter or any other state's unemployment insurance statutes or any United States Department of Labor unemployment insurance benefit program providing the secretary has signed a reciprocal agreement with such other state or the United States Department of Labor as provided in KRS 341.145, while any condition for the receipt of such benefits was not fulfilled in his case, or while he was disqualified from receiving benefits, or if he has received benefits in weeks for which he later receives a back pay award, shall, in the discretion of the secretary, either have such sum deducted from any future benefits payable to him under this chapter or repay the department for the fund a sum equal to the amount so received by him. If after due notice the recipient of such sum fails to remit or arrange for remittance of the sum, the sum may be collected in the manner provided in subsection (2) of KRS 341.300 for collection of past-due contributions and any sums so collected shall be credited to the pooled account or the appropriate reimbursing employer account. ***However, if the benefit was paid as a result of departmental error as defined by administrative regulation***~~[Unless there has been a false statement, misrepresentation, concealment of material information, or an award of back pay, by a recipient of benefits]~~, there shall be no recoupment or recovery of an improperly paid benefit, except by deduction from any future benefits payable to him under this chapter~~[, if the benefit was paid as a result of departmental error]~~. For purposes of this section, overpayments as a result of a reversal of entitlement to benefits in the appeal or review process shall not be construed to be the result of departmental error.

(2) At or after the commencement of an action under subsection (1) of this section, attachment may be had against property of the recipient of improperly paid benefits in the manner provided in subsection (3) of KRS 341.300.

(3) A lien on a parity with state, county, and municipal ad valorem tax liens, is hereby created in favor of the department upon all property of any recipient of improperly paid benefits. This lien shall be for a sum equal to the amount of the overpayment finally determined ***and shall continue until the amount of the overpayment plus any subsequent assessment of additional improperly paid benefits, interest, and fees are fully paid***. The lien shall commence from such time as the recipient has exhausted or abandoned the appeal procedure set forth in this chapter and the amount of the overpayment is finally fixed. A notice of lien may be filed in the same manner as that provided for in KRS 341.310.

(4) Any amount paid to a person as benefits, which he has been found liable to repay or to have deducted from future benefits under subsections (1), (2), and (3) of this section, which has neither been repaid nor so deducted within a period of five (5) years following the last day of the benefit year within which it was paid, may be deemed to be uncollectible and shall be permanently charged to the pooled account, except that if such payment was made by reason of fraudulent representations, no future benefits shall be paid such person within a period of ten (10) years of the last day of the benefit year within which such payments were made at which time these amounts may be declared uncollectible. Nothing in this subsection shall be deemed to affect collection of improperly paid benefits pursuant to a judgment or other legal remedy.

(5) In the event benefits have been paid as a result of false statement, misrepresentation, or concealment of material information by a recipient of benefits and have not been repaid by the recipient within one (1) calendar year from the date of the first notice, interest at the rate of one and five-tenths percent (1.5%) per month or any part thereof, shall be imposed on and added to the unpaid balance each successive month, providing due notice has been given to the recipient.

Such interest shall be paid into the unemployment compensation administration account.

(6) The deduction from future benefits specified in subsection (1) of this section shall be limited to twenty-five percent (25%) of the benefit amount otherwise payable under this chapter unless the overpayment resulted from a backpay award***, false statement, misrepresentation, or concealment of material information by a recipient of benefits. In these instances, the rate of deduction shall be one hundred percent (100%)***. The rate of deduction from benefits payable by another state or the United States of America shall be determined by the applicable state or federal statute.

Section 7. KRS 341.470 is amended to read as follows:

(1) No agreement by a worker to waive, release, or commute his rights to benefits or any other rights under this chapter shall be valid. No agreement by any worker to pay any portion of a subject employer's contributions, required under this chapter from such subject employer, shall be valid. No subject employer shall directly or indirectly make or require or accept any deductions from wages to finance the subject employer's contributions required of him. In cases involving awards to a worker by an arbitrator,~~[the National Labor Relations Board,]~~ court, ***or*** other administrative body or mediator, the secretary may require the employer to withhold benefits paid under this chapter from the award and pay the amount withheld into the unemployment insurance trust fund. All subject employers are required to notify the Department for Employment Services, Cabinet for Workforce Development prior to paying any back pay award.

(2) No worker claiming benefits shall be charged fees of any kind in any proceeding under this chapter by the commission, the secretary, or his representatives. Any worker claiming benefits in any proceeding before ***a referee or*** the commission may represent himself or may be represented by counsel or other agent duly authorized by such worker and shall be afforded the opportunity to participate in the proceeding without restriction; but no counsel or agent shall either charge or receive for such service more than an amount approved by the commission.

(3) (a) Any employer in any proceeding before ***a referee or*** the commission may represent himself or may be represented by counsel or other agent duly authorized by such employer; and

(b) Any person appearing in any proceeding before ***a referee or*** the commission who is an officer of, or who regularly performs in a managerial capacity for, a corporation or partnership which is a party to the proceeding in which the appearance is made shall be permitted to represent such corporation or partnership and shall be afforded the opportunity to participate in the proceeding without restriction.

(4) No assignment, pledge, or encumbrance of any right to benefits due or payable under this chapter shall be valid; and such rights to benefits shall be exempt from levy, execution, attachment, or any other remedy for the collection of debt. Benefits received by any worker, as long as they are not mingled with other funds of the recipient, shall be exempt from any remedy for the collection of all debts except debts incurred for necessaries furnished to such worker or his spouse or dependents during the time such worker was unemployed. No waiver of any exemption provided for in this subsection shall be valid.

(5) The provisions of this section shall not be applicable to child support deductions made in accordance with KRS 341.392 and withholding for federal and state income tax in accordance with KRS 341.395.

Section 8. KRS 341.490 is amended to read as follows:

(1) There shall be a special fund known as the unemployment insurance fund which shall be administered separate and apart from all public money or funds of this state. This fund shall consist of:

(a) All contributions, payments in lieu of contributions, and money collected under this chapter, except fines, penalties, and interest on delinquent contributions collected under KRS 341.300 ***and service capacity upgrade payments collected under Section 11 of this Act***;

(b) Interest earned upon any money in the fund;

(c) Any property or securities acquired through use of money belonging to the fund;

(d) All earnings of such property or securities;

(e) All money received from the federal unemployment account in the unemployment trust fund in accordance with Title XII of the Social Security Act as amended;

(f) All money credited to the account of this state in the unemployment trust fund in accordance with Section 903 of the Social Security Act as amended; and

(g) All money received from the federal government as reimbursement, pursuant to Section 204 of the Federal-State Extended Unemployment Compensation Act of 1970.

(2) All moneys in the fund shall be commingled and undivided.

(3) Subject to the provisions of this chapter, the secretary may have full power, authority, and jurisdiction over the fund, including all money and property or securities belonging thereto, and may perform any act necessary or convenient in the administration thereof consistent with this chapter.

Section 9. KRS 341.530 is amended to read as follows:

(1) The department shall maintain a reserve account for each subject employer making contributions to the fund and a reimbursing employer account for each subject employer making payment in lieu of contributions, and shall, except as provided in KRS 341.590, credit to such account the total amount of all contributions or benefit reimbursement paid by the employer on his own behalf. Nothing in this section or elsewhere in this chapter shall be construed to grant any employer or individual who is or was in his employ prior claims or rights to the amounts paid by him into the fund.

(2) Except as provided in subsection (3) of this section, all regular benefits paid to an eligible worker in accordance with KRS 341.380 plus the extended benefits paid in accordance with KRS 341.700 to 341.740, subject to the provisions of paragraphs (a) and (b) below, shall be charged against the reserve account or reimbursing employer account of his most recent employer. No employer shall be deemed to be the most recent employer unless the eligible worker to whom benefits are payable shall have worked for such employer in each of ten (10) weeks whether or not consecutive ***back to the beginning of the worker's base period***.

- (a) Subject employers, which are not governmental entities as defined in KRS 341.069, shall be charged one-half (1/2) of the extended benefits paid in accordance with KRS 341.700 to 341.740; and
- (b) Subject employers which are governmental entities, as defined in KRS 341.069, shall be charged for all extended benefits paid in accordance with KRS 341.700 to 341.740 for compensable weeks occurring on or after January 1, 1979, and for one-half (1/2) of the extended benefits paid for compensable weeks occurring prior to such date.

(3) Notwithstanding the provisions of subsection (2) of this section, benefits paid to an eligible worker and chargeable to a contributing employer's reserve account under such subsection shall be charged against the pooled account if such worker was discharged by such employer for misconduct connected with his most recent work for such employer, voluntarily left his most recent work with such employer without good cause attributable to the employment, or ***the employer has continued to provide part-time employment and wages, without interruption, to the same extent that was provided from the date of hire***[~~such employer has continuously employed the worker without significant interruption since the end of the worker's base period and in the week with respect to which benefits are paid, wages and employment are provided to the worker by such employer to the same extent as during the base period~~], and the employer within a reasonable time, as prescribed by regulation of the secretary, notifies the department, in writing, of the alleged voluntary quitting, discharge for misconduct or continuing ***part-time*** employment; provided, however, that no employer making payments to the fund in lieu of contributions shall be relieved of charges by reason of this subsection.

(4) Each subject employer's reserve account or reimbursing account shall, unless terminated as of the computation date (as defined in subsection (5) of KRS 341.270), be charged with all benefits paid to eligible workers which are chargeable to such reserve account or reimbursing account under subsection (2) of this section. A subject employer's reserve account or reimbursing account shall be deemed to be terminated if he has ceased to be subject to this chapter, and his account has been closed and any balance remaining therein has been transferred to the fund's pooled account or to a successor's account as provided in KRS 341.540 or has been refunded if the employer is a reimbursing employer.

(5) Notwithstanding subsection (1) of this section, two (2) or more nonprofit (Internal Revenue Code sec. 501(c)(3)) organizations may jointly request the secretary to establish a group reserve account or reimbursing account for such nonprofit organizations. Two (2) or more governmental entities may jointly request the secretary to establish a group reserve account or reimbursing account, and once established, such account shall remain in effect at least two (2) calendar years and thereafter until either dissolved at the discretion of the secretary or upon filing application for dissolution by the group members. Each member of a group shall be jointly and severally liable for all payments due under this chapter from each or all of such group members. The secretary shall prescribe such procedures as he deems necessary for the establishment, maintenance, and dissolution of a group reserve account or reimbursing account.

(6) Any subject contributing employer may at any time make voluntary payments to the fund, additional to the contributions required under KRS 341.260 and 341.270. Notwithstanding any other provision of this chapter, contributions paid on or before the computation date and voluntary payments made within twenty (20) days following the mailing of notices of new rates shall be credited to an employer's reserve account as of the computation date, provided no voluntary payments shall be used in computing an employer's rate unless the payment is made prior to the expiration of one hundred and twenty (120) days after the beginning of the year for which the rate is effective. Voluntary contributions by any employer subject to a minimum rate as provided in KRS 341.270(2) or KRS 341.272(1) shall not exceed any negative balance they may have in their reserve account as of the computation date. Any employer who is delinquent in the payment of contributions, penalties, or interest as of the computation date shall be entitled to make voluntary payments only after the amount of the delinquency is paid in full.

Section 10. KRS 341.540 is amended to read as follows:

(1) Any employing unit which succeeds to or acquires the organization, trade or business of a subject employer shall assume the resources and liabilities of the predecessor's reserve account, including interest, and shall continue the payment of all contributions and interest due under this chapter, except that the successor or acquirer shall not be required to assume the liability of any delinquent contributions and interest of a predecessor or predecessors unless the cabinet notifies the successor or acquirer of such delinquency within six (6) months after the department has notice of the succession or acquisition.

(2) The liability for delinquent contributions and interest imposed upon the successor or acquirer by subsection (1) of this section shall be secondary to the liability of the predecessor or predecessors, and if the delinquency has been reduced to judgment, the order of execution on such judgment shall be as follows:

(a) Against the assets, both real and personal, of the predecessor or predecessors;

(b) Against the assets, both real and personal, of the business acquired; and

(c) Against the assets, both real and personal, of the successor or acquirer.

(3) Notwithstanding the provisions of subsection (1), any employing unit which succeeds to or acquires a ***segregable and identifiable*** portion of the organization, trade or business from a subject employer, and who is, or by reason of such succession or acquisition becomes, a subject employer, shall assume the position of such employer with respect to the resources and liabilities of such reserve account in proportion to the ***percentage of the payroll or employees assignable to the transferred portion as determined by the secretary***[~~extent of such succession or acquisition as proposed by the parties in interest to the secretary for his approval or disapproval~~], and the taxable payroll, benefit charges and the potential benefit charges shall likewise be assumed by the successors or acquirers in interest in a like proportion[~~. In the absence of an approved agreement, the secretary may, not sooner than three (3) calendar months following the date of succession or acquisition, establish the extent of succession based upon the proportion of gross payroll reported by the predecessor in the most recently completed calendar quarter preceding the date of succession or acquisition for workers employed by the successor subsequent to that date; or upon such other basis as may be set forth in regulation~~].

(4) (a) The contribution rate of a successor or acquirer employing unit, whether in whole or in part, which was a subject employer prior to such succession or acquisition, shall not be affected by the transfer of the reserve account for the remainder of the rate year in which such succession or acquisition occurred.

(b) The contribution rate of a successor or acquirer employing unit, either in whole or in part, which was not a subject employer prior to such succession or acquisition, shall be, for the calendar year in which such succession or acquisition occurred, the same rate as that of its predecessor.

(c) The contribution rate for a successor or acquirer employing unit, which was not a subject employer prior to the simultaneous succession to or acquisition of two (2) or more predecessor reserve accounts, either in whole or in part, shall be the rate determined in accordance with the provisions of KRS 341.270, by combining the reserve accounts succeeded to or acquired as they existed as of the computation date for determining rates for the calendar year in which such succession or acquisition occurred.

(d) The contribution rate of a successor or acquirer employing unit which succeeds to or acquires, either in whole or in part, a predecessor's reserve account after a computation date but prior to the beginning of the calendar year immediately following such computation date shall be the rate determined, in accordance with KRS 341.270, by effecting the transfer of such reserve account as of the computation date immediately preceding the date of such succession or acquisition.

SECTION 11. A NEW SECTION OF KRS CHAPTER 341 IS CREATED TO READ AS FOLLOWS:

(1) There is created within the State Treasury a special fund known as the service capacity upgrade fund that shall be administered separate and apart from all public money or funds of the state.

(2) The service capacity upgrade fund shall be used solely for acquisition and upgrading of the technology base, program integrity functions, and service delivery capacity in support of the programs administered by the Department for Employment Services. The secretary shall have full power, authority, and jurisdiction over the fund, including all money, property, and securities belonging thereto, and shall perform any act necessary or convenient in the administration of the fund consistent with this section. The secretary shall provide an annual report to the Interim Joint Committee on Labor and Industry detailing all receipts and expenditures of the fund.

(3) Any money collected under the provisions of this section shall be invested at interest in banks or other interest-bearing obligations of the United States. Investments shall at all times be made so that all the assets of the service capacity upgrade fund shall be convertible into cash when needed for the payment of expenses incurred in upgrading the service capacity of the Department for Employment Services. All interest income received under this section shall be credited to the fund. The State Treasurer shall dispose of securities or other property belonging to the fund only under the direction of the secretary and the secretary of the Finance and Administration Cabinet.

(4) Effective January 1, 1999, all rates otherwise established under Section 1 of this Act and KRS 341.272 shall be reduced by subtracting seventy-five thousandths percent (0.075%) from each rate, but only if the trust fund balance as of December 31 of the preceding year is equal to or greater than one and eighteen hundredths percent (1.18%) of the total wages paid in the state during the state fiscal year ended as of June 30 of that year.

(a) If the trust fund balance as of December 31, 1999, is less than the trust fund balance as of December 31, 1998, the amount of the rate reduction for calendar year 2000 shall be reduced by forty percent (40%) to the level of forty-five thousandths percent (0.045%).

(b) If the trust fund balance as of December 31, 2000, is less than the trust fund balance as of December 31,

1999, the amount of the rate reduction for calendar year 2001 shall be forty percent (40%) less than the amount of the rate reduction which was in effect in calendar year 2000.

(5) For any calendar year in which all rates have been reduced in accordance with subsection (4) of this section, all contributory employers shall pay into the service capacity upgrade fund an amount equal to the percentage by which rates were reduced multiplied by their taxable wages paid during that calendar year. Payments shall be made at the same time and in the same manner as prescribed for payment of contributions under KRS 341.260 and all regulations prescribed by the secretary in support of that section. The restrictions in subsection (1) of Section 7 of this Act apply equally to the provisions of this section. Failure to make these payments shall be subject to interest and all other collection actions provided for failure to make contributions under KRS 341.300.

(6) All payments required under subsection (5) of this section, along with any interest due to late payment of these assessments, shall be deposited in the service capacity upgrade fund.

(7) The provisions of this section shall expire with regard to rates assigned for calendar years beginning after December 31, 2001, and any balance of moneys or property in the fund not expended or obligated for purposes consistent with this section by June 30, 2002, shall be deposited in the unemployment insurance trust fund.

Section 12. The following KRS section is repealed:

(3) Nothing in this chapter shall prevent any fiscal court from acquiring land by gift for public purposes.

(4) Nothing in this chapter, including the fact that a municipal street has not been accepted into the county road system, shall prevent any county from entering into an agreement, pursuant to the provisions of KRS 65.220 to 65.300, with any city located within the county to perform work upon or to provide personnel, materials or equipment for work to be

HJR 92, A JOINT RESOLUTION establishing the additional four (4) year highway construction plan outlined in the Recommended FY 1999 - FY 2004 Six Year Road Plan presented to the 1998 General Assembly.

WHEREAS, the statutes of the Commonwealth require a highway construction plan to be presented to the General Assembly that details those projects that will be presented for construction by the Department of Highways in future years; and

WHEREAS, the General Assembly recognizes the importance of planning and the assurance that once projects are initiated that they are completed; and

WHEREAS, in previous years shifting of projects has diminished the confidence of the General Assembly and the public that roads in the Six Year Road Plan will be constructed in a timely fashion; and

WHEREAS, the first major step in assuring that road projects are planned and built in a conscientious manner is to adopt projects scheduled for funding during the biennium in the budget memorandum and the projects scheduled for funding in the last four (4) years of the road plan in a joint resolution; and

WHEREAS, the General Assembly in adoption of this resolution is committed to working with the Department of Highways to develop a balanced and workable six (6) year road plan;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The projects authorized by the General Assembly in this Resolution constitute the official four (4) year highway construction plan outlined in the Recommended FY 1999 - FY 2004 Six Year Road Plan presented to the 1998 General Assembly. The Committee Substitute to **HJR 92** is as follows:

A JOINT RESOLUTION establishing the additional four (4) year highway construction plan outlined in the Recommended FY 1999 - FY 2004 Six Year Road Plan presented to the 1998 General Assembly.

WHEREAS, the statutes of the Commonwealth require a highway construction plan to be presented to the General Assembly that details those projects that will be presented for construction by the Department of Highways in future years; and

WHEREAS, the General Assembly recognizes the importance of planning and the assurance that once projects are initiated that they are completed; and

WHEREAS, in previous years shifting of projects has diminished the confidence of the General Assembly and the public that roads in the Six Year Road Plan will be constructed in a timely fashion; and

WHEREAS, the first major step in assuring that road projects are planned and built in a conscientious manner is to adopt projects scheduled for funding during the biennium in the budget memorandum and the projects scheduled for funding in the last four (4) years of the road plan in a joint resolution; and

WHEREAS, the General Assembly in adoption of this resolution is committed to working with the Department of Highways to develop a balanced and workable six (6) year road plan;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

HCR 119, A CONCURRENT RESOLUTION authorizing and directing a comprehensive study of highway signage in Kentucky.

WHEREAS, Congress has declared that outdoor advertising in areas adjacent to the interstate and Federal-aid primary systems should be controlled in order to protect the public investment in these highways, to promote the safety and recreational value of public travel and to preserve natural beauty; and

WHEREAS, on June 12, 1961, Kentucky entered into an agreement pursuant to Section 131 of Title 23, United States

Code, as amended by Section 106 of the Federal-Aid Highway Act of 1959, commonly known as the "Bonus Act" that mandated certain restrictions be placed upon outdoor advertising in return for bonus payments of one-tenth of one percent of the cost of interstate construction; and

WHEREAS, Kentucky has upheld its June 12, 1961, agreement by placing certain restrictions upon outdoor advertising while Congress has failed to appropriate moneys duly owed to the Commonwealth of Kentucky; and

WHEREAS, the General Assembly of the Commonwealth of Kentucky recognizes that outdoor advertising is a legitimate commercial use of private property adjacent to the interstate and primary highway systems, that outdoor advertising is of vital importance to the state's seven billion dollar per year tourism industry, and that it is necessary to regulate and control outdoor advertising to promote highway safety, convenience, and enjoyment of highway travel, and to preserve the natural scenic beauty of highways and adjacent areas;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the General Assembly of the Commonwealth of Kentucky requests the Legislative Research Commission to direct staff to conduct a study to:

(1) Examine the historical evolution of federal legislation and regulations pertaining to the control of outdoor advertising adjacent to interstates and federal-aid highways;

(2) Examine the nature and scope of agreements entered into by the Commonwealth of Kentucky and the federal government as they pertain to the control of outdoor advertising adjacent to interstates and federal-aid highways;

(3) Determine if the agreements entered into by the Commonwealth of Kentucky and the federal government as they pertain to the control of outdoor advertising adjacent to interstates and federal-aid highways are, by comparison with other states, more restrictive;

(4) Examine current state regulations pertaining to outdoor advertising to determine if such regulations are more or less restrictive than what is required by federal legislation and regulations;

(5) Examine how current state regulations pertaining to highway signage affect Kentucky's tourism industry; and

(6) Examine official signage policies and regulations in Kentucky for the purpose of determining if these policies may be reasonably modified to better assist Kentucky's tourism industry.

Section 2. The study shall be completed by June 1, 1999, and shall be presented to the Interim Joint Committee on Economic Development and Tourism or its successor.

Section 3. Staff services to be utilized in completing this study are estimated to cost $15,000. These staff services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the Commission.

HB 385, AN ACT relating to property tax.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.820 is amended to read as follows:

(1) The cabinet shall value and assess unmined coal, oil, and gas reserves, and any other mineral or energy resources which are owned, leased, or otherwise controlled separately from the surface real property at no more than fair market value in place, considering all relevant circumstances. Unmined coal, oil, and gas reserves and other mineral or energy resources shall~~[in all cases]~~ be valued and assessed by the Revenue Cabinet as a distinct interest in real property, separate and apart from the surface real estate ***except as provided in Section 2 of this Act***.

(2) Each owner or lessee of property assessed under subsection (1) of this section shall annually, between January 1 and April 15, file a return with the cabinet in a form as the cabinet may prescribe. Other individuals or corporations having knowledge of the property defined in subsection (1) of this section gained through contracting, extracting, or similar means may also be required by the cabinet to file a return.

(3) Any property subject to assessment by the cabinet under subsection (1) of this section which has not been listed for taxation, for any year in which it is taxable, by April 15 of that year shall be deemed omitted property.

(4) After the valuation of unmined minerals or other energy sources has been finally fixed by the cabinet, the cabinet shall certify to the county clerk of each county the amount liable for county, city, or district taxation. The report shall be filed by the county clerk in his office, and shall be certified by him to the proper collecting officer of the county, city, or taxing district for collection.

(5) The notification, protest, and appeal of assessments under subsection (1) of this section shall be made pursuant to the provisions of KRS Chapter 131.

(6) The collection of tax bills generated from the assessments made under subsection (1) of this section shall be made pursuant to the provisions of KRS Chapter 134.

SECTION 2. A NEW SECTION OF KRS CHAPTER 132 IS CREATED TO READ AS FOLLOWS:

(1) If the requirements of subsection (2) of this section are met, the cabinet shall not assess unmined minerals and other energy resources as a distinct interest in real property, separate and apart from the surface real estate. The property valuation administrator shall assess the surface at its agricultural or horticultural value and any unmined minerals and other energy resources shall be considered as a value in excess of the agricultural or horticultural use as provided in KRS 132.450(2)(d).

(2) Unmined minerals and other energy resources within or beneath parcels of real estate classified as agricultural or horticultural, as defined in Section 3 of this Act, that are not being extracted shall be included as a part of the surface real estate and shall be subject to assessment by the property valuation administrator if the surface real estate and the unmined mineral or other energy resource are owned by the same taxpayer.

(3) Notwithstanding the provisions of this section to the contrary, any leasehold interest in unmined minerals and other

energy resources shall be assessed by the cabinet as a distinct interest in real property separate and apart from the surface real property interest, against the owner of the leasehold interest.

Section 3. KRS 132.010 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Cabinet" means the Revenue Cabinet.

(2) "Taxpayer" means any person made liable by law to file a return or pay a tax.

(3) "Real property" includes all lands within this state and improvements thereon.

(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.

(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve (12) months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.

(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent ($0.001) per one hundred dollars ($100) of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference between:

(a) The total valuation of property subject to taxation by the county, city, school district, or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and

(b) The total valuation of property subject to taxation by the county, city, school district, or special district for the current year.

(8) "New property" means the net difference in taxable value between real property additions and deletions to the property tax roll for the current year. "Real property additions" shall mean:

(a) Property annexed or incorporated by a municipal corporation, or any other taxing jurisdiction; however, this definition shall not apply to property acquired through the merger or consolidation of school districts, or the transfer of property from one (1) school district to another;

(b) Property, the ownership of which has been transferred from a tax-exempt entity to a nontax-exempt entity;

(c) The value of improvements to existing nonresidential property;

(d) The value of new residential improvements to property;

(e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

(f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator, the value of such property as a farm shall be a deletion from that category;

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided; and

(i) The value of improvements to real property previously under assessment moratorium.

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements, of at least ten (10) contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government. ***Agricultural land shall include only the surface real estate if the mineral or energy resource rights have been severed. Agricultural***

land shall include both the surface real estate and the mineral or energy resources if the mineral or energy resource rights have not been severed and if the value of the mineral or energy resources is less than the value of the surface for agricultural use. Agricultural land shall include only the surface real estate if the mineral or energy resource rights have not been severed and if the value of the mineral or energy resources is greater than the value of the surface for agricultural use. However, in no case shall agricultural land include leasehold interests in mineral and energy resources.

(10) "Horticultural land" means any tract of land, including all income-producing improvements, of at least five (5) contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers, or ornamental plants.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, ***excluding the value of any unmined minerals and other energy resources if the conditions established by Section 2 of this Act are met, and*** excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

- (a) Relative percentages of tillable land, pasture land, and woodland;
- (b) Degree of productivity of the soil;
- (c) Risk of flooding;
- (d) Improvements to and on the land that relate to the production of income;
- (e) Row crop capability including allotted crops other than tobacco;
- (f) Accessibility to all-weather roads and markets; and
- (g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.

(12) "Deferred tax" means the difference in the tax based on agricultural or horticultural value and the tax based on fair cash value.

(13) "Homestead" means real property maintained as the permanent residence of the owner with all land and improvements adjoining and contiguous thereto including, but not limited to, lawns, drives, flower or vegetable gardens, outbuildings, and all other land connected thereto.

(14) "Residential unit" means all or that part of real property occupied as the permanent residence of the owner.

(15) "Special benefits" are those which are provided by public works not financed through the general tax levy but through special assessments against the benefited property.

(16) "Mobile home" means a structure, transportable in one (1) or more sections, which when erected on site measures eight (8) body feet or more in width and thirty-two (32) body feet or more in length, and which is built on a permanent chassis and designed to be used as a dwelling, with or without a permanent foundation, when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems contained therein. It may be used as a place of residence, business, profession, or trade by the owner, lessee, or their assigns and may consist of one (1) or more units that can be attached or joined together to comprise an integral unit or condominium structure.

(17) "Recreational vehicle" means a vehicular type unit primarily designed as temporary living quarters for recreational, camping, or travel use, which either has its own motive power or is mounted on or drawn by another vehicle. The basic entities are: travel trailer, camping trailer, truck camper, and motor home.

- (a) Travel trailer: A vehicular unit, mounted on wheels, designed to provide temporary living quarters for recreational, camping, or travel use, and of such size or weight as not to require special highway movement permits when drawn by a motorized vehicle, and with a living area of less than two hundred twenty (220) square feet, excluding built-in equipment (such as wardrobes, closets, cabinets, kitchen units or fixtures) and bath and toilet rooms.
- (b) Camping trailer: A vehicular portable unit mounted on wheels and constructed with collapsible partial side walls which fold for towing by another vehicle and unfold at the camp site to provide temporary living quarters for recreational, camping, or travel use.
- (c) Truck camper: A portable unit constructed to provide temporary living quarters for recreational, travel, or camping use, consisting of a roof, floor, and sides, designed to be loaded onto and unloaded from the bed of a pick-up truck.
- (d) Motor home: A vehicular unit designed to provide temporary living quarters for recreational, camping, or travel use built on or permanently attached to a self-propelled motor vehicle chassis or on a chassis cab or van which is an integral part of the completed vehicle.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 26A.090 is amended to read as follows:

As used in KRS 26A.090 to 26A.115, unless the context otherwise requires:

(1) "Operating costs allowance" means compensation equivalent to the annual expenses borne by the unit of government for utilities, janitorial service, rent, insurance, and necessary maintenance, repair, and upkeep of the court facility which do not increase the permanent value or expected life of the court facility, but keeps it in efficient operating condition, and, at the election of the Administrative Office of the Courts, capital costs of interior or mechanical renovations for the benefit of the court.

(2) "Use allowance" means compensation equal to four percent (4%) annually of the total original capital costs and the cost of capitalized renovation of the court facility, except that if indebtedness has been incurred in respect to such capital costs at a constant annual interest rate equal to or greater than seven percent (7%), compensation shall be at a rate of eight percent (8%) annually of that portion of the capital costs for which the rate applies. Except that in the case of court facilities renovated or constructed after July 1, 1994, "use allowance" means the court's proportional share of the annual principal and interest cost in connection with the renovation or construction, but not to exceed eight percent (8%) annually of capital costs, or, if there is no debt, four percent (4%) annually of capital costs.

(3) "Capital costs" means the costs borne by the unit of government, excluding grants, conditioned by the grantor agency specifically for court facility construction or renovation, for acquisition of property and for construction and capitalized renovation including interest accruing during construction or renovation, but no other interest of each court facility. If capital costs are not documented, reasonable estimates provided by qualified appraisers will suffice. ***After the effective date of this Act, capital costs, for the purposes of computing the maximum use allowance, shall not exceed the project scope as authorized by the General Assembly in the judicial branch budget or as increased and approved under Section 4 of this Act.***

(4) "Capitalized renovation" means all remodeling involving the structural or mechanical systems, except for remodeling that involves substantial demolition of the original structure. Section 2. KRS 26A.100 is amended to read as follows:

(1) The Circuit and the District Court shall be held in the county courthouse of each county unless otherwise ordered by the Supreme Court in which case it may be held at any other location made available by the county and owned, leased, or controlled by the county. Circuit or District Court may also be held in such other locations in the county as may be convenient and approved by the Supreme Court.

(2) Every county or urban-county government shall provide such reasonably available space which would not disrupt the operation of county government as necessary in the county courthouse, or in other county facilities as permitted in subsection (1) of this section, for:

(g) Such other facilities necessary for the operation of the Circuit and the District Court as may be agreed upon by the county or urban-county government and the Administrative Office of the Courts.

(3) If all necessary facilities for the holding of Circuit or District Court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in county facilities, every city shall, upon request of the Administrative Office of the Courts, provide such reasonably available space which would not disrupt the operation of city government as necessary in the city's facilities for the operations of Circuit or District Court, or both. The city shall be responsible for providing space for the operations listed in subsection (2) of this section.

(4) If all necessary facilities for the holding of Circuit or District Court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in county or city facilities, every agency of state government, special district, and independent agency of local government, other than a city, may, upon the request of the Administrative Office of the Courts, provide such space as necessary in facilities owned, leased, or controlled by such organization for the operations of Circuit or District Court, or both. The agency may provide space for the operations listed in subsection (2) of this section.

SECTION 4. A NEW SECTION OF KRS CHAPTER 26A IS CREATED TO READ AS FOLLOWS:

  (b) The annual use allowance, adjusted for the proposed increase in scope, would not exceed the maximum annual use allowance for that project included in the multiyear use allowance schedule set out in a judicial branch budget bill or memorandum by more than fifteen percent (15%);

  (c) For projects within a pool:

    1. The increase in scope would not increase the annual use allowance of an individual project, as established in a judicial branch budget bill or memorandum, or by the Court Facilities Standards Committee under subsection (2) of Section 5 of this Act, by more than fifteen percent (15%); and

    2. The annual use allowance for the pool, adjusted for the proposed increase in scope, would not exceed the maximum annual use allowance for that pool included in the multiyear use allowance schedule set out in the judicial branch budget bill or memorandum by more than fifteen percent (15%); and

  (d) The Court Facilities Standards Committee approves the increase.

(2) Before the Court of Justice gives final approval to increase the scope of an authorized project or project pool listed in a judicial branch bill which will result in an increased use allowance or will require allocation of funds from the court facility use allowance contingency fund, the director of the Administrative Office of the Courts shall submit the proposal to the Capital Projects and Bond Oversight Committee at least fourteen (14) days prior to the committee meeting. The proposal shall include information on:

  (a) The multiyear use allowance included in the judicial branch budget bill or memorandum and proposed changes;

disapprove of the proposal and shall then promptly notify the director of the Administrative Office of the Courts of its decision.

(4) If the Capital Projects and Bond Oversight Committee disapproves the proposal, the director of the Administrative Office of the Courts shall take one of the following actions:

(a) Revise the proposal to comply with the committee's objections;

(b) Cancel and take no further action on the proposal; or

(c) Implement the proposal regardless of the committee's objection.

The director of the Administrative Office of the Courts shall notify the committee of its decision in writing within thirty (30) days of receiving the committee's notice of disapproval.

(5) The Administrative Office of the Courts shall report to the Capital Projects and Bond Oversight Committee within thirty (30) days of any action taken by the Court of Justice to approve a scope increase of a project within a pool which increases the use allowance.

(6) The Capital Projects and Bond Oversight Committee shall maintain records of proposals, findings, decisions, and actions taken under this section. When appropriate, the committee shall transmit this information to other legislative committees or to the General Assembly.

SECTION 5. A NEW SECTION OF KRS CHAPTER 26A IS CREATED TO READ AS FOLLOWS:

(3) On August 1 of each year, the Administrative Office of the Courts shall prepare a financial report on the court facility use allowance contingency fund for the fiscal year ending on June 30 of that year. The report shall include, with explanation, allotments, expenditures, encumbrances, and the available balance.

HB 547, AN ACT relating to property tax administration.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.320 is amended to read as follows:

(1) Any person who has failed to list for taxation his intangible personal property or tangible personal property, in whole or in part, because he was not called upon by the property valuation administrator or for any other reason, may at any time list the property with the cabinet by reporting to the cabinet the full details and a correct description of the omitted property and its value. The cabinet may determine and fix the fair cash value, estimated at the price it would bring at a fair voluntary sale, of the property so reported and listed for taxation.

(2) Any person dissatisfied with or aggrieved by the finding or ruling of the cabinet may appeal *the*[~~such~~] finding or ruling in the manner provided in KRS 131.110.

(3) The cabinet *may*[~~ shall prescribe,~~] promulgate[~~ and provide such~~] administrative regulations, *and develop forms*[~~form and records as it deems necessary and proper~~] for the listing and assessment of the property[~~ so~~] assessed or to be assessed for taxation. The tax[~~ so~~] assessed shall be paid to and collected by the cabinet. Taxes collected by the cabinet on behalf of the county, school, and other local taxing districts shall be distributed to each district *at least*[~~no less often than~~] quarterly. *From each distribution, the cabinet shall deduct a fee which represents an allocation of cabinet operating and overhead expenses incurred in assessing and collecting the omitted tax. The fee shall be determined by the cabinet and shall apply to all omitted taxes collected after December 31, 1997.*

(4) All property assessed pursuant to this section shall be liable for the payment of the taxes, interest and penalties provided by law for failure to list the property with the property valuation administrator or other assessment board, commission or authority within the time and in the manner prescribed by law, except that if the taxpayer voluntarily lists property under this section the twenty percent (20%) penalty provided to be paid to the cabinet shall not apply, unless the taxpayer on an appeal from the action of the cabinet attempts to reduce the assessment and is unsuccessful.

(5) If after demand by the cabinet, any taxpayer refuses to voluntarily list any intangible or tangible personal property omitted from assessment, the cabinet shall make an estimate of the fair cash value of the omitted intangible or tangible personal property from ***the***[~~such~~] information in its possession and assess the property for taxation and require payment of the taxes, penalties and interest due to the state and local taxing districts from the person assessed. Notice of the assessment shall be mailed to the taxpayer or ***the taxpayer's***[~~his~~] agent. The finality and review of any assessment made pursuant to this section shall be governed by the provisions of KRS 131.110.

Section 2. KRS 132.486 is amended to read as follows:

(1) The Revenue Cabinet shall develop and administer a centralized ad valorem assessment system for intangible personal property and tangible personal property. This system shall be designed to provide on-line computer terminals and accessory equipment in every property valuation administrator's office in the state in order to create and maintain a centralized personal property tax roll database.

(2) State income tax returns and return preparation instructions shall be revised to facilitate the preparation of the personal property tax return; however, the personal property tax return shall be a separate document and shall be listed with the property valuation administrator in the county of taxable situs according to the provisions of KRS 132.220(1) or with the Revenue Cabinet. The Revenue Cabinet shall[~~ prescribe,~~] promulgate[~~ and provide such~~] administrative regulations ***and develop***[~~,~~] forms[~~ and records as it deems appropriate~~] for the listing and assessment of personal property.

(3) Appeals of personal property assessments shall not be made to the county board of assessment appeals. Personal property taxpayers shall be served notice under the provisions of KRS 132.450(4) and shall have the protest and appeal rights granted under the provision of KRS 131.110.

(4) No appeal shall delay the collection or payment of taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which the taxpayer claims as the true value as stated in a protest filed under KRS 131.110. When the valuation is finally determined upon appeal, the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6), from the date the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to the tax bill.

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.

A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.

(b) If the member's total service credit on his last day of paid employment is twenty (20) or more years, then his total service credit shall be used.

(6) If the member receives a satisfactory determination of total and permanent disability or hazardous disability pursuant to KRS 61.665 and the disability is the direct result of an act in line of duty, the member's retirement allowance shall be calculated as follows:

(a) For the disabled member, benefits as provided in subsection (5) of this section except that the monthly retirement allowance payable shall not be less than twenty-five percent (25%) of the member's monthly final rate of pay; and

(b) For each dependent child of the member on his disability retirement date, who is alive at the time any particular payment is due, a monthly payment equal to ten percent (10%) of the disabled member's monthly final rate of pay; however, total maximum dependent children's benefit shall not exceed forty percent (40%) of the member's monthly final rate of pay. The payments shall be payable to each dependent child, or to a legally-appointed guardian, or as directed by the system.

(7) No benefit provided in this section shall be reduced as a result of any change in the extent of disability of any retired member who is age fifty-five (55) or older.

(8) If a regular full-time officer or hazardous position member has been approved for benefits under a hazardous disability, the board shall, upon request of the member, permit the member to receive the hazardous disability allowance while accruing benefits in a nonhazardous position, subject to proper medical review of the nonhazardous position's job

description by the system's medical examiner.

(9) For a member of the State Police Retirement System, in lieu of the allowance provided in subsection (5) or (6) of this section, the member may be retained on the regular payroll and receive the compensation authorized by KRS 16.165, if he is qualified.

Section 4. KRS 16.596 is amended to read as follows:

Once each year following the retirement of a member on a disability retirement allowance, ***or less frequently as determined by the board's medical examiner but not less than once every five (5) years,*** the system may require the member, prior to his normal retirement date, to undergo a medical examination and financial review. If the member refuses to submit to the medical examination, his retirement allowance shall be discontinued until his withdrawal of refusal, and if he continues to refuse for one (1) year, all his rights to any further disability allowance shall cease.

(2) Any employee participating in one (1) of the state-administered retirement systems who did not elect membership in the County Employees Retirement System, as provided in KRS 78.540(2), may obtain credit in the County Employees Retirement System for prior service and for current service by paying to the County Employees Retirement System a delayed contribution payment for the service he would have received had he elected membership. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer. Payment may be by lump sum or the employee may pay by increments.

(5) An employee who is or was an employee of a county participating in the County Employees Retirement System which did not participate in the system effective July 1, 1958, may obtain credit in the County Employees Retirement System for current service between July 1, 1958, and the effective date of participation of his county by paying to the County Employees Retirement System a delayed contribution payment for the service he would have received had his county participated on July 1, 1958. The member shall pay to the retirement system in which he participates the full cost of the service credit purchased, as determined by the board's actuary. The employee may obtain credit for employment with a business development corporation only if the Kentucky Retirement Systems receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. (c) Cost of the service credit purchased under this subsection shall be determined by computing the discounted value of the additional service credit based on an actuarial formula recommended by the board's consulting actuary and approved by the board. A department shall make payment for the service credit within the same fiscal year in which the option is elected. The county shall establish a payment schedule subject to approval by the board for payment of the service credit. The maximum period allowed in a payment schedule shall be ten (10) years with interest at the rate actuarially assumed by the board; however, a shorter period is desirable and the board may approve any schedule provided it is not longer than a ten (10) year period;

(d) If a county or department elects the provisions of this subsection, any present employee who would be eligible to receive service credit under the provisions of this subsection and has purchased service credit under subsection (4) or (5) of this section shall have his payment for the service credit refunded with interest at the rate paid under KRS 61.575 or 78.640;

(11) Members who served as assistants to officers and employees of the General Assembly who were unable to acquire service under KRS 61.510(20) may purchase credit for the service performed after January 1, 1960, if the service purchased when added to other accumulated service will total at least forty-eight (48) months. (12) Effective August 1, 1988, any employee participating in one (1) of the state-administered retirement systems may purchase service credit for seasonal, emergency, or temporary employment or part-time employment averaging one hundred (100) or more hours of work per month on a calendar or fiscal year basis. If the average number of hours of work is less than one hundred (100) per month, the member shall be allowed credit only for those months he receives creditable compensation for one hundred hours of work. The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4). Any noncertified employee of a school board may purchase service credit for part-time employment prior to the 1990-91 school year which averaged eighty (80) or more hours of work per month on a calendar or fiscal year basis by paying to the County Employees Retirement System a delayed contribution payment. The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 78.610(4).

(13) A retired member, who is contributing to one (1) of the state-administered retirement programs and purchases service credit under this section in the system or systems from which he is retired, shall have his retirement allowance recomputed:

(a) Upon termination from employment, if the member is contributing to the same system or systems from which he was retired; or

(b) Upon completion of six (6) months' service credit as required under subsection (6) of this section, if the member is contributing to a system other than the system or systems from which he is retired.

(14) Any employee participating in one (1) of the state-administered retirement systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) may obtain credit for prior or current service for any period of approved educational leave, or for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, by paying to the respective retirement system a delayed contribution payment. The employee may also obtain credit for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, but only if the Kentucky Retirement Systems receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(15) Any employee participating in one (1) of the state-administered retirement systems may obtain credit for prior or current service for any period of approved maternity leave granted prior to January 1, 1972, or for any period of approved sick leave without pay, by paying to the respective retirement system a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(a) The cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal; and interest, at the actuarial rate in effect at the time the member elects to make the purchase compounded annually, shall be added for the period that the installments are to be made. Multiple service purchases may be combined under a single installment purchase; however, no employee may make more than one (1) installment purchase at the same time. The employee may elect to stop the installment payments by notifying the retirement system; may have the installment purchase recalculated to add one (1) or more additional service purchases; or may pay by lump sum the remaining principal.

(b) Twelve (12) consecutive monthly installment payments shall be made for each one thousand dollars ($1,000) or any part thereof of the total cost, except that the total number of installments shall not be less than twelve (12) and shall not exceed sixty (60).

(c) The employee shall pay the installments by payroll deduction each pay period. Upon notification by the retirement system, the employer shall report the installment payments separate from regular employee contributions on the forms or by the computer format specified by the board. The payments made under this subsection shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 61.560(4) and no employer contributions shall be paid on the installments.

(d) The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member's account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(e) If the employee dies, retires, or does not continue employment in a position required to participate in the retirement system, the member, or in the case of death, the beneficiary, shall have sixty (60) days to pay the remaining principal of the purchase by lump sum. If the member or beneficiary does not pay the remaining cost, the retirement system shall refund to the member or the beneficiary the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(f) If the employer does not report installment payments on an employee for sixty (60) days, the installment purchase shall cease and the retirement system shall refund to the employee the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(g) If payments have ceased under subsection (16)(e) or (f) of this section and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection. If the original installment purchase was for multiple service purchases, the employee may not separate those purchases under a new installment purchase.

(h) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, KRS 61.515 to 61.705, or KRS 78.520 to 78.852 by transferring funds directly from a retirement plan maintained by his employer which is a qualified plan pursuant to Section 401(a) of the Internal Revenue Code or by a rollover of funds from the plan pursuant to the rules specified in Section 402(c) of the Internal Revenue Code and the Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in Section 402 (c) and Section 401(a)(31) of the Internal Revenue Code. The amount shall be credited to the individual member's contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member.

(e) No disability application ***based on the same claim of incapacity*** shall be accepted ***and considered for disability*** for any person who has previously applied for and been denied disability benefits unless ***it***[~~an application based on the same claim of incapacity~~] is accompanied by evidence of a substantial change in the person's condition which shall satisfy subsection (4) of this section. The application shall be on file in the retirement office no later than twenty-four (24) months after the person's last day of paid employment in a regular full-time position.

(2) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:

(a) The person, since his last day of paid employment, has been mentally or physically incapacitated to perform the job, or jobs of like duties, from which he received his last paid employment. In determining whether the person may return to a job of like duties, any reasonable accommodation by the employer ***as provided in 42 U.S.C. sec. 12111(9) and 29 C. F. R. Part 1630*** shall be considered;

(b) The incapacity is a result of bodily injury, mental illness, or disease. For purposes of this section, "injury" means any physical harm or damage to the human organism other than disease or mental illness;

(c) The incapacity is deemed to be permanent; and

(d) The incapacity does not result directly or indirectly from bodily injury, mental illness, disease, or condition which pre-existed membership in the system or reemployment, whichever is most recent. ***For purposes of this subsection, reemployment shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.***

(3) Paragraph (d) of subsection (2) shall not apply if:

(a) The incapacity is a result of bodily injury, mental illness, disease, or condition which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or

(b) The person has at least sixteen (16) years current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

(4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a regular full-time position.

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.

2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of

medium work, the person shall be deemed capable of light and sedentary work.

4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.

5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.

(5) Persons who have previously qualified for disability retirement and have had benefits discontinued shall be reevaluated under the criteria of subsection (2) of this section.

If, however, an employee has accumulated twenty-five (25) or more years of total service, he shall receive added service necessary to bring his combined service credit, including total and added service, to thirty (30) years. When the employee has accumulated total service of thirty (30) or more years, his total service shall be used in computing disability benefits. ***For employees hired on or after the effective date of this Act, the total service and added service for determining disability benefits shall not exceed twenty-seven (27) years.***

If he refuses to submit to a medical examination, his retirement allowance shall be discontinued until his withdrawal of refusal, and if the refusal continues for one (1) year, all his rights to any further disability allowance shall cease.

Upon employment of an employee, the employer shall inform him of his duties and obligations in connection with the system as a condition of employment.

(2) The system may at any time conduct an audit of the employer in order to determine if the employer is complying with the provisions of KRS 16.505 to 16.652, 61.610 to 61.705, or 78.510 to 78.852. The system shall have access to and may examine all books, accounts, reports, correspondence files, and records of any employer. Every employer, employee, or agency reporting official of a department or county, as defined in KRS 78.510(3), having records in his possession or under his control, shall permit access to and examination of the records upon the request of the system.

(3) Any agency participating in the Kentucky Employees Retirement System which is not an integral part of the executive branch of state government shall forward the employer and employee contributions required under KRS 61.560 and 61.565 to the retirement office within twenty (20) days of the tenth day of the month following the period being reported. If the agency fails to forward all contributions within the twenty (20) days, interest at the actuarial rate adopted by the board compounded annually on the delinquent contributions, but not less than one hundred dollars ($100), shall be added to the amount due the system.

Section 19. KRS 61.680 is amended to read as follows:

(1) Prior to August 1, 1982, every employee shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852, and to all other provisions thereof. Thereafter, employee contributions shall be picked up by the employer pursuant to KRS 61.560(4).

(2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement, a member's accounts under the Legislators' Retirement Plan, State Police Retirement System, Kentucky Employees Retirement System, County

Employees Retirement System and Teachers' Retirement System shall be consolidated for the purpose of determining eligibility and amount of benefits. Vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education and accepted by the Kentucky Employees Retirement System or the County Employees Retirement System, may be used to determine eligibility for thirty (30) year retirement but not the amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he shall obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate the prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits, each system shall pay the applicable percentage of total benefits.

(b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the system of his desire to maintain separate retirement accounts in the State Police Retirement System, Kentucky Employees Retirement System or County Employees Retirement System, or if he is a member of the State Police Retirement System or is working in a hazardous position under the Kentucky Employees Retirement System or County Employees Retirement System and as a result of an act in line of duty, becomes disabled or deceased.

(c) If the member has not contributed at least one (1) year in a system in which he has prior service, his current service in the system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky Employees Retirement System, State Police Retirement System or the County Employees Retirement System who becomes the holder of an office entitling him to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, but who does not elect within thirty (30) days after taking office in such service to participate in the plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky Employees Retirement System, State Police Retirement System or the County Employees Retirement System. In that event, the agency employing the member shall withhold employee contributions, or picked-up employee contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, who does not elect within thirty (30) days after taking office to participate in the plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the Teachers' Retirement System, shall participate in the Kentucky Employees Retirement System. ***A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the system in which the employer of the nonelected position participates. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is not employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the Kentucky Employees Retirement System.***

(4) (a) Prior to July 1, 1976, a person entering the service of an employer participating in the Kentucky Employees Retirement System or the County Employees Retirement System with service credit in the Teachers' Retirement System and who desires to retain membership in the Teachers' Retirement System, and who is permitted by that system to continue, shall be exempt from participating in the Kentucky Employees Retirement System or the County Employees Retirement System.

(b) Any person who has elected to retain membership in the Teachers' Retirement System as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, if he elects to cancel his option prior to January 1, 1977.

(c) Any member of the General Assembly who upon election is a contributing member of the Teachers' Retirement System and who does not elect within thirty (30) days after taking office to participate in the Legislators' Retirement Plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky Employees Retirement System unless an election to retain membership in the Teachers' Retirement System is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the Teachers' Retirement System for the same period of service under the Legislators' Retirement Plan or the Kentucky Employees Retirement System as a member of the General Assembly, but contributions made to the Teachers' Retirement System while a member of the General Assembly shall be transferred to the Legislators' Retirement Plan, as provided for in KRS 6.535, when the member elects to join the Legislators' Retirement Plan, and service credit in the Legislators' Retirement Plan shall be granted as provided for in KRS 6.505(3).

(5) Effective July 1, 1974, any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in a position covered by one (1) of these retirement systems and his employee contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall

contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up the employee contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership, as subsection (2) of this section eliminates the necessity of the transfers.

(6) Any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in more than one (1) position covered by the same retirement system, shall have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, an accumulation of all hours worked within the same retirement system shall be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section, a person who does not have the amount of service required for service retirement in the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System***, Legislators' Retirement Plan,*** or Teachers' Retirement System, but who is a member of one (1) of the systems or is a former member of one (1) or more of the systems with valid service credit therein, shall become eligible for service retirement benefits attributable to the amount of his actual service credit in each system in which he has service credit when his combined service credit in all the systems, plus any service credit he has in the Judicial Retirement Plan[~~ or Legislators' Retirement Plan~~], is equal to that required for service retirement in each respective system. The computation of benefits shall be based on the applicable formula in each system and service credit in each system***.***[~~, but~~] The final compensation shall be determined ***by using the creditable compensation reported to the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System and only as much of the compensation earned in the Judicial Retirement Plan as is needed to satisfy the final compensation requirement applicable in the respective retirement systems***[~~as if all service were in one (1) system~~].

Section 20. KRS 61.702 is amended to read as follows:

(1) The board of trustees of Kentucky Retirement Systems shall arrange by appropriate contract or on a self-insured basis to provide a group hospital and medical insurance plan for present and future recipients of a retirement allowance from the Kentucky Employees Retirement System, County Employees Retirement System, and State Police Retirement System. The board shall also arrange to provide health care coverage by health maintenance organizations, as defined in KRS 18A.225, as an alternative to group hospital and medical insurance for any person eligible for hospital and medical benefits under this section. Any person who chooses coverage by a health maintenance organization shall pay, by payroll deduction from the retirement allowance or by another method, the difference in premium between the cost of health maintenance organization coverage and the benefits to which he would be entitled under this section. The board may authorize present and future recipients of a retirement allowance from any of the three (3) retirement systems, who are under age sixty-five (65), to be included in the state employees' group for hospital and medical insurance and shall provide benefits for recipients equal to those provided to state employees having the same Medicare hospital and medical insurance eligibility status.

(2) Each employer participating in the State Police Retirement System as provided for in KRS 16.510 to 16.652, each employer participating in the County Employees Retirement System as provided in KRS 78.510 to 78.852, and each employer participating in the Kentucky Employees Retirement System as provided for in KRS 61.510 to 61.705 shall contribute to the Kentucky Retirement Systems insurance fund the amount necessary to provide hospital and medical insurance as provided for under this section. Such employer contribution rate shall be developed by appropriate actuarial method as a part of the determination of each respective employer contribution rate to each respective retirement system determined under KRS 61.565.

(3) (a) The premium required to provide hospital and medical benefits under this section shall be paid***:***

1. ***Wholly or partly from funds contributed by the recipient of a retirement allowance, by payroll deduction, or otherwise;***

2. ***Wholly or partly from funds contributed by the Kentucky Retirement Systems insurance fund;***

3. ***Wholly or partly from funds contributed by another state-administered retirement system under a reciprocal arrangement, except that any portion of the premium paid from the Kentucky Retirement Systems insurance fund under a reciprocal agreement shall not exceed the amount that would be payable under this section if all the member's service were in one (1) of the systems administered by the Kentucky Retirement Systems;***

4. ***Partly from subparagraphs 1., 2., or 3., except that any premium for hospital and medical insurance over the amount contributed by the Kentucky Retirement Systems insurance fund or another state-administered retirement system under a reciprocal agreement shall be paid by the recipient.***

If the board provides for cross-referencing of insurance premiums, the employer's contribution for the working member or spouse shall be applied toward the premium, and the Kentucky Retirement Systems insurance fund shall pay the balance, not to exceed the monthly contribution.

5. In full from the ***Kentucky Retirement Systems*** insurance fund for all recipients of a retirement allowance from any of the three (3) retirement systems where such recipient is a retired former member of one (1) or more of the three (3) retirement systems (not a beneficiary or dependent child receiving benefits) and had two hundred and forty (240) months or more of service upon retirement. Should such recipient have less than two hundred forty (240) months of service but have at least one hundred eighty (180) months of service, seventy-five percent (75%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining twenty-five percent (25%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred eighty (180) months of service but have at least one hundred twenty (120) months of service, fifty percent (50%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining fifty percent (50%) by payroll deduction from his retirement allowance or by another method. Should such recipient have less than one hundred twenty (120) months of service but have at least forty-eight (48) months of service, twenty-five percent (25%) of such premium shall be paid from the insurance fund provided such recipient agrees to pay the remaining seventy-five percent (75%) by payroll deduction from his retirement allowance or by another method. Notwithstanding the foregoing provisions of this subsection, a State Police Retirement System member or a hazardous position employee, as defined in KRS 61.592, who becomes disabled in the line of duty, as defined in KRS 16.505(19), shall have his premium paid in full as if he had two hundred forty (240) months or more of service. Further, a State Police Retirement System member or a hazardous position employee as defined in KRS 61.592, who is killed in the line of duty, as defined in KRS 16.505(19), shall have the premium for the beneficiary, if the beneficiary is the member's spouse, and for each dependent child paid so long as they individually remain eligible for a monthly retirement benefit. "Months of service" as used in this section shall mean the total months of combined service used to determine benefits under any or all of the three (3) retirement systems, except service added to determine disability benefits shall not be counted as "months of service."

(b) For a member ***electing insurance coverage through the Kentucky Retirement Systems***[~~of the County Employees Retirement System~~], "months of service" shall include, in addition to service as described in paragraph (a) of this subsection, service ***credit in one of the other state-administered retirement plans***[~~for which benefits are eligible under KRS 21.345 to 21.510~~].

1. ***Effective August 1, 1998***[~~Upon request by a member~~], the Kentucky Retirement Systems shall compute the member's combined service, including service credit in ***another state-administered retirement plan***[~~the Judicial Retirement System~~], and calculate the portion of the member's premium to be paid by the ***insurance fund***[~~County Employees Retirement System~~], according to the criteria established in paragraph (a) of this subsection. ***Each state-administered retirement plan***[~~The Judicial Retirement Fund~~] annually shall pay to the ***insurance fund***[~~County Employees Retirement System~~] the percentage of the system's cost of the retiree's ***monthly contribution for single coverage for*** hospital and medical ***insurance***[~~premium~~] which shall be equal to the percentage of the member's number of months of service in the ***other state-administered retirement plan***[~~Judicial Retirement System~~] divided by his total combined service. The amounts paid by the ***other state-administered retirement plans and the insurance fund***[~~Judicial Retirement Fund and the County Employees Retirement System~~] shall not be more than one hundred percent (100%) of the ***monthly contribution***[~~single premium amount~~] adopted by the respective boards of trustees[~~, or more than the maximum percentage payable under the program established under this section or KRS 21.427~~].

2. A member ***may not elect coverage for***[~~who elects~~] hospital and medical benefits under this subsection ***through more than one of the state-administered retirement plans***[~~shall lose any claim to insurance benefits under the Judicial Retirement Plan as described in KRS 21.427, and the election shall be irrevocable~~].

3. A state-administered retirement plan shall not pay any portion of a member's monthly contribution for medical insurance unless the member is a recipient or annuitant of the plan.

(4) ***(a)*** Group rates under the hospital and medical insurance plan shall be made available to the spouse, dependents, and disabled children, regardless of the disabled child's age, of a recipient who is a former member or the beneficiary, if the premium for the spouse, dependent, disabled child, or beneficiary hospital and medical insurance is paid by payroll deduction from the retirement allowance or by another method. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(b) The other provisions of this section notwithstanding, the insurance fund shall pay ***a***[~~the same~~] percentage of the ***monthly contribution***[~~premium~~] for the spouse and dependents of a recipient who was a member of the General Assembly and is receiving a retirement allowance based on General Assembly service, of the Kentucky Employees Retirement System and determined to be in a hazardous position, of the County Employees Retirement System, and determined to be in a hazardous position or of the State Police Retirement System, or the beneficiary of the member, if the member designated only one (1) person as beneficiary[~~, as the fund pays or paid for the member~~]. ***The percentage of the monthly contribution paid for the spouse and dependents shall be***

based solely on the member's service with the State Police Retirement System or service in a hazardous position using the formula in subsection (3)(a) of this section.

(c) The insurance fund shall continue the same level of coverage for a recipient who was a member of the County Employees Retirement System after the age of sixty-five (65) as before the age of sixty-five (65), if the recipient is not eligible for Medicare coverage. If the insurance fund provides coverage for the spouse or dependents or beneficiary of a former member of the County Employees Retirement System, the insurance fund shall continue the same level of coverage for the spouse or dependent or beneficiary after the age of sixty-five (65) as before the age of sixty-five (65), if the spouse or dependent or beneficiary is not eligible for Medicare coverage.

(5) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient. No commission shall be paid for hospital and medical insurance procured under authority of this section.

2. If the employee works fewer than the number of contracted days and the average number of hours worked is less than eighty (80) per month, then the employee shall receive service credit for each calendar month in which he worked eighty (80) or more hours.

3. The retirement system shall refund contributions and service credit for any period for which the employee is not given credit under this subsection.

(2) Employee contributions shall not be deducted from the creditable compensation of any employee or picked up by the employer while he is seasonal, emergency, temporary, or part-time. No service credit shall be earned.

(3) Contributions shall not be made or picked up by the employer and no service credit shall be earned by a member while on leave except:

(a) A member on military leave shall be entitled to service credit in accordance with KRS 61.555; and

(b) A member on educational leave who meets the criteria established by the state Department of Personnel for approved educational leave, who is receiving seventy-five percent (75%) or more of full salary, shall receive service credit and shall pay member contributions in accordance with KRS 78.610, and his employer shall pay employer contributions or the contributions shall be picked up in accordance with KRS 61.565. If a tuition agreement is broken by the member, the member and employer contributions paid or picked up during the period of educational leave shall be refunded.

(4) The retirement office, upon detection, shall refund any erroneous employer and employee contributions made to the retirement system and any interest credited in accordance with KRS 78.640.

Section 24. KRS 78.616 is amended to read as follows:

(1) Any agency participating in the County Employees Retirement System which has formally adopted a sick-leave program that is universally administered to its employees may purchase service credit with the retirement system for up to six (6) months of unused sick-leave for each retiring employee.

(2) Participation under this section shall be at the option of each participating employer. The election to participate shall be made by the governing authority of the participating employer and shall be certified in writing to the system on forms prescribed by the board. The certification shall provide for equal treatment of all employees.

(3) ***(a)*** Upon the member's notification of retirement as prescribed in KRS 61.590, the employer shall certify the retiring employee's unused, accumulated sick-leave balance to the system. The member's sick-leave balance, expressed in days, shall be divided by the average number of working days per month in county service and rounded to the nearest number of whole months. A maximum of six (6) months of the member's sick-leave balance, expressed in months, shall be added to his service credit for the purpose of determining his annual retirement allowance under KRS 78.510 to 78.852 and for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 78.510 to 78.852. Accumulated sick-leave in excess of six (6) months shall be added to the member's service credit if the member ***or employer*** pays to the retirement system the value of the additional service credit based on the formula adopted by the board.

(b) The employer may elect to pay fifty percent (50%) of the cost of the sick leave in excess of six (6) months on behalf of its employees. The employee shall pay the remaining fifty percent (50%). The payment by the employer shall not be deposited to the member's account. Service credit shall not be credited to the member's account until both the employer's and employee's payments are received by the retirement system.

(c) Once the employer elects to pay all or fifty percent (50%) of the cost on behalf of its employees, it shall continue to pay the same portion of the cost.

(4) The system shall compute the cost of the sick-leave credit of each retiring employee and bill the employer accordingly. The employer shall remit payment within thirty (30) days from receipt of the bill.

(5) As an alternative to subsections (1), (3), and (4) of this section, any agency participating in the County Employees Retirement System which has formally adopted a sick-leave program that is universally administered to its employees shall, at the time of termination, compensate the employee for unused sick-leave days the employee has accumulated which it is the uniform policy of the agency to allow. The rate of compensation for each unused sick-leave day shall be based on the daily salary rate calculated from the employee's current rate of pay. Payment for unused sick-leave days shall be incorporated into the ***employee's final compensation***[~~annual salary of the final year of service~~], if the employee and employer make the regular employee and employer contributions, respectively, on the sick-leave payment. The number of sick-leave days for which the employee is compensated shall be divided by the average number of working days per month in county service and rounded to the nearest number of whole months. This number of months shall be added to the employee's total service credit and to the number of months used to determine creditable compensation, pursuant to KRS 78.510, but no more than sixty (60) months shall be used to determine final compensation.

Section 25. KRS 78.625 is amended to read as follows:

(1) The agency reporting official of the county shall, by the tenth day of each month, forward to the system an amount equal to the aggregate amount of the employees' contributions deducted during the previous month in accordance with KRS 78.610 and the aggregate amount of the employer's contributions due for the previous month in accordance with KRS 61.565.

(2) The agency reporting official or some other person designated by the county shall forward a record of all contributions to the system on the forms the board prescribes.

(3) (a) If the agency reporting official fails to forward all contributions within twenty (20) days of the tenth day of the month following the period being reported, interest at the ***actuarial*** rate ***adopted by the board***[~~of eight percent (8%) per year~~] compounded annually on the delinquent contributions, but not less than one hundred dollars

($100), shall be added to the amount due the system.

(b) Delinquent contributions, with interest at the rate ***adopted by the board***[~~of eight percent (8%) per year~~] compounded annually, ***or penalties*** may be recovered by action in the Franklin Circuit Court against the county liable or may, at the request of the board, be deducted from any other moneys payable to the county by any department or agency of the state.

(4) If an agency is delinquent in the payment of contributions due in accordance with any of the provisions of KRS 78.510 to 78.852, refunds and retirement allowance payments to members of this agency may be suspended until the delinquent contributions have been made.

Section 26. KRS 61.555 is amended to read as follows:

(1) Any employee entering the Armed Forces of the United States after he first participates in the system, being on leave of absence from service and not withdrawing his accumulated contributions, shall be entitled to have credited as current service his period of active military duty in the Armed Forces of the United States, not to exceed six (6) years, if his discharge therefrom is honorable and he is reemployed within two (2) years after discharge, or upon the subsequent termination of any total disability which existed at the expiration of the two (2) years after discharge.

(2) Any member of the system who, prior to the date he first participated in the system, terminated his employment in order to enter the Armed Forces of the United States and who was or is reemployed within two (2) years after his honorable discharge therefrom, or upon the subsequent termination of any total disability which existed at the expiration of the two (2) years after discharge, shall be entitled to have credited as prior service his period of active military duty in the Armed Forces, not to exceed six (6) years.

(3) Any National Guard technician involuntarily serving on active military duty during the period between January 26, 1968, and January 1, 1970, who completes his eight (8) years service while on military duty during this period, shall have that portion of his active military duty, necessary to the completion of eight (8) years current service, credited to his account, as current service without having to meet the reemployment criteria.

(4) Any employee eligible for retirement as prescribed in KRS 61.559 or any employee upon completion of five (5) years of service shall receive current service credit for a maximum of four (4) years for his period of active military duty in the Armed Forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service under subsections (1) to (3) of this section if he pays thirty-five percent (35%) of the cost of the service based on the formula adopted by the board. The payment by the member shall not be picked up by the employer, as described in subsection (4) of KRS 61.560, and shall be deposited to his individual member's account. The remaining sixty-five percent (65%) shall be paid by the state from funds appropriated specifically for the purpose and these payments shall be deposited to the respective retirement allowance accounts. If no funds are available in the special appropriation account, the system shall not accept employee payments until funds are available in the account.

(5) A member eligible to purchase military service credit under subsection (4) of this section shall receive current service credit for active military duty as provided under subsection (4) of this section without payment of the current employee contribution ratio if the member was taken prisoner by a hostile power at any time during active military service.

(6) Any member age sixty-five (65) or older who has forty-eight (48) months of service, at least twelve (12) of which are current service, or any other member who has sixty (60) months of service, at least twelve (12) of which are current service (or his beneficiary if the member dies prior to retirement) shall receive current service for a maximum of four (4) years for his period of active military duty in the Armed Forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service under subsections (1) to (4) of this section, by paying the retirement system a delayed contribution payment as defined in subsection (22) of KRS 61.510. Payment shall be by lump sum, except that members may pay by increments. The delayed contribution payment shall not be picked up, as described in subsection (4) of KRS 61.560, by the employer and shall be deposited to the individual member's account.

(7) Effective July 1, 1978, no veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for such pension in the future; but nothing in this section shall prohibit the purchase of credit if the military pension results from service primarily on inactive duty in a reserve component of the Armed Forces, or if the military pension is a disability pension, or is for a veteran sixty-five (65) years of age or older who is considered permanently and totally disabled. Any veteran receiving a military disability pension who retired prior to July 15, 1986, who was unable to purchase military service credit pursuant to subsection (4) or subsection (6) of this section, may make the payment required by subsection (4) or subsection (6), and his retirement benefits shall be recalculated to apply to all retirement allowances and insurance benefits received after the date of the payment. Retiree payments pursuant to subsection (4) of this section shall not be accepted unless matching state funds are available in the special appropriation account.

(8) Any member of the Kentucky Employees Retirement System age sixty-five (65) or older who has forty-eight (48) months of service, at least twelve (12) of which are current service, or any member of the Kentucky Employees Retirement System or the State Police Retirement System who has sixty (60) months of service, at least twelve (12) of which are current service, shall receive one (1) month of current service for each six (6) months of service in the

National Guard or the military reserves of the United States, by paying the retirement system the full actuarial cost as determined by the system. The service shall be treated as service earned prior to participation in the system and shall not be included in the member's final compensation. Payment may be made by lump sum or in increments. The payment shall not be picked up by the employer, as described in KRS 16.545(4), 61.560(4), or 78.610(4) and shall be deposited in the member's individual retirement account.

Section 27. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the Teachers' Retirement System may receive service credit for active service rendered in the uniformed services of the Armed Forces of the United States, including the commissioned corps of the Public Health Service, subject to the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 and to administrative regulations promulgated by the board of trustees. Military service includes service in the uniformed services that occurs before the employment of a member in a position covered by the retirement system or where a member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services. Service in the uniformed services also includes uniformed service that occurs after employment in a position covered by the retirement system where the member has given advance written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment. Military service may be credited only if discharge was honorable or was not terminated upon the occurrence of any of the events listed in 38 U.S.C. sec. 4304. Service shall be considered as Kentucky teaching service, except that service may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1) unless the service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returned directly from uniformed services to covered employment. A maximum of six (6) years of military service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) No credit shall be granted for military service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

(3) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on this military service, may not receive credit for any military service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and after this date.

(4) (a) A member receiving retirement credit for active duty in the armed services of the United States prior to employment in a position covered by the retirement system or where the member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services shall contribute to the retirement system an amount equal to thirty-five percent (35%) of the actuarial cost for each year of service for which the member is receiving credit. Two percent (2%) of the thirty-five percent (35%) required payment shall be allocated to the medical insurance fund. These contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services, the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting this service.

(b) If military service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment, the member shall contribute the regular member contribution required by KRS 161.540. The member may make the payment of delayed contributions in a lump sum payment or in installments not to exceed five (5) years beginning with the member's date of reemployment. Interest at the rate of eight percent (8%) per annum shall be charged for delayed contributions beginning with the member's date of reemployment until paid.

(5) An active contributing member of the Teachers' Retirement System may receive service credit for service in the military reserves of the United States or the National Guard. The member may purchase one (1) month of service for each six (6) month of service in the reserves or the National Guard. The member shall pay the full actuarial cost of the service in the military reserves or the National Guard. Service in the military reserves or the National Guard shall be treated as service earned prior to participation in the system and shall not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). The payment shall not be picked up by the employer, as described in KRS 161.540(2).

Section 28. KRS 61.637 is amended to read as follows:

(1) A retired member who is receiving monthly retirement payments under any of the provisions of KRS 61.515 to 61.705 and KRS 78.520 to 78.852 and who is reemployed in any position except as an independent contractor by a participating agency shall have his retirement payments suspended for the duration of reemployment. Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.

(2) Employer and employee contributions shall be made as provided in KRS 61.515 to 61.705 and KRS 78.520 to 78.852 on the compensation paid during reemployment except where monthly payments were not suspended as provided in

subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar ($1), and the member shall be credited with additional service credit.

(3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

(4) (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the federal Social Security Act in compensation from participating agencies during any calendar year of reemployment;

(b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment;

(c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

1. The retired member's final compensation shall be recomputed using creditable compensation for his period of reemployment; however, the final compensation resulting from the recalculation shall not be less than that of the member when his retirement allowance was last determined;

2. If the retired member initially retired on or subsequent to his normal retirement date, his retirement allowance shall be recomputed by using the formula in KRS 61.595(1);

3. If the retired member initially retired prior to his normal retirement date, his retirement allowance shall be recomputed using the formula in KRS 61.595(2), except that the member's age used in computing benefits shall be his age at the time of his initial retirement increased by the number of months of service credit earned for service performed during reemployment;

4. The retirement allowance payments resulting from the recomputation under this subsection shall be payable in the month following the termination of reemployment in lieu of payments under subparagraph 3. The member shall not receive less in benefits as a result of the recomputation than he was receiving prior to reemployment or would receive as determined under KRS 61.691. If the member had selected the retirement allowance payable for ten (10) years certain under KRS 16.576(4) upon his initial retirement and is reemployed within the same system from which he retired in a nonhazardous position, upon termination the member shall receive a retirement allowance from his nonhazardous service payable for the number of months remaining under his hazardous benefit;

5. Any retired member who was reemployed prior to March 26, 1974, shall begin making contributions to the system in accordance with the provisions of this section on the first day of the month following March 26, 1974.

(5) A retired member, or his estate, shall pay to the retirement fund the total amount of payments which are not suspended in accordance with subsection (1) of this section if the member received more than the maximum permissible earnings as provided by the federal Social Security Act in compensation from participating agencies during any calendar year of reemployment, except the retired member or his estate may repay the lesser of the total amount of payments which were not suspended or fifty cents ($0.50) of each dollar earned over the maximum permissible earnings during reemployment if under age sixty-five (65), or one dollar ($1) for every three dollars ($3) earned if over age sixty-five (65).

(6) (a) "Reemployment" or "reinstatement" as used in this section shall not include a retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095; and

(b) A retired member who has been ordered reinstated by the Personnel Board under authority of KRS 18A.095 or by court order or by order of the Human Rights Commission and accepts employment by an agency participating in the Kentucky Employees Retirement System or County Employees Retirement System shall void his retirement by reimbursing the system in the full amount of his retirement allowance payments received.

(7) Effective August 1, 1998, the provisions of subsections (1) to (4) of this section shall no longer apply to a retired member who is reemployed in a position covered by the same retirement system from which the member retired. Reemployed retired members shall be treated as new members upon reemployment. Any retired member whose reemployment date preceded August 1, 1998, who does not elect, within sixty (60) days of notification by the retirement systems, to remain under the provisions of subsections (1) to (4) of this section shall be deemed to have elected to participate under this subsection.

SECTION 13. A NEW SECTION OF KRS CHAPTER 238 IS CREATED TO READ AS FOLLOWS:

All peace officers, on being informed or having reason to believe that charitable gaming not authorized under this chapter is taking place or is about to take place, shall suppress and prevent it. For this purpose, any peace officer may enter any place where any unlicensed charitable gaming is being conducted or about to be conducted and may arrest without a warrant any person who does not submit satisfactory proof that he or she possesses the necessary license required by this chapter.

Section 14. KRS 238.570 is amended to read as follows:

(1) A fee is imposed on charitable gaming in the amount of ***four-tenths***[~~one half~~] of one percent ***(0.4%)***[~~(0.5%)~~] of gross receipts derived from all charitable gaming conducted by charitable organizations required to be licensed in the Commonwealth of Kentucky. Each licensed charitable organization shall remit to the division all moneys due on a quarterly basis.

(2) The charitable gaming regulatory account is hereby created as a revolving account within the agency revenue fund and under the control of the Justice Cabinet. All revenues generated from the fee levied in subsection (1) of this section from license fees and from administrative fines imposed by the division shall be deposited in this account. Moneys in this account shall be expended by the division only in the administration and enforcement of provisions of this chapter. No later than July of each odd-numbered year, the division shall assess the amount of funds raised by all fees levied in this chapter and shall make recommendations to the Legislative Research Commission concerning legislative amendments to adjust fee rates as indicated by the assessment.

(3) If the provision of subsection (1) of this section that imposes a fee of ***four-tenths***[~~one half~~] of one percent ***(0.4%)***[~~(0.5%)~~] of all gross receipts derived from all charitable gaming conducted by licensed charitable organizations is declared unconstitutional in a final decision of the highest appellate court of the Commonwealth of Kentucky, for the privilege of conducting charitable gaming in the Commonwealth of Kentucky, there is hereby levied upon the use, sale, rental, lease,

or distribution by sale or by gift of charitable gaming supplies and equipment a fee of ten percent (10%) of the value of all supplies and equipment used, sold, rented, leased, or otherwise distributed by a licensed distributor to any licensed charitable organization in the Commonwealth of Kentucky.

(a) Every distributor of charitable gaming supplies and equipment shall pay and report the fee levied pursuant to this subsection on or before the twentieth day of the calendar month next succeeding the month in which possession of the charitable gaming supplies and equipment is transferred from the distributor to the licensed charitable organization, in accordance with administrative regulations promulgated by the division.

(b) The division may require a bond from distributors in accordance with the administrative regulations promulgated by the division.

(4) If the alternative license fee schedule as provided in subsection (3) of this section is activated due to a final decision of the highest appellate court in the Commonwealth of Kentucky as provided in subsection (3) of this section, the distributor's license fee as provided in KRS 238.530(1) shall become inapplicable.

Section 15. Whereas the conduct of certain types of charity fundraising events at unlicensed facilities has created regulatory and law enforcement problems which need to be addressed in an expedient manner, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming law.

"Section 2. KRS 139.470 is amended to read as follows:

There are excluded from the computation of the amount of taxes imposed by this chapter:

(1) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property the gross receipts from the sale of which, or the storage, use, or other consumption of which, this state is prohibited from taxing under the Constitution or laws of the United States, or under the Constitution of this state;

(b) Returnable containers when sold with the contents in connection with a retail sale of the contents or when resold for refilling;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

(3) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property used for the performance of a lump-sum, fixed-fee contract of public works executed prior to February 5, 1960;

(4) Gross receipts from occasional sales of tangible personal property and the storage, use, or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale;

(5) Gross receipts from sales of tangible personal property to a common carrier, shipped by the seller via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to twenty-five cents ($0.25) or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the cabinet. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities, or special districts as defined in KRS 65.005. This exemption shall apply only to purchases of property or services for use solely in the government function. A purchaser not qualifying as a governmental agency or unit shall not be entitled to the exemption even though the purchaser may be the recipient of public funds or grants;

3. Classified as "residential" by the governing body of a municipally-owned electric distributor which does not purchase its power from the Tennessee Valley Authority, if the "residential" classification is reasonably consistent with the definitions of "residential" contained in tariff filings accepted and approved by the Public Service Commission with respect to utilities which are subject to Public Service Commission regulation.

If the service is classified as residential, use other than for "residential" purposes by the customer shall not negate the exemption;

(c) The exemption shall not apply if charges for sewer service, water, and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and

(d) The exemption shall apply also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years;

(9) Any rate increase for school taxes and any other charges or surcharges added to the total amount of a residential telephone bill;

(10) Gross receipts from sales to an out-of-state agency, organization, or institution exempt from sales and use tax in its state of residence when that agency, organization, or institution gives proof of its tax-exempt status to the seller and the seller maintains a file of the proof;

(11) Gross receipts derived from the sale of, and the storage, use, or other consumption in this state of, tangible personal property to be used in the manufacturing or industrial processing of tangible personal property which will be for sale are not subject to the sales or use tax. For purposes of this subsection, a manufacturer or industrial processor includes an individual or business entity that performs only part of the manufacturing or industrial processing activity and the person or business entity need not take title to tangible personal property that is incorporated into, or becomes the product of, the activity.

(a) Industrial processing includes refining, extraction of petroleum and natural gas, mining, quarrying, fabricating, and industrial assembling.     b. Supplies. This category includes supplies such as lubricating and compounding oils, grease, machine waste, abrasives, chemicals, solvents, fluxes, anodes, filtering materials, fire brick, catalysts, dyes, refrigerants, explosives, etc. The supplies indicated above need not come in direct contact with a manufactured product to be exempt. A single manufacturing cycle shall be considered to be the period elapsing from the time the raw materials enter into the manufacturing process until the finished product emerges at the end of the manufacturing process.

(b) It shall be noted that in none of the three (3) categories is any exemption provided for repair, replacement, or spare parts. Repair, replacement, or spare parts shall not be considered to be materials, supplies, or industrial tools directly used in manufacturing or industrial processing. (1) Beginning ***the effective date of this Act***~~[July 1, 1982]~~, an eligible local unit of government shall be entitled to receive annually a supplement of two thousand ***seven***~~[five]~~ hundred ***fifty*** dollars ***($2,750)***~~[($2,500)]~~ for each qualified police officer it employs***, and beginning on July 1, 1999, an annual supplement of three thousand dollars ($3,000) for each qualified police officer it employs***, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan to which the officer belongs, but no more than the required employer's contribution to the County Employees Retirement System hazardous duty category. In the case of County Employees Retirement System membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage. The local unit of government shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. Should the foundation program funds be insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.

(2) Each qualified police officer, whose local government receives a supplement pursuant to subsection (1) of this section, shall be paid by the local government the supplement which his qualifications brought to the local government. The supplement paid each police officer shall be in addition to his regular salary.

(3) (a) Each qualified sheriff who receives the maximum salary allowed by Section 246 of the Constitution of Kentucky and KRS 64.527 shall not receive the supplement.

(c) Each qualified sheriff who seeks to participate in the fund shall forward a copy of the final settlement prepared pursuant to KRS 134.310 to the fund. The fund shall be reimbursed by the sheriff if an audit of the final settlement conducted pursuant to KRS 134.310 reflects that the sheriff received all or a portion of the supplement in violation of this section. A sheriff who fails to provide a copy of the final settlement to the fund or to reimburse the fund after correction by audit, if required, shall not be qualified to participate in the fund for a period of two (2) years.

(d) Each qualified deputy sheriff shall receive the supplement from the sheriff if the sheriff administers his own budget or from the county treasurer if the sheriff pools his fees. Section 4. KRS 95A.250 is amended to read as follows:

(1) Beginning July 1, 1982, an eligible local government shall be entitled to receive annually a supplement of two thousand ***seven***~~[five]~~ hundred ***fifty*** dollars ***($2,750)***~~[($2,500)]~~ for each qualified professional firefighter it employs, ***and beginning on July 1, 1999, an annual supplement of three thousand dollars ($3,000) for each qualified professional firefighter it employs,*** plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan, or to a plan qualified under Section 401(a) or Section 457 of the Internal Revenue Code of 1954 as amended, provided that the employer's contribution on the supplement to any of these plans shall not exceed that amount which is required of employers under the County Employees Retirement System pursuant to KRS Chapter 78, to which the officer belongs, but no more than the required employer's contribution to the County Employees Retirement System

hazardous duty category. In the case of County Employees Retirement System membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage. The local unit of government shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. Should the foundation program funds be insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.

(2) Each qualified professional firefighter, whose local government receives a supplement pursuant to subsection (1) of this section, shall be paid by that local government the supplement which his qualifications brought to the local government. The supplement paid each qualified firefighter shall be in addition to his regular salary.

Section 5. KRS 95A.262 is amended to read as follows:

(1) The Commission on Fire Protection Personnel Standards and Education shall, in cooperation with the Cabinet for Human Resources, develop and implement a continuing program to inoculate every paid and volunteer firefighter in Kentucky against hepatitis B. The program shall be funded from revenues allocated to the Firefighters Foundation Program fund pursuant to KRS 136.392 and 42.190. Any fire department which has inoculated its personnel during the period of July 1, 1991 to July 14, 1992, shall be reimbursed from these revenues for its costs incurred up to the amount allowed by the Cabinet for Human Resources for hepatitis B inoculations.

(2) Except as provided in subsection (3) of this section and KRS 61.316, the Commission on Fire Protection Personnel Standards and Education shall allot on an annual basis a share of the funds accruing to and appropriated for volunteer fire department aid to volunteer fire departments in cities of all classes, fire protection districts organized pursuant to KRS Chapter 75, county districts established under authority of KRS 67.083, and volunteer fire departments created as nonprofit corporations pursuant to KRS Chapter 273. The commission shall allot ***six***[~~five~~] thousand ***five hundred*** dollars ***($6,500)***[~~($5,000)~~] annually to each qualifying department***, and beginning on July 1 of 1999, the commission shall allot seven thousand five hundred dollars ($7,500) annually to each qualifying department***. Any qualifying department which fails to participate satisfactorily in the Kentucky fire incident reporting system as described in KRS 304.13-380 shall forfeit annually five hundred dollars ($500) of its allotment. The commission shall recommend to the commissioner of the Department of Housing, Buildings and Construction the promulgation of administrative regulations in accordance with the provisions of KRS Chapter 13A to define satisfactory participation in the Kentucky fire incident reporting system. Administrative regulations for determining qualifications shall be based on the number of both paid firefighters and volunteer firemen within a volunteer fire department, the amount of equipment, housing facilities available, and such other matters or standards as will best effect the purposes of the volunteer fire department aid law. A qualifying department shall include at least twelve (12) firefighters, a chief, and at least one (1) operational fire apparatus or one (1) on order. Fifty percent (50%) of the firefighters shall have completed at least one half (1/2) of one hundred fifty (150) training hours toward certification within the first six (6) months of the first year of the department's application for certification, and there shall be a plan to complete the one hundred fifty (150) training hours within the second year. These personnel, equipment, and training requirements shall not be made more stringent by the promulgation of administrative regulations. No allotment shall exceed the total value of the funds, equipment, lands, and buildings made available to the local fire units from any source whatever for the year in which the allotment is made. A portion of the funds provided for above may be used to purchase group or blanket health insurance and shall be used to ***purchase*** workers' compensation insurance, and the remaining funds shall be distributed as set forth in this section.

(3) There shall be allotted two hundred thousand dollars ($200,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund that shall be allocated each fiscal year of the biennium to the firefighters training center fund, which is hereby created and established, for the purposes of constructing new or upgrading existing training centers for firefighters. If any moneys in the training center fund remain uncommitted, unobligated, or unexpended at the close of the first fiscal year of the biennium, then such moneys shall be carried forward to the second fiscal year of the biennium, and shall be reallocated to and for the use of the training center fund, in addition to the second fiscal year's allocation of two hundred thousand dollars ($200,000). Prior to funding any project pursuant to this subsection, a proposed project shall be approved by the Commission on Fire Protection Personnel Standards and Education as provided in subsection (4) of this section and shall comply with state laws applicable to capital construction projects.

(4) Applications for funding low-interest loans and firefighters training centers shall be submitted to the Commission on Fire Protection Personnel Standards and Education for their recommendation, approval, disapproval, or modification. The commission shall review applications periodically, and shall, subject to funds available, recommend which applications shall be funded and at what levels, together with any terms and conditions the commission deems necessary.

(5) Any department or entity eligible for and receiving funding pursuant to this section shall have a minimum of fifty percent (50%) of its personnel certified as recognized by the Commission on Fire Protection Personnel Standards and Education.

(6) Upon the written request of any department, the Commission on Fire Protection Personnel Standards and Education shall make available a certified training program in a county of which such department is located.

HB 96, AN ACT relating to judicial retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21.370 is amended to read as follows:

(1) Except as provided in subsection (2) of KRS 21.410 and in subsection (2) of KRS 21.420, no benefits shall be payable under KRS 21.350 to 21.480 to any member or to his surviving spouse, unless he has completed at least eight (8) years of service, including service before becoming a member. No surviving spouse of a retired member shall be entitled to any benefits unless the person was the spouse of the member at the time he retired.

(2) A member who has qualified for benefits pursuant to this section may transfer to the Judicial Retirement Plan up to ten (10) years of service credit which he has earned in a retirement system administered by Kentucky Retirement Systems, and he may transfer to the Judicial Retirement Plan up to ten (10) years of service credit which he has earned in the Kentucky Legislators' Retirement Plan. If the member elects to transfer his service credit, the system or plan from which the transfer is made shall transfer to the judicial retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the system or plan from which the transfer is made in effect at the time the contributions were made, compounded annually at that same interest rate. The member shall be entitled to the transferred service credit, at the rate at which he qualifies pursuant to KRS 21.400, when he pays the total difference between the amount of the funds transferred and the cost of the credit to the Judicial Retirement Plan, as determined by the actuary for the Judicial Retirement Plan. The member may pay by lump sum or by increments as set forth in KRS 6.515(2)(b), but an installment contract shall not extend for more than sixty (60) months. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 21.360(6).

(3) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan pursuant to subsection (1) of this section or KRS 21.375, shall receive service credit for a maximum of four (4) years for his period of service as a city police judge for a city within the Commonwealth of Kentucky, if the service was performed prior to the first Monday in January, 1978, and if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records of the city for which the service was performed. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the member in question pursuant to KRS 21.400. Service credit awarded pursuant to this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 21.360(6).

(4) (a) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan pursuant to subsection (1) of this section or KRS 21.375, or his beneficiary acting in his place if the member dies prior to retirement, shall receive service credit for a maximum of four (4) years for his period of service ***as an employee of the federal government, or for his period of service*** in the Armed Forces of the United States, if his discharge therefrom is honorable and ***if the former federal employee or member of the Armed Forces***[~~the~~] has not been credited with the service by any other retirement system administered by the Commonwealth of Kentucky, by paying the retirement system thirty-five percent (35%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the member in question pursuant to KRS 21.400. Service credit awarded pursuant to this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan.

(b) The beneficiary may purchase military service credit only at one (1) time by lump-sum payment for the amount of service he wishes to purchase, and the payment shall be made within thirty (30) days of the death of the active member. The member may purchase all of his ***federal government or*** military service credit at one (1) time, or in increments of no less than one (1) year, unless there is a fraction remaining after all full years have been paid for. Payment of the total or the increment may be made by lump sum or by monthly installments through payroll deduction. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump-sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. If the member leaves office before completing his installment payments, he may satisfy his contract by a lump-sum payment of the remaining principal amount, but no further installment payments shall be accepted thereafter. In this case, the member shall be credited with the ***federal government or*** military service credit for which he has paid, in years or months but no fraction less than a full month, and any payment remaining after credit for full months has been awarded shall be returned to the member.

(c) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 21.360(6).

(d) ***No former federal employee shall be eligible to purchase credit under this section if he is receiving a federal pension or if he is eligible for a federal pension in the future.*** No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the Armed Forces, or is a disability pension which does not exceed five hundred dollars ($500) monthly.

If the balance does not exceed fifteen hundred dollars ($1,500) for any year of the biennial report, the guardian, conservator, or limited conservator shall not be required to render to the court a detailed accounting of the expenditures from the fund, unless the court, on its own motion or that of any interested party or individual, deems it necessary to order the guardian, conservator, or limited conservator to provide a detailed biennial accounting, including the listing of all expenditures for that reporting period. For guardians filing an informal biennial financial report, the provisions of subsection (2)(a)2. of this section shall not apply~~].

(3) The petition may be deposited with the circuit clerk of the county in which the party resides, or with any person, firm, bank, or trust company selected by the petitioner.

(4) The petition may be revoked by the petitioner at any time before appointment of a guardian or conservator by the court, if the petitioner is of sound mind. Revocation shall be accomplished by the destruction of the petition by the petitioner, or by the execution of an acknowledged instrument of revocation. If the petition has been deposited with the clerk, the revocation may be deposited there.

(5) At any time after the deposit of the petition with the clerk, and before its revocation, it may be brought on for hearing by the filing of a verified statement to the effect that the occurrence of the event or the condition provided for in the petition has come to pass. If the petition has not been deposited with the clerk under the provisions of subsection (3) of this section, it may be brought on for hearing at any time by the filing of it and the verified statement with the circuit clerk of the county in which the person who executed the petition then resides.

(9) A court shall hear a petition on behalf of a disabled or partially disabled person no more often than once every six (6) months, unless good cause is shown.

Section 6. KRS 387.700 is amended to read as follows:

(1) A conservator has all of the powers conferred herein and any additional powers conferred by law on trustees in this state. The conservator may take possession of the ward's real and personal property, and of all rents, incomes, and benefits therefrom, whether accruing before or after his appointment, and of the proceeds arising from the sale, mortgage, lease or exchange thereof. Subject to such possession the title of all such estate and to the increment and proceeds thereof shall be to the ward and not to the conservator. It is the duty of the conservator to protect and preserve the estate, to retain, sell and invest it as hereinafter provided, prosecute or defend actions, claims or proceedings in any jurisdiction for the protection of the estate's assets, to account for it faithfully, to perform all other duties required of him by law, and, at the termination of the conservatorship, to deliver the assets of the ward to the persons lawfully entitled thereto.

(2) The conservator shall apply the money and property for the payments of debts, taxes, claims, charges and expenses of the conservatorship and for the support, care, maintenance and education of the ward or his ***family, if not in conflict with an***

order of the court or the ward's needs[~~dependents~~].

(3) Any sale of realty of a ward shall be as provided in KRS Chapter 389A.

(4) Any lease of mineral rights, oil and gas rights, or sale of timber owned by a ward, or consolidation agreement, as defined by KRS 353.220, to be made on behalf of a ward by a conservator or guardian shall require the authorization and order of the District Court of the county where the conservator or guardian has qualified. Such order may be given only pursuant to written motion which contains the grounds for the motion and a description of the lease or agreement involved.

Section 7. KRS 387.710 is amended to read as follows:

(1) Within sixty (60) days of appointment, the limited conservator or conservator shall file with the court a verified inventory of all the property of the ward which has come to his possession or knowledge, including a statement of all encumbrances, liens, and other secured claims on any item, any claims against the estate of the ward, and any cause of action accruing to the ward. The limited conservator or conservator shall provide a copy thereof to the ward if he has sufficient mental capacity to understand it.

(2) (a) A limited conservator or conservator shall file with the court a verified report and financial account biennially within one hundred twenty (120) days after the anniversary date of his appointment. The report shall contain:

1. The present personal status of the ward whose estate is managed by the conservator;

3. The need for continuation or cessation of the conservatorship; and
4. The need for any alteration in the powers of the conservatorship.

(b) The biennial report shall specify the amount and type of real and personal property received by the conservator and remaining in his control or invested by him, the nature of such investment, and expenditures made during the preceding year. Upon request of the court, the conservator shall produce for examination any information or documentation which the court may consider relevant to the accounting of the financial and property transactions of the estate.

(c) ***The court may waive a formal accounting if the ward's monthly income is under seven hundred dollars ($700), or the ward is Medicaid-eligible***[~~If the ward has no real property and possesses personal property of fifteen hundred dollars ($1,500) or less for any year during the biennial report, the guardian, conservator, or limited conservator may file an informal biennial financial report attesting to the identity of the ward's financial account and its current balance. If the balance does not exceed fifteen hundred dollars ($1,500) for any year of the biennial report, the guardian, conservator, or limited conservator shall not be required to render to the court a detailed accounting of the expenditures from the fund, unless the court, on its own motion or that of any interested party or individual, deems it necessary to order the guardian, conservator, or limited conservator to provide a detailed biennial accounting, including the listing of all expenditures for that reporting period. For guardians filing an informal biennial financial report, the provisions of subsection (2)(a)2. of this section shall not apply~~].

(3) Upon the resignation, removal, or death of a limited conservator or conservator, or on the termination of the conservatorship, the limited conservator or conservator, or his personal representative, shall forthwith submit a final report and account to the court and to the former ward and to the successor limited conservator or conservator, or, if the ward is deceased, to his personal representative, and shall pay over the trust estate to the person entitled thereto. Upon approval of the report and account, the limited conservator or conservator shall be discharged and his surety, if any, released.

Section 8. KRS 387.330 is amended to read as follows:

(1) Any person of full age and sound mind may execute a verified petition for the voluntary appointment of a guardian or a conservator of that person's property upon the express condition that the petition shall be acted upon by the court only upon the occurrence of an event specified or the existence of a described condition of the mental or physical health of the petitioner, the occurrence of which event, or the existence of which condition, shall be established in the manner directed in the petition. The petition, when filed, shall be accompanied by an affidavit from a licensed physician indicating that the person who signed the petition is now disabled as defined in KRS 387.510. The petition shall advise the proposed ward of a guardian's powers as provided in KRS 387.065 and conservator's powers as provided in KRS 387.137.

(2) The petition may nominate a person for appointment to serve as guardian or conservator, and may request that the appointment be made without bond, or with bond of a certain stated sum. The court in appointing the guardian or conservator shall appoint the individual nominated unless the court finds that person unfit or incompetent and shall give due regard to the other requests and recommendations contained in the petition.

(3) The petition may be deposited with the circuit clerk of the county in which the party resides, or with any person, firm, bank, or trust company selected by the petitioner.

(4) The petition may be revoked by the petitioner at any time before appointment of a guardian or conservator by the court, if the petitioner is of sound mind. Revocation shall be accomplished by the destruction of the petition by the petitioner, or

by the execution of an acknowledged instrument of revocation. If the petition has been deposited with the clerk, the revocation may be deposited there.

(5) At any time after the deposit of the petition with the clerk, and before its revocation, it may be brought on for hearing by the filing of a verified statement to the effect that the occurrence of the event or the condition provided for in the petition has come to pass. If the petition has not been deposited with the clerk under the provisions of subsection (3) of this section, it may be brought on for hearing at any time by the filing of it and the verified statement with the circuit clerk of the county in which the person who executed the petition then resides.

(6) At the time the petition is filed, the court, without any notice, may appoint the guardian or conservator nominated in the petition or may set the petition for hearing on notice the court may prescribe.

(7) The powers and duties of a guardian or conservator shall be the same as those of a guardian or conservator appointed in response to any of the other petitions authorized in this chapter.

(8) At the time the petition for disability determination is filed, the court shall proceed with the determination by jury trial or emergency hearing.

HB 818, AN ACT relating to judicial retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 21.400 is amended to read as follows:

(1) A member who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to two and seventy-five hundredths percent (2.75%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation, except that for any service performed while a member prior to July 1, 1978, any service prior to July 1, 1962, creditable under KRS 21.345, and any service performed in continued membership (or allowable under KRS 21.410 or 21.420) after June 30, 1978, by a person who was a member on that date, the monthly percentage figure shall be five percent (5%) of his final compensation multiplied by the number of years of his service, and except that for any service performed by a member who elected membership at an annual accrual rate of four and fifteen one hundredths percent (4.15%) and for any service performed in continued membership thereafter (or allowable under KRS 21.410 to 21.420), the benefit, payable monthly during his lifetime shall be an amount equal to four and fifteen one-hundredths percent (4.15%) of his final compensation multiplied by the number of years of his service, and except that allowances heretofore granted, and rights related thereto, shall not be affected by the 1978 or 1980 amendments to this section. For this purpose, "final compensation" means the average monthly compensation of the member for the sixty (60) months of service immediately preceding his retirement, including, in the case of a Circuit Judge, compensation received as special commissioner of the former Court of Appeals. If, at the time of retirement or death of a member his total period of service in one or more positions covered by the system has not amounted to sixty (60) months, his "final compensation" shall be computed as if he had served in the first position he occupied under the system for such period of time as to bring his total service (in all positions) to sixty (60) months. If that category of position was not in existence for that period, it shall be treated as though it had been in existence for that period and as if the compensation paid for the presumed period of existence was at the rate provided for the category when it in fact first was created.

(2) ***A member who retires at a time when combining his total years of service credit and his age equal or exceed the number seventy (70), may elect, within thirty (30) days following retirement, to participate in a Senior Status Program for Special Judges provided that he complies with the provisions of subsection (3) of this section. In that event, the member shall be entitled to a service retirement allowance, commencing at the member's normal retirement age, payable monthly during his lifetime in an amount equal to five percent (5%) of his final compensation multiplied by the number of years of his judicial service, plus two and seventy-five hundredths percent (2.75%) of his final compensation multiplied by the number of years of his nonjudicial service credited to his account under KRS 21.370.***

(3) If the retiring member elects to retire under the Senior Status Program for Special Judges under subsection (2) of this section, he shall commit to serve, upon appointment by the Chief Justice, as special judge for a maximum of ninety (90) days per year for a term of five (5) years without compensation other than retirement benefits provided under subsection (2) of this section.

(4) A member who retires before his normal retirement date shall be vested with the right to receive, when he reaches his normal retirement age, a service retirement allowance computed and payable in accordance with the provisions of subsection (1) ***or (2)*** of this section, on the basis of the number of years of his actual service.

(5)[~~(3)~~] In lieu of the right provided for in subsection ***(4)***[~~(2)~~] of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection ***(4)***[~~(2)~~] of this section when he reached his normal retirement age, reduced at the rate of five percent (5%) for each year by which his actual age at the time the election is made is lower than the normal retirement age.

(6)[~~(4)~~] A member who retires before his normal retirement date when his benefit is based on twenty-seven (27) years or more of service in the Judicial Retirement Plan, or if his judicial service credit, when combined with service he has in, or for which he is receiving benefits from, the Legislators' Retirement Plan, the Kentucky Employees Retirement System, County Employees Retirement System, State Police Retirement System, or the Teachers' Retirement System, is equal to twenty-seven (27) years, shall be vested with the right to receive a service retirement allowance computed and payable in accordance with the provisions of subsection (1) of this section on the basis of the number of years of his actual service.

(7)[~~(5)~~] In lieu of the right provided for in subsection ***(4)***[~~(2)~~] of this section, a member who retires before his normal retirement age may elect, at any time before reaching his normal retirement age, to be paid commencing as of the time of the election, a monthly service retirement allowance equal in amount to the monthly allowance that would have become payable under subsection ***(4)***[~~(2)~~] of this section when he reached normal retirement age, reduced at the rate of five percent (5%) for each year by which his years of service or combined service pursuant to subsection ***(6)***[~~(4)~~] of this section are lower than twenty-seven (27).

Section 2. KRS 6.520 is amended to read as follows:

(1) A member of the Legislators' Retirement Plan who retires on or after his normal retirement date shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to three and fifty one-hundredths percent (3.50%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the member for services as a legislator for the sixty (60) months of service immediately preceding retirement, except that in the case of a legislator who retires pursuant to KRS 21.410 or who dies in office, "final compensation" shall be two thousand two hundred ninety-one dollars sixty-six cents ($2,291.66).

(2) A member shall have rights, with respect to retirement before reaching normal retirement date in the Legislators' Retirement Plan, identical in terms with those rights provided in KRS 21.400***(4)***[~~(2)~~] and ***(5)***[~~(3)~~] in the Judicial Retirement Plan for members of that plan, except that the reduction in a legislators' service retirement allowance for early retirement shall be at the rate of five percent (5%) of the allowance for each year that retirement precedes the normal retirement date.

(3) Subsections (1) and (2) of this section to the contrary notwithstanding, each legislator in office on July 1, 1982, that is a member of the Legislators' Retirement Plan, who retires on or after his normal retirement date, shall receive a service retirement allowance, payable monthly, on a formula equal to that of a justice or judge of the Court of Justice with an equivalent service entrance date, but in no event less than that specified in subsection (1) of this section, of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of his final compensation. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the sixty (60) months of service immediately preceding retirement.

(4) Subsections (1) and (2) of this section to the contrary notwithstanding, a member of the Legislators' Retirement Plan with a service entrance date after July 1, 1982, who retires on or after his normal retirement date, shall receive a service retirement allowance, payable monthly during his lifetime, in an amount per month equal to two and seventy-five one-hundredths percent (2.75%) of his final compensation multiplied by the number of years of his service, but in no event to exceed one hundred percent (100%) of final compensation. For this purpose, "final compensation" means the average monthly creditable compensation as determined in KRS 61.510(13) of the member for services as a legislator for the sixty (60) months of service immediately preceding retirement.

Section 3. KRS 21.410 is amended to read as follows:

(1) If upon examination of a member under his normal retirement age by one (1) or more qualified physicians employed by the retirement board, it is certified to the satisfaction of the board that such member is so physically or mentally disabled as to be incapacitated for further performance of duty, and that such incapacity is likely to be permanent, the member may retire for disability. A member who so retires shall be entitled to receive commencing immediately a disability retirement allowance, payable monthly during his disability, in an amount equal to one-half (1/2) of the monthly service retirement allowance he would have received commencing at his normal retirement date if he had continued in service until that date and had then retired, computed however on the basis of his final compensation at time of actual retirement.

(2) A member need not have completed eight (8) years of service in order to be eligible for benefits under subsection (1) of this section.

(3) The retirement board shall cause a member who has been retired for disability and who is still under his normal retirement age to undergo periodic examination by one (1) or more qualified physicians employed by the board, to determine whether he continues to be incapacitated for service of the character required of a judge or commissioner. If upon any such examination it is certified to the satisfaction of the board that the member is no longer so incapacitated, or

if the member refuses to submit to examination, the board shall terminate his disability retirement allowance. He shall then be entitled to such rights, if any, under subsection ***(4)***[~~(2)~~] or ***(5)***[~~(3)~~] of KRS 21.400 as he would have been entitled to had he voluntarily retired on the date he was retired for disability.

(4) Upon reaching his normal retirement age, a member who has been receiving a disability retirement allowance may apply for and receive, in lieu thereof, the service retirement allowance he would have been entitled to receive at normal retirement age had he voluntarily retired on the date he was retired for disability.

Section 4. KRS 21.420 is amended to read as follows:

(1) After the death of a member who at the time of his death was receiving a service retirement allowance (other than an actuarially reduced allowance under subsection ***(5)***[~~(3)~~] of KRS 21.400), or was receiving a disability retirement allowance, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of that he was receiving.

(2) (a) If a member dies before retirement and before reaching normal retirement age, without regard to length of service, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have received commencing at his normal retirement date if he had continued in service until that date and had then retired, computed however on the basis of his final compensation at time of death.

(b) If a member dies before retirement and after reaching normal retirement age, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have been entitled to, on the basis of his years of service, had he retired on the date of his death.

(3) If a member dies after retirement and was at the time of his death receiving an actuarially reduced allowance under subsection ***(5)***[~~(3)~~] of KRS 21.400, or was not at the time of his death receiving a retirement allowance but had acquired the vested right under subsection ***(4)***[~~(2)~~] of KRS 21.400 to have received an allowance upon reaching normal retirement age, his surviving spouse is entitled to receive during his lifetime a monthly allowance equal to one-half (1/2) of the monthly allowance the member would have received when he reached normal retirement age.

(4) A member, or a retiree who has not commenced drawing retirement benefits pursuant to KRS 21.400, who dies without a spouse or eligible children entitled to survivor's benefits, may designate a beneficiary who shall receive the accumulated contributions of the member. Absent a designation by the member or retiree, the accumulated contributions shall be paid to the member's estate.

(5) A member who commences drawing retirement benefits pursuant to KRS 21.400 or 21.410, who dies without a spouse or eligible children entitled to survivor's benefits and before the benefits received by the member equal the personal contributions of the member, may designate a beneficiary who shall receive the balance of the accumulated contributions of the member. Any offset of contributions by reason of benefits received shall be deducted from the contributions first made to the system. Absent a designation by the member, the accumulated contributions shall be paid to the member's estate.

(6) A member may designate a beneficiary who shall receive the balance of the accumulated contributions of the member, in the event survivor's benefits are being paid pursuant to subsection (1), (2), or (3) of this section, and the survivor dies prior to receiving benefits equal to the member's contributions. In this event, the provisions of subsection (5) of this section shall apply as to offset and payment.

(7) A member may, before retirement, elect in writing to the executive secretary of the Judicial Form Retirement System, to take an optional retirement allowance which shall be actuarially equivalent to the amount of retirement allowance otherwise payable to the member. If the member dies after retirement, the option chosen shall prevail over the provisions of subsections (1) and (3) of this section. If the member dies prior to retirement, the option chosen shall prevail over the provisions of subsection (2) of this section. The options shall include:

(a) Survivorship one hundred percent (100%). The member may elect to receive a decreased retirement allowance during the member's lifetime and have the retirement allowance continued after death to the spouse during the lifetime of the spouse.

(b) Survivorship sixty-six and two-thirds percent (66 2/3%). The member may elect to receive a decreased retirement allowance during the member's lifetime and have two-thirds (2/3) of the retirement allowance continue after death to the spouse during the lifetime of the spouse.
